

by persons to generate, maintain, retain or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are companies that manufacture or import chemical substances, mixtures or categories listed on the TSCA Inventory and regulated under TSCA section 8, who reported to the initial effort to establish the TSCA Inventory in 1979, and who need to make a correction to that submission.

Frequency of Collection: On occasion.

Estimated Total/Average Number of Responses for Each Respondent: 1.

Estimated No. of Respondents: 10.

Estimated Total Annual Burden on Respondents: 20 hours.

Estimated Total Annual Costs: \$1,467.

Changes in Burden Estimates: This request reflects a decrease of 180 hours (from 200 hours to 20 hours) in the total estimated respondent burden from that currently in the OMB inventory. This decrease is due to a downward re-estimation of the anticipated number of annual responses to this information collection, offset in part by an upward estimation of the burden per response. This change is an adjustment.

Dated: January 11, 2005.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[ER-FRL-6659-7]

Public Comment Requested on the Draft Environmental Impact Statement for Proposed Site Designation of the "LA-3" Ocean Dredged Material Disposal Site off Newport Bay, Orange County, CA

AGENCY: U.S. Environmental Protection Agency (EPA) and U.S. Army Corps of Engineers (USACE).

ACTION: Notice of Availability and request for public comment on a draft Environmental Impact Statement (EIS) to designate "LA-3" as a permanent ocean dredged material disposal site (ODMDS) offshore of Newport Bay, California.

The EIS also re-evaluates an annual disposal volume limit for the existing LA-2 ODMDS offshore of the Los Angeles and Long Beach Harbors, and how to minimize cumulative environmental impacts from the two ODMDS in the region. EPA has the authority to designate ODMDS under Section 102 of the Marine Protection, Research and Sanctuaries Act (MPRSA) of 1972 (33 U.S.C. 1401 *et seq.*). It is EPA's policy to prepare NEPA documents for all ODMDS designations (63 FR 58045, October 1998). The USACE, as a cooperating agency for this action, received Congressional appropriations to fund this site designation, and managed contracts for field studies and preparation of the draft EIS. Public comments on this draft EIS evaluation will be accepted for 45 days from the date of this notice.

FOR FURTHER INFORMATION AND/OR TO SUBMIT COMMENTS, CONTACT: Mr. Allan Ota, U.S. Environmental Protection Agency, Region 9, Dredging and Sediment Management Team (WTR-8), 75 Hawthorne Street, San Francisco, California 94105-3901, Telephone: (415) 972-3476 or FAX: (415) 947-3537 or E-mail: R9-LA3-DEIS@epa.gov.

Purpose: EPA requests public comments and intends to conduct public meetings to collect comments on the draft EIS. Copies of this draft EIS may be viewed at the following locations:

1. Lloyd Taber-Marina del Rey Library, 4533 Admiralty Way, Marina del Rey, CA 90292.
2. Long Beach Public Library, 101 Pacific Avenue, Long Beach, CA 90822.
3. Los Angeles Public Library, Central Library, 630 West 5th Street, Los Angeles, CA 90071.
4. Los Angeles Public Library, San Pedro Regional Branch Library, 931 South Gaffey Street, San Pedro, CA 90731.
5. Newport Beach Public Library, Balboa Branch, 100 East Balboa Boulevard, Balboa, CA 92661.
6. Newport Beach Public Library, Central Library, 1000 Avocado Avenue, Newport Beach, CA 92660.
7. Newport Beach Public Library, Corona del Mar Branch, 420 Marigold Avenue, Corona del Mar, CA 92625.
8. Newport Beach Public Library, Mariners Branch, 2005 Dover Drive, Newport Beach, CA 92660.
9. U.S. Environmental Protection Agency (EPA) Library, 75 Hawthorne Street, 13th Floor, San Francisco, CA 94105.
10. U.S. EPA, Southern California Field Office, 600 Wilshire Boulevard, Suite 1460, Los Angeles, CA 90017.
11. U.S. EPA Web site: <http://www.epa.gov/region9/>.
12. U.S. Army Corps of Engineers' Web site: <http://www.spl.usace.army.mil>.

SUMMARY: Dredging is essential for maintaining safe navigation in harbors and marinas in the Los Angeles County and Orange County region. Not all dredged materials are suitable for beneficial re-use (e.g., construction materials, wetlands restoration), and not all suitable materials can be deposited at the existing LA-2 ODMDS given costs and logistical constraints. The LA-3 ODMDS has been used for the disposal of dredged material by some Orange County projects in the past, but its "interim" status has expired. Therefore there is a need to designate LA-3 as a permanent ODMDS. No actual disposal operations are authorized by this action; and disposal can only take place after a Federal permit is secured. Before ocean disposal may take place, dredging projects must demonstrate a need for ocean disposal and the proposed dredged material must be suitable (non-toxic) according to USEPA ocean dumping criteria. Alternatives, including the option for beneficial re-use of dredged material, will be

evaluated for each permit. Both LA-3 and LA-2 will be monitored periodically to ensure that each site operates as expected. This proposed site designation has been prepared pursuant to Section 102 of the Marine Protection, Research and Sanctuaries Act (MPRSA). The evaluation is based on EPA's general and specific criteria. Field studies, modeling of sediment dispersion following dredged material disposal under various scenarios, incompatible use areas, and economic considerations are included in the evaluation.

The preferred alternative location for a permanent LA-3 ODMDS is about 4.5 nautical miles offshore of Newport Bay and in water depths ranging from 1,500 to 1,675 feet. It is 2,400 meters southeast of the "interim" LA-3 site, and was determined to be the environmentally preferred location given its depth and stability. LA-3 will be managed regionally in conjunction with the existing LA-2 ODMDS. The preferred alternative in the draft EIS is to limit disposal of dredged material at the LA-3 ODMDS to a maximum of 2,500,000 cubic yards annually and to increase the maximum annual disposal limit at the LA-2 ODMDS to 1,000,000 cubic yards of dredged material. The draft EIS contains an evaluation of potential impacts associated with the preferred alternative, other combinations of managing LA-3 and LA-2 jointly, and the No-Action alternative.

Comments were received during the scoping comment period and four public scoping meetings were held at Los Angeles and Orange County locations in July 2003. Revisions were made to the draft EIS to address these comments.

Public Meetings: EPA is requesting written comments on this draft EIS from federal, state, and local governments, industry, non-governmental organizations, and the general public. Comments will be accepted for 45 days, beginning with the date of this Notice. Public meetings are scheduled at the following location and date:

—February 9, 2005, 2–4 p.m. and 7–9 p.m., in Orange County at the Upper Newport Bay Peter and Mary Muth Interpretive Center, 2301 University Drive, Newport Beach, California 92660 (corner of University Drive and Irvine Avenue).

Responsible Official: Wayne Natri, Regional Administrator Environmental Protection Agency, Region 9.

Dated: January 12, 2005.

Anne Norton Miller,

Director, Office of Federal Activities.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

January 13, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper
