

Eligible LEAs in non-participating States are referred to as "specially qualified agencies" in the legislation. Some SEAs have recently indicated that they may choose not to participate in this program. The application package that is the subject of this emergency clearance will be used to make direct grants to LEAs in those states, should it be necessary. If normal procedures were to be followed, the Department would not be able to make grant awards under this program by July 1st. The Rural and Low-Income program is one of the programs covered under the Consolidated Application provisions in the No Child Left Behind Act. The Department cannot make allocations for any applicant (either State or LEA) until all eligible applicants have submitted their allocation and eligibility data to the Department, and therefore the need for emergency processing.
