

Comoros and the Republic of Cote d'Ivoire present significant risk of introducing instruments of terror into international maritime commerce. The Coast Guard notified the Department of State of these determinations pursuant to 46 U.S.C. 70110(c).

The United States notified the Union of the Comoros of this determination in October 2010 and the Republic of Cote d'Ivoire in November 2010, and identified steps necessary to improve the antiterrorism measures in place at their respective ports, as required by 46 U.S.C. 70109. Neither of these countries has offered a response to our communications on these matters. To date, the United States cannot confirm that the identified deficiencies have been corrected.

Accordingly, effective June 10, 2011, the Coast Guard will impose the following conditions of entry on vessels that visited ports in the Union of the Comoros and/or the Republic of Cote d'Ivoire during their last five port calls. Vessels must:

- Implement measures per the ship's security plan equivalent to Security Level 2 while in a port in the Union of the Comoros or the Republic of Cote d'Ivoire. As defined in the ISPS Code and incorporated herein, "Security Level 2" refers to the "level for which appropriate additional protective security measures shall be maintained for a period of time as a result of heightened risk of a security incident."

- Ensure that each access point to the ship is guarded and that the guards have total visibility of the exterior (both landside and waterside) of the vessel while the vessel is in ports in the Union of the Comoros or the Republic of Cote d'Ivoire.

- Guards may be provided by the ship's crew; however, additional crewmembers should be placed on the ship if necessary to ensure that limits on maximum hours of work are not exceeded and/or minimum hours of rest are met, or provided by outside security forces approved by the ship's master and Company Security Officer. As defined in the ISPS Code and incorporated herein, "Company Security Officer" refers to the "person designated by the Company for ensuring that a ship security assessment is carried out; that a ship security plan is developed, submitted for approval, and thereafter implemented and maintained and for liaison with port facility security officers and the ship security officer."

- Attempt to execute a Declaration of Security while in a port in the Union of the Comoros or the Republic of Cote d'Ivoire;

- Log all security actions in the ship's log; and

- Report actions taken to the cognizant Coast Guard Captain of the Port prior to arrival into U.S. waters.

In addition, based on the findings of the Coast Guard boarding or examination, vessels may be required to ensure that each access point to the ship is guarded by armed, private security guards and that they have total visibility of the exterior (both landside and waterside) of the vessel while in U.S. ports. The number and position of the guards has to be acceptable to the cognizant Coast Guard Captain of the Port prior to the vessel's arrival.

With this notice, the current list of countries not maintaining effective anti-terrorism measures is as follows: Cambodia, Cameroon, Comoros, Republic of the Congo, Cote d'Ivoire, Cuba, Equatorial Guinea, Guinea-Bissau, Indonesia, Iran, Liberia, Madagascar, Sao Tome and Principe, Syria, Timor-Leste, and Venezuela. This current list is also available in the policy notice available on the Homeport system as described in the **ADDRESSES** section above.

This notice is issued under authority of 46 U.S.C. 70110(a)(3).

Dated: May 23, 2011.

Rear Admiral Brian M. Salerno,

USCG, Deputy Commandant for Operations.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Invasive Species Advisory Committee

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of public meetings of the Invasive Species Advisory Committee.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act, notice is hereby given of meetings of the Invasive Species Advisory Committee (ISAC). Comprised of 30 nonfederal invasive species experts and stakeholders from across the nation, the purpose of the Advisory Committee is to provide advice to the National Invasive Species Council, as authorized by Executive Order 13112, on a broad array of issues related to preventing the introduction of invasive species and providing for their control and minimizing the economic, ecological, and human health impacts that invasive species cause. The Council is co-chaired by the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce. The duty of the Council is to provide national leadership regarding invasive species issues.

Purpose of Meeting: The meeting will be held on June 14-16, 2011 in Denver, Colorado, and will focus primarily on invaders in the intermountain West. The meeting will focus on adapting management of invasive species in the vast Rocky Mountain/High Plains region in order to gain new understanding of landscape ecology, climate change, land development, introduction pathways, and new invaders. ISAC will also consult with Western-based scientists and practitioners on problems and potential solutions, as well as evaluate on-the-ground issues firsthand, thereby determining how management methods
