Form F-3

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form F-3 (17 CFR 239.33) is used by foreign issuers to register securities pursuant to the Securities Act of 1933 (15 U.S.C. 77a *et seq.*). The information collected is intended to ensure that the information required to be filed by the Commission permits verification of compliance with securities law requirements and assures the public

availability of such information. Form F-3 takes approximately 157.84 hours per response and is filed by approximately 113 respondents. We estimate that 25% of the 157.84 hours per response (39.46 hours) is prepared by the registrant for a total annual reporting burden of 4,459 hours (39.46 hours per response \times 113 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Extension:
Rule 17a-6

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information provided for in Rule 17a-6 (17 CFR 240.17a-6) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 17a-6 permits national securities exchanges, national securities

associations, registered clearing agencies, and the Municipal Securities Rulemaking Board ("MSRB") (collectively, "SROs") to destroy or convert to microfilm or other recording media records maintained under Rule 17a-1, if they have filed a record destruction plan with the Commission and the Commission has declared such plan effective.

There are currently 35 SROs: 24 national securities exchanges, 1 national securities association, the MSRB, and 9 registered clearing agencies. Of the 35 SROs, only 2 SRO respondents have filed a record destruction plan with the Commission. The staff calculates that the preparation and filing of a new record destruction plan should take 160 hours. Further, any existing SRO record destruction plans may require revision, over time, in response to, for example, changes in document retention technology, which the Commission estimates will take much less than the 160 hours estimated for a new plan. The Commission estimates that each SRO that has filed a destruction plan will spend approximately 30 hours per year making required revisions. Thus, the total annual time burden is estimated to be approximately 60 hours per year based on two respondents (30 \times 2). The approximate internal compliance cost per hour is \$428, resulting in a total internal cost of compliance for these respondents of approximately \$25,680 per year (60 hours at \$428 per hour).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
