

Identification Records; Appointments of Officials, this collection requests Law Enforcement Officers Killed and Assaulted (LEOKA) data from federal, state, county, city, tribal, and territorial law enforcement agencies in order for the FBI's Uniform Crime Reporting (UCR) Program to serve as the national clearinghouse for the collection and dissemination of crime data and to publish Law Enforcement Officers Killed and Assaulted statistics annually.

Overview of This Information Collection

1. *Type of Information Collection:* Extension of a previously approved collection.
2. *The Title of the Form/Collection:* Law Enforcement Officers Killed and Assaulted.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*

The form number is 1-705 and the sponsor is the CJIS Division, FBI, DOJ.

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Affected Public: Federal, state, county, city, tribal, and territorial law enforcement agencies. The obligation to respond is voluntary and at the discretion of the contributing agency.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* In 2024, there were 19,328 active law enforcement agencies within the universe of potential respondents to the FBI's UCR Program. Agencies submitting data under the National Incident-Based Reporting System (NIBRS) totaled 14,601 and 2,074 submitted data via the Summary Reporting System (SRS). LEOKA data using Form 1-705 were submitted by

1,084 agencies and the estimated maximum number of responses was 13,008. Form 1-705 requires an estimated 7 minutes to complete. This clearance is being maintained to allow agencies not yet having transitioned to NIBRS to submit LEOKA data. As SRS agencies continue to transition to NIBRS, the FBI's UCR Program expects the use of Form 1-705 to decline because the information will be submitted through NIBRS. The burden hour estimate is based on the 2024 submission volumes to achieve the highest possible burden estimate.

6. *An estimate of the total annual burden (in hours) associated with the collection:* There are approximately 1,517.6 annual burden hours associated with this information collection.

7. *An estimate of the total annual burden (in hours) associated with the collection, if applicable:*

Activity	Number of respondents	Frequency	Maximum estimated total annual responses (2024)	Time per response (minutes)	Total annual burden hours
LEOKA Form 1-705	1,084	Variable	13,008	7	1,517.6
Unduplicated Totals	1,084	13,008	1,517.6

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule.

We have uploaded the records schedules and accompanying appraisal memoranda to the [regulations.gov](https://www.regulations.gov) docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring

that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the [regulations.gov](https://www.regulations.gov) portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on [regulations.gov](https://www.regulations.gov) a "Consolidated Reply" summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at [regulations.gov](https://www.regulations.gov) to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved
