

discharge their duties and responsibilities.²¹ As noted, the proposed rule change would add to Appendix 1 of the Playbook the fitness standards for individuals serving on ICC's Board. Among other things, individuals serving on ICC's Board would need to have relevant risk management knowledge, financial acumen, and general business experience. Establishing these fitness standards should help ensure that members of ICC's Board have appropriate experience and skills to discharge their duties and responsibilities.

Moreover, members of the Board Risk Committee would need to have relevant skills and experience, including financial, general business experience, and industry knowledge. This requirement should help ensure that members of the Board Risk Committee have appropriate experience and skills to discharge their duties and responsibilities on that committee.

Accordingly, the proposed rule change is consistent with the requirements of Rule 17ad-22(e)(iv).²²

C. Consistency With Rules 17ad-25(c)(3) and (d)

Rule 17ad-25(c)(3)²³ requires ICC to have fitness standards for serving as a director that are specified by its Nominating Committee, documented in writing, approved by its Board, and consistent with the requirements of Rule 17ad-25.²⁴ The fitness standards must also require that an individual serving as a director is not subject to any statutory disqualification as defined under Section 3(a)(39) of the Act.²⁵ The fitness standards, which the proposed rule change would add to Appendix 1 of the Playbook, would note the dates of adoption by ICC's Nominating Committee and approval by the Board. The fitness standards also would provide that no individual subject to any statutory disqualification as defined under Section 3(a)(39) of the Act²⁶ is eligible to serve on ICC's Board. Thus, the fitness standards are consistent with Rule 17ad-25(c)(3).²⁷

Rule 17ad-25(d)²⁸ requires ICC to establish a risk management committee of its Board that, among other things, at all times includes representatives from its owners and participants. As noted above, the proposed rule change would

amend the Playbook to provide for the establishment of the Board Risk Committee and would require that the Board Risk Committee at all times include representatives from the owners and participants of ICC. Thus, the establishment of the Board Risk Committee is consistent with Rule 17ad-25(d).²⁹

Accordingly, the proposed rule change is consistent with the requirements of Rules 17ad-25(c)(3) and (d).³⁰

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act, and in particular, Section 17A(b)(3)(F) of the Act,³¹ and Rules 17ad-22(e)(iv), 17ad-25(c)(3), and 17ad-25(d) thereunder.³²

It is therefore ordered pursuant to Section 19(b)(2) of the Act that the proposed rule change (SR-ICC-2025-006) be, and hereby is, approved.³³

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.³⁴

or "Exchange")³, filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the description of the Route to Primary Auction ("PAC") routing option under Exchange Rule 2617(b)(5)(ii) to remove an unnecessary parenthetical naming the primary listing equities markets. This proposed rule change applies to MIAx Pearl Equities, an equities trading facility of the Exchange.

The text of the proposed rule change is available on the Exchange's website at <https://www.miaxglobal.com/markets/us-equities/pearl-equities/rule-filings>, at MIAx Pearl's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, MIAx Pearl included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. MIAx Pearl has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the description of the PAC routing option under Exchange Rule 2617(b)(5)(ii) to remove an unnecessary parenthetical naming the primary listing equities markets. Exchange Rule 2617(b)(5)(ii) describes PAC as a routing option for Market Orders⁴ and displayed Limit

⁴ The term "Market Order" means an order to buy (sell) a stated amount of a security that is to be executed at the PBO (PBB) or better. A Market Order shall not trade through a Protected Quotation. See Exchange Rule 2614(a)(2).

Orders⁵ designated as RHO⁶ that the entering firm wishes to designate for participation in the opening, re-opening (following a regulatory halt, suspension, or pause), or closing process of a primary listing market if received before the opening, re-opening, or closing process of such market. In addition to stating that orders are routed to the primary listing market as described above, Exchange Rule 2617(b)(5)(ii) further includes a parenthetical that listed the names of these primary listing markets that were active at the time the PAC routing option was adopted.⁷

The Exchange notes that, apart from the current primary listing markets named in Exchange Rule 2617(b)(5)(ii), three other entities have formally filed Form 1 applications with the Commission seeking registration as national securities exchanges under Section 6 of the Act. Green Impact Exchange, LLC has been approved to become a primary listing market.⁸ Texas Stock Exchange LLC has proposed rules to also become primary listing exchanges⁹ and Dream Exchange Holdings, Inc. also announced its intention to become a primary listing market.¹⁰ One other existing national

securities exchange, NYSE Texas, Inc. has been approved to also become a primary listing market.¹¹

