

in accordance with the requirements specified in 40 CFR 262.34.

(iii) The Autoliv facility and the MRF are operated and managed in accordance with the requirements of 40 CFR Part 265, Subparts B, C, D, E, G, H, I, and O.

(iv) Residues derived from the processing of by-product gas generants in the MRF are managed in accordance with the requirements specified in 40 CFR Parts 262 and 268.

(v) The following testing of the MRF's stack gas emissions is conducted:

(A) An initial test shall be conducted within 30 operating days of starting feed of by-product gas generants to the MRF. EPA may extend this deadline, at the request of Autoliv, when good cause is shown. The initial test shall consist of three duplicate runs sampling for:

(1) Particulate matter using Method 5 as specified in 40 CFR Part 60, Appendix A.

(2) The metals Aluminum, Arsenic, Barium, Beryllium, Boron, Cadmium, Chromium, Cobalt, Copper, Lead, and Nickel using Method 29 as specified in 40 CFR Part 60, Appendix A

(3) Polychlorinated di-benzo dioxins and furans using Method 23 0023A as specified in 40 CFR Part 60, Appendix A.

(4) Carbon monoxide using Method 10 as specified in 40 CFR Part 60, Appendix A.

(B) After the initial test is completed, an annual stack test (12 months from the previous initial stack test) of the MRF shall be conducted. The annual tests shall consist of three duplicate runs using Method 29 and Method 5 as specified in 40 CFR Part 60, Appendix A.

(C) Testing shall be conducted while by-product gas generants are fed to the MRF at no less than 90% of the planned maximum feed rate, and with the MRF operating parameters within normal ranges.

(D) Initial stack testing results and additional project performance data and information, including the quantity of by-product gas generants processed and the operating parameter values during the test runs, will be submitted by Autoliv to the State of Utah and EPA within 60 days of the completion of the initial stack test.

(E) Annual stack test results and additional project performance data and information, including the quantity of by-product gas generants processed and the operating parameter values during the test runs, will be submitted by Autoliv to EPA and the State of Utah within 60 days of the completion of the annual test.

(vi) Combustion gas discharged to the atmosphere from the MRF meets the following limits:

(A) Dioxin emissions do not exceed 0.4 ng per dry standard cubic meter on a toxicity equivalent quotient (TEQ) basis corrected to 7% Oxygen.

(B) Combined lead and cadmium emissions do not exceed 240 ug per dry standard cubic meter corrected to 7% Oxygen.

(C) Combined arsenic, beryllium, and chromium emissions do not exceed 97 ug per dry standard cubic meter corrected to 7% Oxygen.

(D) Particulate matter emissions do not exceed 34 mg per dry standard cubic meter corrected to 7% Oxygen.

(E) If the limits specified in paragraphs (b)(18)(vi)(A) through (D) of this section are exceeded, Autoliv shall discontinue feeding gas generants to the MRF until such time as Autoliv can demonstrate to EPA and the state of Utah satisfaction that the MRF combustion gas emissions can meet the limits specified in paragraphs (b)(18)(vi)(A) through (D) of this section

(vii) No by-product gas generants or other pyrotechnic wastes generated off-site will be received at the Autoliv facility in Promontory, Utah or processed in the MRF unless otherwise allowed by law (permit or regulation).

(viii) Autoliv will provide EPA and the state of Utah with semi-annual reports (by January 30 and July 30 of each year).

(A) The semi-annual reports will document the amounts of by-product gas generants processed during the reporting period.

(B) The semi-annual reports will provide a summary of the MRF Operating Record during the reporting period, including information on by-product gas generant composition, average feed rates, upset conditions, and spills or releases.

(ix) No significant changes are made to the operating parameter production values of Autoliv's production of air bag gas generants such that any of the constituents listed in appendix VIII of this part are introduced into the process.

(x) Autoliv reports to the EPA any noncompliance which may endanger health or the environment orally within 24 hours from the time Autoliv becomes aware of the circumstances, including:

(A) Any information of a release, discharge, fire, or explosion from the MRF, which could threaten the environment or human health.

(B) The description of the occurrence and its cause shall include:

(1) Name, address, and telephone number of the facility;

(2) Date, time, and type of incident;

(3) Name and quantity of material(s) involved;

(4) The extent of injuries, if any;

(5) An assessment of actual or potential hazards to the environment and human health, and

(6) Estimated quantity and disposition of recovered material that resulted from the incident.

(C) A written notice shall also be provided within five days of the time Autoliv becomes aware of the circumstances. The written notice shall contain a description of the non-compliance and its cause; the period of noncompliance including exact dates and times, and if the noncompliance has not been corrected, the anticipated time it is expected to continue; and steps taken or planned to reduce, eliminate, and prevent reoccurrence of the noncompliance. The EPA may waive the five day written notice requirement in favor of a written report within fifteen days.

(xi) Notifications and submissions made under paragraph (b)(18) of this section shall be sent to the Regional Assistant Administrator for the Office of Partnerships and Regulatory Assistance, U.S. EPA, Region 8 and the Executive Secretary of the Utah Solid and Hazardous Waste Control Board.

BILLING CODE 6560-50-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

43 CFR Parts 3000, 3100, 3200, 3400, 3500, 3600, and 3800

[WO-610-4111-02-24-IA]

RIN 1004-AC64

Oil and Gas Leasing; Geothermal Resources Leasing; Coal Management; Management of Solid Minerals Other Than Coal; Mineral Materials Disposal; and Mining Claims Under the General Mining Laws

AGENCY: Bureau of Land Management, Interior.

