**AGENCY:** Employee Benefits Security Administration, Department of Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor (the Department), in accordance with the Paperwork Reduction Act of 1995 (PRA 95) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. A copy of the ICRs may be obtained by contacting the office listed in the **ADDRESSES** section of this notice. **I. Supplementary Information**

This notice requests public comment on the Department's request for extension of the Office of Management and Budget's (OMB) approval of ICRs contained in the rules and prohibited transaction exemptions described below. The Department is not proposing any changes to the existing ICRs at this

time. An agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid OMB control number. A summary of the ICRs and the current burden estimates follows:

**Agency:** Employee Benefits Security Administration, Department of Labor.

**Affected Public:** Individuals or households; Business or other for-profit; Not-for-profit institutions.

**Responses:** 15,662,333.

**Estimated Total Burden Hours:** 503,815.

**Estimated Total Burden Cost (Operating and Maintenance):** \$20,217,778.

**Description:** The continuation coverage provisions of section 601 through 608 of the Employee Retirement Income Security Act of 1974 (ERISA) (and parallel provisions of the Internal Revenue Code (Code)) generally require group health plans to offer qualified beneficiaries the opportunity to elect continuation coverage following certain events that would otherwise result in the loss of coverage. Continuation coverage is a temporary extension of the qualified beneficiary's previous group health coverage. The right to elect continuation coverage allows individuals to maintain group health coverage under adverse circumstances and to bridge gaps in health coverage that otherwise could limit their access to health care. The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provides the Secretary of Labor (the Secretary) with authority under section 608 of ERISA to carry out the continuation coverage provisions. The Conference Report that accompanied COBRA divided interpretive authority over the COBRA provisions between the Secretary and the Secretary of the Treasury (the Treasury) by providing that the Secretary has the authority to issue regulations implementing the notice and disclosure requirements of COBRA, while the Treasury is authorized to issue regulations defining the required continuation coverage. The ICR contained in these rules was approved by the Office of Management and Budget (OMB) under OMB Control Number 1210-0123, which is currently scheduled to expire on September 30, 2013.
