BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY**Agency Information Collection Activities: Homeland Security Acquisition Regulation (HSAR) Solicitation of Proposal Information for Award of Public Contracts****AGENCY:** Office of the Chief Procurement Officer, Department of Homeland Security (DHS).**ACTION:** 30-Day notice and request for comments; extension of a currently approved collection, 1600-0005.**SUMMARY:** The DHS Office of the Chief Procurement Officer will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of

1995. The information collection is necessary for compliance with the HSAR and the Small Business Innovative Research (SBIR) and Small Business Technology Transfer (STTR) programs. DHS previously published this information collection request (ICR) in the **Federal Register** on Tuesday, March 13, 2018 for a 60-day public comment period. 15 comment was received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until September 10, 2018. This process is conducted in accordance with 5 CFR 1320.1**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to OMB Desk Officer, DHS and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

SUPPLEMENTARY INFORMATION: DHS collects information, when necessary, when inviting firms to submit bids, proposals, and offers for public contracts for supplies and service. Using solicitation methods such as requests for proposals (RFP), requests for information (RFI), and broad agency announcements (BAA), the Government requests information from prospective offerors such as pricing information, delivery schedule compliance, and evidence that the offeror has the resources (both human and financial) to accomplish requirements. The information collection is necessary for compliance with the HSAR, 48 CFR chapter 30, and the SBIR and STTR programs, 15 U.S.C. 628. The collections under the HSAR include:

- 3052.209-70 Prohibition on Contracts with Corporate Expatriates (Required in all solicitations and contracts). The offeror must disclose whether it is a foreign incorporated

entity that should be treated as an inverted domestic corporation.

- 3052.209–71 Reserve Officer Training Corps and Military Recruiting on Campus (Required in all solicitations and contracts with institutions of higher education) Requires that the Contractor represent that it does not now have, and agrees that during performance of the contract that it will not adopt, any policy or practice described in paragraph (b) of the clause.

- 3052.209–72 Organizational Conflict of Interest, paragraphs (c), (d) and (e) (Required in all solicitations and contracts where a potential organizational conflict of interest exists and mitigation may be possible). The offeror must disclose whether it is aware of any facts which create any actual or potential organizational conflicts of interest; and, provide information as required by the Government and a mitigation plan relating to the conflict, if applicable.

- 3052.209–74 Limitations on Contractors Acting as Lead System Integrators (Required in solicitations for the acquisition of a major system when the acquisition strategy envisions the use of a lead system integrator). The offeror must disclose whether it proposes to perform this contract as a lead system integrator with system responsibility, and whether it has a direct financial interest in the system that is the subject of the solicitation; and, provide evidence, as needed.

- 3052.209–76 Prohibition on Federal Protective Service (FPS) Guard Services Contracts with Business Concerns Owned, Controlled, or Operated by an Individual Convicted of a Felony, paragraphs (a) through (g) (Required in all solicitations and contracts for FPS guard services). The offeror must disclose whether it is owned, operated or controlled by an individual convicted of any felony. A business concern owned, operated or controlled by an individual convicted of any felony may submit an award request to the Government. The request must include information that is considered personally identifiable information, and any additional information the Government deems necessary.

- 3052.215–70 Key Personnel and Facilities (Required in solicitations and contracts when the selection for award is substantially based on the offeror's possession of special capabilities regarding personnel or facilities). Before removing or replacing any of the specified individuals or facilities, the offeror must notify the Government, in writing, before the change becomes effective.

- 3052.219–72 Evaluation of Prime Contractor Participation in the DHS Mentor-Protégé Program (Required in all solicitations containing (HSAR) 48 CFR 3052.219–71, DHS Mentor-Protégé Program and (FAR) 48 CFR 52.219–9 Small Business Subcontracting Plan). The offeror must provide a signed letter of mentor-protégé agreement, if it wishes to receive credit under the source selection factor.

- 3052.247–70 F.o.b. Origin Information (Required in solicitations as appropriate) the offeror must provide information related to the offeror's shipping point.

The DHS Science and Technology (S&T) Directorate issues broad agency announcements BAAs when soliciting white papers and proposals from the public. DHS S&T evaluates white papers and proposals received in response to a DHS S&T BAA using the evaluation criteria specified in the BAA through a peer or scientific review process in accordance with FAR 35.016(d). Unclassified white papers and proposals are typically collected via the DHS S&T BAA secure website, while classified white papers and proposals must be submitted via proper classified courier or proper classified mailing procedures as described in the National Industrial Security Program Operating Manual (NSPOM).

Federal agencies with an annual extramural research and development (R&D) budget exceeding \$100 million are required to participate in the SBIR Program. Similarly, Federal agencies with an extramural R&D budget exceeding \$1 billion are required to participate in the STTR Program. Federal agencies who participate in the SBIR and STTR programs must collect information from the public to meet:

1. Applicable reporting requirements under 15 U.S.C. 638(b)(7), (g)(8), (i), (j)(1)(E), (j)(3)(C), (l), (o)(10), and (v);
2. The requirement to maintain both a publicly accessible database of SBIR/STTR award information and a government database of SBIR/STTR award information for SBIR and STTR program evaluation under 15 U.S.C. 638g(10), (k), (o)(9), and (o)(15); and
3. Requirements for public outreach under 15 U.S.C. 638(j)(2)(F), (o)(14), and (s).

