

§ 745.2 of the Export Administration Regulations (15 CFR parts 730 through 774)) or from the Department of State (see the International Traffic in Arms Regulations (22 CFR parts 120 through 130)).

Note 1 to § 713.3(b)(2)—Example: If, during the past calendar year, your plant site exported or imported a mixture containing 3 kilograms of Amiton with a concentration of 12%, the total amount of Amiton exported or imported for CWC purposes is 3 kilograms, which exceeds the declaration threshold of 1 kilogram for that Schedule 2A chemical. Consequently, you must declare 3 kilograms of export or import at that plant site during the past calendar year.

Note 2 to § 713.2(b)(2)—Example: If, during the past calendar year, your plant site exported or imported a mixture containing 3 kilograms of Amiton with a concentration of 8%, the total amount of Amiton exported or imported for CWC purposes would be 0 kilograms and would not trigger a declaration requirement. This outcome is based on the fact that the concentration of Amiton in the mixture is less than 10% and, therefore, would not have to be “counted.”

BILLING CODE 3510–33–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2023–0552]

Safety Zones in Reentry Sites; Jacksonville, Daytona, and Canaveral, Florida

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard is activating three safety zones for the Commercial Resupply Services (CRS–28) mission reentry, vehicle splashdown, and recovery operations. These operations will occur in the U.S. Exclusive Economic Zone (EEZ). Our regulation for safety zones in reentry sites within the Seventh Coast Guard District identifies the regulated areas for this event. No U.S.-flagged vessel may enter the safety zones unless authorized by the Captain of the Port Jacksonville or a designated representative. Foreign-flagged vessels are encouraged to remain outside the safety zones.

DATES: The regulations in 33 CFR 165.T07–0806 will be enforced for the safety zones identified in the **SUPPLEMENTARY INFORMATION** section below for the dates and times specified.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Lieutenant Griffin Terpstra, Sector Jacksonville, Waterways Division, U.S. Coast Guard; telephone 904–714–7616, email *Griffin.D.Terpstra@uscg.mil*.

SUPPLEMENTARY INFORMATION: With this document, the Coast Guard Captain of the Port (COTP) Jacksonville is activating a portion of the safety zone as listed in 33 CFR 165.T07–0806(a)(1), and the safety zones listed in (a)(2) and (a)(3) on June 30, 2023 through July 4, 2023, for the CRS–28 Commercial Crew mission reentry vehicle splashdown, and the associated recovery operations in the U.S. EEZ. These safety zones are located within the COTP Jacksonville Area of Responsibility (AOR) offshore of Jacksonville, Daytona, and Cape Canaveral, Florida. The Coast Guard is activating these safety zones in order to protect vessels and waterway users from the potential hazards created by reentry vehicle splashdowns and recovery operations. In accordance with the general regulations in 33 CFR part 165, subpart C, no U.S.-flagged vessel may enter the safety zones unless authorized by the COTP Jacksonville or a designated representative except as provided in § 165.T07–0806(d)(3). All foreign-flagged vessels are encouraged to remain outside the safety zones.

There are two other safety zones listed in § 165.T07–0806(a)(4) and (a)(5), which are located within the COTP St. Petersburg AOR, in addition to a portion of zone listed in (a)(1) that is located in the COTP Savannah AOR, that are being simultaneously activated through a separate notifications of enforcement of the regulation document issued under Docket Numbers USCG–2023–0551, and USCG–2023–0553.¹

Twenty-four hours prior to the CRS–28 recovery operations, the COTP Jacksonville, the COTP Savannah, the COTP St. Petersburg, or designated representative will inform the public that whether any of the five safety zones described in § 165.T07–0806, paragraph (a), will remain activated (subject to enforcement). If one of the safety zones described in § 165.T07–0806, paragraph (a), remains activated it will be enforced for four hours prior to the CRS–28 splashdown and remain activated until

¹ These notifications of enforcement of the regulation can be found at: <https://regulations.gov> by searching for docket number USCG–2023–0551, and USCG–2023–0553.

announced by Broadcast Notice to Mariners on VHF–FM channel 16, and/or Marine Safety Information Bulletin (as appropriate) that the safety zone is no longer subject to enforcement. After the CRS–28 reentry vehicle splashdown, the COTP or a designated representative will grant general permission to come no closer than 3 nautical miles of any reentry vehicle or space support vessel engaged in the recovery operations, within the activated safety zone described in § 165.T07–0806, paragraph (a). Once the reentry vehicle, and any personnel involved in reentry service, are removed from the water and secured onboard a space support vessel, the COTP or designated representative will issue a Broadcast Notice to Mariners on VHF–FM channel 16 announcing the activated safety zone is no longer subject to enforcement. The recovery operations are expected to last approximately one hour.

The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

Dated: June 29, 2023.

Janet Espino-Young,
Captain, U.S. Coast Guard, Captain of the Port Jacksonville.

33 CFR Part 165

[Docket Number USCG–2023–0544]

RIN 1625–AA00

Safety Zone; Corpus Christi Bay, Corpus Christi, TX

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain navigable waters in the Corpus Christi Bay. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by a fireworks display launched from a barge in the Corpus Christi Bay in Corpus Christi, Texas. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Corpus Christi or a designated representative.

DATES: This rule is effective from 9 p.m. through 10 p.m. on July 4, 2023.
