

FEMA and contractors will be able to cross check against insurance subrogation claims and other payments and settlements to prevent duplication of benefits. The claimant's statements are made under penalty or perjury and subject claimants to the provisions of 18 U.S.C. section 1001 relating to false statements.

Affected Public: Business or other for-profit and not-for-profit institutions.

Number of Respondents: 1,250 annually.

Estimated Hour Burden Per Response: 30 minutes.

Estimated Total Annual Burden Hours: 625 hours.

Estimated Annual Cost To Respondents. We have estimated that the annualized cost to respondents for the hour burdens will be approximately \$100 per respondent, on average. FEMA has offset this burden for most claimants by allowing claimants who successfully complete the process to an award to receive an additional 5% of their compensation, with a minimum of \$100 to a maximum of \$500 on this type of small business claim, for claims compensation expenses. Claimants who do not complete the claims process or who do not receive any compensation will not receive the claims preparation fee.

COMMENTS: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
