SUPPLEMENTARY INFORMATION: The Council has two U.S. conservation grants programs for acquisition, restoration, and enhancement of wetlands in the U.S. Any individual or organization who has a long-term, partner-based project with matching funds can apply. The focus of this notice is standard grant proposals for requests from \$51,000 to \$1,000,000 per proposal. A separate notice will be issued later this year for small grant

proposals for requests up to \$50,000 per proposal.

This notice provides general instructions to develop and submit a NAWCA standard grant proposal. In order to complete a proposal correctly, consult the web site at <http://birdhabitat.fws.gov> for detailed instructions. If you cannot access the web site or want a printed version of the instructions or a personal computer disk that contains proposal forms, contact the Council Coordinator.

We prepare the instructions to assist partners in developing proposals that comply with NAWCA. The NAWCA established the Council, a Federal-State-private body that recommends projects to the Migratory Bird Conservation Commission (MBCC) for final approval and requires that proposals contain a minimum 1:1 ratio of non-Federal matching funds to grant funds. "Match" (as referred to throughout this document) can be cash, in-kind services, or land acquired/title donated for wetlands conservation purposes.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501), the Office of Management and Budget has assigned clearance number 1018-0100 to this information collection authorized by the North American Wetlands Conservation Act of 1989, as amended (16 U.S.C. 4401 *et seq.*). The information collection solicited is necessary to gain a benefit in the form of a grant, as determined by the Council and MBCC, is necessary to determine the eligibility and relative value of wetland projects, results in an approximate paperwork burden of 400 hours per application, and does not carry a premise of confidentiality. Your response is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public is invited to submit comments on the accuracy of the estimated average burden hours for application preparation and to suggest ways in which the burden may be reduced. Comments may be submitted to: Information Collection Clearance Officer, Mail Stop 224 ARLSQ, U.S. Fish and Wildlife Service, Washington, DC 20240 and/or Desk Officer for Interior Department (1018-0100), Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.