ACTION: Proposed rule; notice of extension of public comment period.

SUMMARY: The Bureau of Land Management (BLM) is extending the public comment period on a Notice of Proposed Rule, published in the **Federal Register** on December 15, 2000 (65 FR 78440). The proposed rule would amend Bureau of Land Management (BLM) mineral resources regulations to increase fees and to impose new fees to

cover BLM's costs of processing certain documents relating to its minerals programs. The primary purpose of this rule is to charge those who benefit from these minerals programs, rather than the general public, the costs of BLM minerals documents processing. In response to public requests for additional time, BLM extends the comment period 60 days from the original comment period closing date of February 13, 2001, to the extended comment period's closing date of April 16, 2001.

DATES: Send your comments to BLM on or before April 16, 2001 to assure BLM will consider them in preparing the final rule.

ADDRESSES: Send your comments to the Bureau of Land Management Administrative Record, Room 401 LS, 1849 C Street, NW., Washington, DC 20240, or hand deliver comments to the Bureau of Land Management Administrative Record, Room 401, 1620 L Street, NW., Washington DC. For information about filing comments electronically, see the **SUPPLEMENTARY INFORMATION** section under "Electronic access and filing address."

FOR FURTHER INFORMATION CONTACT: For questions about fluid minerals (oil, gas, geothermal resources) call Kermit Witherbee at (202) 452-0335. For questions about solid minerals, including coal, Durga Rimal at (202) 452-0372. If you require a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service at 1-800-877-8339 between 8:00 a.m. and 4:00 p.m. Eastern time, Monday through Friday, excluding Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access and Filing Address

You can view an electronic version of this proposed rule at BLM's Internet home page: www.blm.gov. You can also comment via the Internet at: WOCComment@wo.blm.gov. Please include "Attention: AC64" and your name and return address in your Internet message. If you do not receive a confirmation from our system that we have received your Internet message, contact us directly at (202) 452-5030.

Written Comments

Written comments on the proposed rule should:

- A. Be specific;
- B. Be confined to issues pertinent to the proposed rule;
- C. Explain the reason for any recommended change; and

D. Reference the specific section or paragraph of the proposal you are addressing.

The BLM may not necessarily consider or include in the Administrative Record for the final rule comments which BLM receives after the close of the comment period (See **DATES**) or comments delivered to an address other than those listed above (See **ADDRESSES**).

You can review comments, including names, street addresses, and other contact information of respondents at this address during regular business hours (7:45 a.m. to 4:15 p.m.), Monday through Friday, except Federal holidays. If you are an individual respondent you may request confidentiality. If you request that BLM consider withholding your name, street address, and other contact information (such as: Internet address, FAX or phone number) from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comment. BLM will honor requests for confidentiality on a case-by-case basis to the extent allowed by law. BLM will make available for public inspection in their entirety all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses.

Dated: February 6, 2001.

Piet deWilt,

Acting Assistant Secretary, Land and Minerals Management.

BILLING CODE 4310-84-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 00-39; FCC 01-24]

Broadcast Services; Radio Stations, Television Stations

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Commission explores the issues and concerns raised by parties regarding DTV reception capability, and we propose to require that certain types of new television sets have the capability to demodulate and decode over-the-air DTV signals by a date certain. We also seek comment on how best to implement such a requirement, including alternatives for phasing-in

DTV reception capability in a manner that would minimize costs for both manufacturers and consumers. Finally, we propose to adopt labeling requirements with respect to television receivers that are not capable of receiving over-the-air broadcast television signals but, instead, are intended for use only with cable television reception.

DATES: Comments are due by April 6, 2001; reply comments are due by May 7, 2001.

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC. 20554.

FOR FURTHER INFORMATION CONTACT:

Roger Holberg, or Mania Baghdadi, Mass Media Bureau, Policy and Rules Division, (202) 418-2120 or Alan Stillwell or Bruce Franca, Office of Engineering and Technology, (202) 418-2470.

SUPPLEMENTARY INFORMATION: This is a synopsis of the *Further Notice of Proposed Rule Making ("FNPRM")* in MM Docket No. 00-39, FCC 01-24, adopted January 18, 2001, and released January 19, 2001. The complete text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC. and may also be purchased from the Commission's copy contractor, International Transcription Service (202) 857-3800, 445 12th Street, SW., Room CY-B402, Washington, DC. The *FNPRM* is also available on the Internet at the Commission's website: <http://www.fcc.gov>.

Synopsis of Further Notice of Proposed Rule Making

I. Background

1. In the Commission's digital television proceeding (MM Docket No. 87-268) we repeatedly indicated our intent to hold periodic reviews of the progress of the conversion to digital television and to make such mid-course corrections as were necessary to ensure the success of that conversion. In the *Fifth Report and Order*, 62 FR 26966, May 16, 1997 ("5R&O"), we stated that we would conduct such a review every two years. We commenced this, the first, periodic review, with a *Notice of Proposed Rule Making ("NPRM")*, adopted March 6, 2000 (65 FR 15600, March 23, 2000). In that *NPRM* we stated that the conversion is progressing and that television stations are working hard to convert to digital television. We invited comment on several issues that we considered essential to be resolved in order to ensure that progress