Exchange Rule 2617(b)(5)(ii) currently states that orders are routed to the primary listing market as described above and the Exchange would include each of the above entities as part of the PAC routing option should they become primary listing markets. Due to the potential proliferation of new primary listing markets, the Exchange believes it is no longer necessary to list each primary listing market in the rule or to file a ministerial proposed rule change with the Commission to amend the parenthetical each time a new primary listing exchange is approved.¹² Therefore, the Exchange proposes to amend Exchange Rule 2617(b)(5)(ii) to remove the parenthetical reference to specific primary listing exchanges—namely, Cboe BZX, NYSE, Nasdaq, NYSE American, and NYSE Arca—from the rule text. The proposed rule change is to simplify the rule to simply reference “primary listing markets”, rather than to also unnecessarily name each of those primary listing markets, and as many as four new primary listing markets (totally as many as nine) in the future as more primary listing markets become active. As stated above, Exchange Rule 2617(b)(5)(ii) currently states that orders are routed to the primary listing market and eliminating a separate reference to a fixed list of primary listing market will help ensure that the rule text remains accurate over time and provides greater clarity to Equity Members¹³ and the public regarding its application.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the

the-securities-and-exchange-commission-website-302386823.html (last visited May 6, 2025) (“Dream Exchange is also planning for its future, championing the creation of a new type of stock exchange called a venture exchange, which will list and trade the securities of early-staged small and mid-sized companies, allowing them to access the public markets for the first time.”)

(now known as NYSE Texas, Inc.) to amend Rules 5, 7.18, and 8 to permit the listing and trading of certain Exchange Traded Products among other things).

¹² As is the case today, the Exchange notes that its technical specification clearly list the primary listing markets included in the PAC routing option and would add any new primary listing markets to it technical specifications when they become active. The Exchange would also issue an alert publicly announcing the addition of any potential new primary listing markets to the PAC routing option.

Act,¹⁴ in general, and furthers the objectives of Section 6(b)(1) of the Act¹⁵ in particular, in that they are designed to enforce compliance by the Exchange’s Members and persons associated with its Equity Members, with the provisions of the rules of the Exchange. The Exchange also believes that the proposed rule change also furthers the objectives of Section 6(b)(5)¹⁶ of the Act. In particular, they are designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest.

In particular, the Exchange believes that the proposed change is designed to enforce compliance by the Exchange’s Equity Members with the provision of the rules of the Exchange because the proposed change will provide greater clarity to Equity Members and the public regarding the Exchange’s Rulebook by removing an unnecessary parenthetical naming the primary listing equities markets. Exchange Rule 2617(b)(5)(ii) currently states that orders are routed to the primary listing market and eliminating a separate reference to a fixed list of primary listing market will help ensure that the rule text remains accurate over time and provides greater clarity to Equity Members and the public regarding its application.

Additionally, the Exchange believes the proposed change is designed to promote just and equitable principles of trade and remove impediments to and perfect the mechanism of a free and open market and a national market system because the proposed rule change will provide greater clarity to Equity Members and the public regarding the Exchange’s Rulebook by removing an unnecessary parenthetical naming the primary listing equities markets. The proposed rule change is to simplify the rule to simply reference “primary listing markets”, rather than to also unnecessarily name each of those primary listing markets, and as many as four new primary listing markets (totally as many as nine) in the future as more primary listing markets become active. It is in the public interest for the Exchange’s Rulebook to be accurate and

⁵ The term “Limit Order” means an order to buy or sell a stated amount of a security at a specified price or better. A “marketable” Limit Order to buy (sell) will trade with all orders to sell (buy) priced at or below (above) the PBO (PBB) for the security. Once no longer marketable, the Limit Order will be ranked on the MIAx Pearl Equities Book pursuant to Exchange Rule 2616. An incoming Limit Order may be designated as ISO. See Exchange Rule 2614(a)(1).

⁶ The terms “Regular Hours Only” (“RHO”) means an order that is designated for execution only during Regular Trading Hours, which includes the Opening Process for equity securities. An order with a time-in-force of RHO entered into the System before the opening of business on the Exchange as determined pursuant to Exchange Rule 2600 will be accepted but not eligible for execution until the start of Regular Trading Hours. consistent so as to eliminate the potential for confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition

The Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with simplifying the rule text to simply reference "primary listing markets", rather than to also unnecessarily name each of those primary listing markets. Due to the potential proliferation of new primary listing markets, the Exchange believes it is no longer necessary to list each primary listing market in the rule. This is to ensure that the rule text remains accurate over time.

Intermarket Competition

The Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with simplifying the rule text to simply reference "primary listing markets", rather than to also unnecessarily name each of those primary listing markets. This is to ensure that the rule text remains accurate over time.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(6)¹⁸ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does

not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-PEARL-2025-23 on the subject line.
