

2009. Comments previously submitted in 2007 will be considered and need not be resubmitted.

SUPPLEMENTARY INFORMATION:

Notification of initiation of plan revision process for the Uwharrie National Forest land management plan was provided in the **Federal Register** on November 18, 2005. The plan revision was initiated under the planning procedures contained in the 2005 Forest Service planning rule (36 CFR part 219 (2005)). On March 30, 2007, the federal district court for the Northern District of California enjoined the Forest Service from implementing and using the 2005 planning rule until the agency provided notice and comment and conducted an assessment of the rule's effects on the environment and completed consultation under the Endangered Species Act. Revision of the Uwharrie National Forest land management plan under the (36 CFR part 219 (2005)) rule was suspended in response to the injunction. On April 21, 2008 the Forest Service adopted a new planning rule. This rule (36 CFR part 219 (2008)) was adopted following completion of an environmental impact statement and consultation under the Endangered Species Act. This new planning rule explicitly allows the resumption of plan revisions started under the previous rule (36 CFR part 219 (2005)) based on a finding that the revision process conforms to the new planning rule (36 CFR 219.14(b)(3)(ii)).

Prior to injunction of the 2005 planning rule the Uwharrie National Forest had developed a Comprehensive Evaluation Report using relevant scientific information; undertaken a series of collaborative meetings with interested parties to develop plan components; and prepared a Proposed Plan. These planning process steps are the same as what is required under the 2008 Rule. Based on the discussions above, I find that the planning actions taken prior to April 21, 2008 conform to the planning process of the 2008 planning rule and for that reason the plan revision process does not need to be restarted. The Uwharrie National Forest is resuming its plan revision process by initiating a 90-day public comment period on the Proposed Plan.
