Maritime Security Act of 2003, Subtitle D—National Defense Tank Vessel Construction Assistance

AGENCY: Maritime Administration, DOT.

ACTION: Notice of conference call.

SUMMARY: The purpose of the notice is to advise interested parties of a conference call to be hosted by the Maritime Administration to address certain issues regarding the Request for

Competitive Proposals (RFP) for the construction of up to five new tank vessels. The RFP is available on the Internet at <http://www.fedbizopps.gov> and <http://www.marad.dot.gov> and hard copies of the RFP are available in the Office of the Secretary, Maritime Administration.

FOR FURTHER INFORMATION CONTACT:

Gregory V. Sparkman or Edmond J. Fitzgerald, Office of Insurance and Shipping Analysis, Maritime Administration, Room 8117, 400 Seventh Street, SW., Washington, DC 20590; Telephone: (202) 366-2400; Fax: (202) 366-7901.

SUPPLEMENTARY INFORMATION:

On February 20, 2004, the Maritime Administration formally solicited competitive RFPs for the construction of up to five new product tank vessels necessary to meet the commercial and national security needs of the United States and to be built with assistance under subtitle D of the Maritime Security Act of 2003. In response to certain questions raised by industry representatives, the Maritime Administration has decided to host a public conference call to provide additional information, have further discussion and answer any outstanding questions related to the new tanker program. The conference call is open to all interested parties and will be held on May 26, 2004 in two parts:

- From 3:30 to 4:30 p.m. for vessel owners/operators
- From 4:30 to 5:30 p.m. for shipyards

To participate, contact Edmond Fitzgerald or Greg Sparkman at (202) 366-2400 for specific instructions. Please note that each call is limited to 30 participants.

Authority: 49 CFR 1.66

By Order of the Maritime Administrator

Dated: May 19, 2004.

Joel C. Richard,

Secretary, Maritime Administration.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2004-17903; Notice 1]

Kumho Tire Co., Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

Kumho Tire Co., Inc. (Kumho) has determined that certain tires it produced in 2003 and 2004 do not comply with

S4.3(d) and S4.3(e) of 49 CFR 571.109, Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires." Kumho has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Kumho has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Kumho's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

A total of approximately 2656 tires are involved. These include 324 size 255/50R17 tires and 2332 size 255/45R17 tires. The tires are marked "Tread: Rayon 2 + Steel 2 + Nylon 2, Sidewall: Rayon 2," when the correct stamping would be "Tread: Polyester 2 + Steel 2 + Nylon 2, Sidewall: Polyester 2." Paragraph S4.3 of FMVSS No. 109 requires "each tire shall have permanently molded into or onto both sidewalls * * * (d) The generic name of each cord material used in the plies * * * of the tire; and (e) Actual number of plies in the sidewall, and the actual number of plies in the tread area if different."

Kumho states that it uses rayon and polyester body ply construction to meet the preferences of the North American and European markets, and that rayon is popular in the European market while polyester is more popular in the North American market. Kumho explains that for sizes sold in both markets, either material may be used, and the two sizes which are the subject of this petition have North American construction and European stamping.

Kumho states that the tires meet or exceed all performance requirements of FMVSS No. 109 and will have no impact on the operational performance or safety of vehicles on which these tires are mounted. Therefore, Kumho believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods.