The prior information collection request for OMB No. 1600–0005 was approved through June 30, 2018 by OMB in a Notice of OMB Action.

The information being collected is used by the Government's contracting officers and other acquisition personnel, including technical and legal staff to determine the adequacy of technical and management approach, experience,

responsibility, responsiveness, and expertise of the firms submitting offers; the identification of members of the public (*i.e.*, small businesses) who qualify for and are interested in participating in the DHS SBIR Program; and, provide the DHS SBIR Program Office necessary and sufficient information to determine whether proposals submitted by the public to the DHS SBIR Program meet the criteria for consideration under the program.

Failure to collect this information would adversely affect the quality of products and services DHS receives from contractors. Potentially, contracts would be awarded to firms without sufficient experience and expertise, thereby placing the Department's operations in jeopardy. Defective and inadequate contractor deliverables would adversely affect DHS's fulfillment of the mission requirements in all areas. Additionally, the Department would be unsuccessful in identifying small businesses with R&D capabilities, which would adversely affect the mission requirements in this area.

Many sources of the requested information use automated word processing systems, databases, and web portals to facilitate preparation of material to be submitted and to post and collect information. It is common place within many of DHS's Components for submissions to be electronic as a result of implementation of e-Government initiatives.

Information technology (*i.e.*, electronic web portal) is used in the collection of information to reduce the data gathering and records management burden. DHS uses a secure website the public can use to propose SBIR research topics and submit proposals in response to SBIR solicitations. In addition, DHS uses a web portal to review RFIs and register to submit a white paper or proposal in response to a specific BAA. The data collection forms standardize the collection of information that is necessary and sufficient for the DHS SBIR Program Office to meet its requirements under 15 U.S.C. 638.

DHS/ALL/PIA–006 General Contact Lists dated June 15, 2007 covers the basic contact information that must be collected for DHS. Other information collected will typically pertain to the contract itself, and not individuals. All information for this information collection is submitted voluntarily. However, sensitive information (*e.g.*, felony conviction information) may also be collected through this information collection. Due to this sensitivity, and the sensitivities regarding the procurement process as a whole, a new

Privacy Impact Assessment (PIA) is required to document and identify any potential risks associated with collecting this information. There is no assurance of confidentiality provided to the respondents.

The burden estimates provided in response to Item 12 above are based upon definitive proposals reported by DHS and its Components to the Federal Procurement Data System (FPDS) for Fiscal Year 2016. No program changes occurred and there have been no changes to the information being collected. However, the burden was adjusted to reflect an agency adjustment increase of 103,600 in the number of respondents within DHS for Fiscal Year 2016, as well as an increase in the average hourly wage rate. In addition, the average response per respondent went from 7 to 3.5 per response, a difference of 3.5 hours. The change is a result of the DHS Heads of Contracting Activities' reassessment of the response time required for each of the applicable clauses.

This is an extension of a currently approved collection, 1600-0005. DHS previously published this ICR in the **Federal Register** on Tuesday, March 13, 2018 at 83 FR 10865 for a 60-day public comment period, and is soliciting public comment for another 30 days. OMB is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Analysis

Agency: Office of the Chief Procurement Officer, DHS.

Title: Agency Information Collection Activities: Homeland Security Acquisition Regulation (HSAR) Solicitation of Proposal Information for Award of Public Contracts.

OMB Number: 1600-0005.

Frequency: Annually.

Affected Public: Private and Public Sector.

Number of Respondents: 117,212.

Estimated Time per Respondent: 3.5 hours.

Total Burden Hours: 1,230,726.

Dated: July 16, 2018.

Melissa Bruce,

Executive Director, Enterprise Business Management Office.

BILLING CODE 9110-9B-P

DEPARTMENT OF THE INTERIOR

U.S. Geological Survey

[GX18GL00DT7ST00; OMB Control Number 1028-0087; Renewal]

Agency Information Collection Activities: Submission to the Office of Management and Budget for Review and Approval; National Geological and Geophysical Data Preservation Program (NGGDPP) Grant Opportunity

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the U.S. Geological Survey (USGS) is proposing to renew authorization for information collection from state geological surveys that request NGGDPP funds to preserve geoscience materials and data, and submit this information collection request (ICR) to Office of Management and Budget described below.

DATES: Interested persons are invited to submit comments on or before September 10, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028-0087, National Geological and Geophysical Data Preservation Program, in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Lindsay Powers by email at lpowers@usgs.gov, or by

telephone at (303) 202-4828. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: We, the USGS, in accordance with the Paperwork Reduction Act of 1995, provide the general public and other Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 18, 2018, 83 FR 17187. No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding under the NGGDPP. We will accept proposals from state geological surveys requesting funds to inventory and assess the condition of current collections and data preservation needs. Financial assistance will be awarded annually on a competitive basis following the evaluation and ranking of state proposals by a review panel composed of representatives from the U.S.
