I. Introduction

On July 26, 2010, the Postal Service filed a notice announcing that it has entered into six additional Global Expedited Package Services 3 (GEPS 3) contracts.¹ The Postal Service believes the instant contracts are functionally equivalent to previously submitted GEPS contracts, and are supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1-2, Attachment 3. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 2. In Order No. 290, the Commission approved the GEPS 2 product.² In Docket Nos. MC2010-28 and CP2010-71, the Postal Service requested that the Commission add GEPS 3 to the competitive product list.³ Additionally, the Postal Service requested to have the contract in Docket No. CP2010-71 as the baseline contract for future functional equivalence analyses of the GEPS 3 product.

The instant contracts. The Postal Service filed the instant contracts pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that each contract is in accordance with Order No. 86. The term of each contract is 1 year from the date the Postal Service notifies

the customer that all necessary regulatory approvals have been received. Notice at 3.

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachments 1A, 1B, 1C, 1D, 1E and 1F—redacted copies of the six contracts and applicable annexes;
- Attachments 2A, 2B, 2C, 2D, 2E and 2F—a certified statement required by 39 CFR 3015.5(c)(2) for each of the six contracts;
- Attachment 3—a redacted copy of Governors' Decision No. 08-7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis and certification of the formulas and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contracts and supporting documents under seal.

The Notice advances reasons why the instant GEPS 3 contracts fit within the Mail Classification Schedule language for GEPS. The Postal Service identifies customer-specific information and general contract terms that distinguish the instant contracts from the baseline GEPS 3 agreement all of which are highlighted in the Notice. *Id.* at 5. These modifications as described in the Postal Service's Notice apply to each of the instant contracts.

The Postal Service contends that the instant contracts are functionally equivalent to the baseline contract for GEPS 3 and share the same cost and market characteristics as the previously filed GEPS contracts. *Id.* at 4. It states that in spite of differences including updates and volume or postage commitments of customers, the changes do not alter the contracts' functional equivalency. *Id.* at 4-5. The Postal Service asserts that "[b]ecause the agreements incorporate the same cost attributes and methodology, the relevant characteristics of these six GEPS contracts are similar, if not the same, as the relevant characteristics of previously filed contracts." *Id.* at 5.

The Postal Service concludes that its filings demonstrate that each of the new GEPS 3 contracts complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to the baseline GEPS 3 contract. Therefore, it requests that the instant contracts be included within the GEPS 3 product. *Id.* at 6.
