[Docket No. RBS-22-BUSINESS-0006]

Higher Blends Infrastructure Incentive Program (HBIIP); Correction

AGENCY: Commodity Credit Corporation and the Rural Business-Cooperative Service, Department of Agriculture (USDA).

ACTION: Notice; correction.

SUMMARY: The Commodity Credit Corporation (CCC) and the Rural Business-Cooperative Service (RBCS or the Agency) published a Funding Opportunity Announcement (FOA) in the *Federal Register* of August 23, 2022, entitled Higher Blends Infrastructure Incentive Program (HBIIP) to announce that it was accepting applications for fiscal year 2022 (FY 22) and the availability of approximately \$100 million in competitive grants. In addition, the FOA defined requirements that are determined at the time a funding announcement is published, as outlined in the regulation. The FOA omitted clarifying information regarding eligible applicants for the funding. The Eligible Applicants section is being updated to clarify that hybrid applications, or those including transportation fueling facility implementation activities and fuel

distribution facilities implementation activities, are ineligible. This Notice clarifies that applicants can only apply for one of the two applicant types and those successful applicants will only receive the funding associated with one applicant type.

SUPPLEMENTARY INFORMATION:

Correction

In the *Federal Register* of August 23, 2022 in FR Doc. 2022-18123 on page 51642 in the third column, under III. Eligibility Information, correct the A. *Eligible Applicants*. caption to read:

A. *Eligible Applicants*

Owners of transportation fueling facilities and owners of fuel distribution facilities located in the United States and its territories may apply for this program. Eligible entities include: fueling stations, convenience stores, hypermarket retailer fueling stations, fleet facilities (including automotive, freight, rail and marine), and similar entities with equivalent capital investments, as well as fuel/biodiesel terminal operations, midstream operations, and heating oil distribution facilities or equivalent entities.

Applicants must include all proposed activity under a single application. Applicants must own or have the legal right to control all site locations included in their application. Applicants may apply for and will only receive funding associated with implementation activities for one or more transportation fueling facilities or one or more fuel distribution facilities. Applications including combinations of transportation fueling facility implementation activities and fuel

distribution facilities implementation activities are ineligible. Application requirements and other important information is available on the HBIIP web page: <https://www.rd.usda.gov/hbiip>.

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

SUPPLEMENTARY INFORMATION:

Welded Line Pipe From the Republic of Turkey: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Cimtas Boru Imalatlari ve Ticaret, Ltd. Sti. (Cimtas) had no shipments of subject merchandise during the period of review (POR), December 1, 2020, through November 30, 2021.

DATES: Applicable November 15, 2022.

FOR FURTHER INFORMATION CONTACT: Christopher Hargett, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4161.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2022, Commerce published its preliminary determination of no shipments with respect to Cimtas in the **Federal Register** and invited comments from interested parties.¹ No interested party submitted comments. Accordingly, no decision memorandum accompanies this **Federal Register** notice. Commerce conducted this review in accordance with section 751

of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the order are circular welded carbon and alloy steel (other than stainless steel) pipe of a kind used for oil or gas pipelines (welded line pipe), not more than 24 inches in nominal outside diameter, regardless of wall thickness, length, surface finish, end finish, or stenciling. Welded line pipe is normally produced to the American Petroleum Institute (API) specification 5L, but can be produced to comparable foreign specifications, to proprietary grades, or can be non-graded material. All pipe meeting the physical description set forth above, including multiple-stenciled pipe with an API or comparable foreign specification line pipe stencil is covered by the scope of this order.

The welded line pipe that is subject to the order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.5000, 7305.12.1030, 7305.12.5000, 7305.19.1030, 7305.19.5000, 7306.19.1010, 7306.19.1050, 7306.19.5110, and 7306.19.5150. The subject merchandise may also enter in HTSUS 7305.11.1060 and 7305.12.1060. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that the sole respondent in this administrative review, Cimtas, had no shipments and, therefore, no reviewable entries, of subject merchandise during the POR.² This determination was based on a response of the U.S. Customs and Border Protection (CBP) to Commerce's no-shipment inquiry, as well as certifications and supporting documentation provided by Cimtas.³ We received no comments from interested parties with respect to this record information or the preliminary finding of no shipments for Cimtas. Therefore, because the record indicates that this company did not export subject merchandise to the United States during the POR, we continue to find that Cimtas had no reviewable transactions during the POR.

Assessment Rates

Consistent with Commerce's practice, we intend to instruct CBP to liquidate any existing entries of merchandise produced by Cimtas, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁴

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Because we find that Cimtas had no shipments during the POR, there will be no change to the existing cash deposit requirements. Accordingly, Cimtas's current cash deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

In the *Preliminary Results*, we also rescinded this review with respect to 18 companies for which the request for review was withdrawn; thus, Cimtas is the sole remaining respondent.
