**SUPPLEMENTARY INFORMATION:**

**I. Additional Information About the Proposed Consent Decree**

The proposed consent decree requires EPA to sign for publication in the **Federal Register** no later than April 15, 2011 a notice of the Agency's final action on ICAPCD Rules 201 and 202 pursuant to section 110(k) of the CAA. Rules 201 and 202 includes permitting requirements and exemptions within the Imperial Valley. The proposed consent decree also requires EPA to sign for publication in the **Federal Register** no later than September 15, 2011 a notice of the Agency's final action on ICAPCD Rule 217 pursuant to section 110(k) of the CAA. Rule 217 includes measures to control particulate matter emissions from large confined animal facilities within the Imperial Valley.

This proposed consent decree would resolve a lawsuit seeking to compel action by the Administrator to take final action under section 110(k) of the Act on ICAPCD Rules 201, 202 and 217 submitted to EPA as revisions to the state implementation plan. The proposed consent decree provides that EPA will sign for publication in the **Federal Register** notice of the Agency's final action pursuant to CAA section 110(k) on Rules 201, 202 and 217 by April 15, 2011 and September 13, 2011 respectively. If EPA fulfills its obligations, Plaintiff has agreed to dismiss this suit with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or

withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

**II. Additional Information About Commenting on the Proposed Consent Decree**

*A. How can I get a copy of the consent decree?*

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2010-0900) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any

of the publicly available docket materials through the EPA Docket Center.

*B. How and to whom do I submit comments?*

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD-ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
