pharmaceutical therapy and that there are morbidity and mortality consequences. The Administration has developed a proposal for paying for prescriptions for low-income elderly Medicaid recipients. This proposal will allow States to run 1115 demonstration projects specifically for a drug benefit for the elderly.

CMS has recently completed work on an innovative, electronic approach for easing the burden of States in applying for participation in the Pharmacy Plus demonstration initiative. We are seeking approval of the forms that would be used to collect data from applicants under this initiative.

The initiative will greatly reduce the

time period required for States to develop and apply for demonstration authority; in addition the initiative is intended to expedite the review and approval time required by CMS. The initiative specifies the requirements of States to participate in the initiative—if the criteria are met by the State then deliberation by CMS on the application should be minimal. The result will be an expeditious approval, implementation and operation of demonstration programs that will provide prescription coverage to lessen the morbidity and mortality that is occurring. Without approval of these forms on an emergency basis, millions of Seniors will continue to under-utilize pharmaceutical therapy for chronic and acute morbidity. The use of the forms will expedite prescription coverage and utilization of important medicines.

CMS is requesting OMB review and approval of this collection by January 28, 2003, with a 180-day approval period. Written comments and recommendation will be accepted from the public if received by the individuals designated below by January 27, 2003.

Type of Information Collection Request: New collection; Title of Information Collection: Pharmacy Plus Template for Low Income Seniors under Medicaid; Form No.: CMS-10067 (OMB# 0938-XXXX); Use: The template for the Pharmacy Plus program for low income seniors under Medicaid will enable states to apply, via a standard format, to provide a drug benefit to elderly recipients; use of this format will expedite the process of obtaining CMS review and approval of an application; Frequency: Other: 3 years after initial submission for the 1915 (c) waiver; 5 years after initial submission for the 1115 demonstration; *Affected* Public: State Government; Number of Respondents: 51; Total Annual Responses: 25; Total Annual Hours: 115.

We have submitted a copy of this notice to OMB for its review of these information collections. A notice will be published in the **Federal Register** when approval is obtained.
