

with serial number C17987, C17990, or C17991 on any helicopter.

**(g) Special Flight Permits**

Special flight permits are prohibited.

**(h) Alternative Methods of Compliance (AMOCs)**

(1) The Manager, Rotorcraft Standards Branch, FAA, may approve AMOCs for this AD. Send your proposal to: Matt Fuller, AD Program Manager, Continued Operational Safety Branch, Airworthiness Products Section, General Aviation and Rotorcraft Unit, 10101 Hillwood Pkwy., Fort Worth, TX 76177; telephone 817-222-5110; email [Matthew.Fuller@faa.gov](mailto:Matthew.Fuller@faa.gov).

(2) For operations conducted under a 14 CFR part 119 operating certificate or under 14 CFR part 91, subpart K, we suggest that you notify your principal inspector, or lacking a principal inspector, the manager of the local flight standards district office or certificate holding district office, before operating any aircraft complying with this AD through an AMOC.

**(i) Additional Information**

(1) Leonardo Helicopters Bollettino Tecnico (BT) No. 412-147, dated September 12, 2016, and AgustaWestland BT No. 412-135, Revision A, dated July 29, 2013, which are not incorporated by reference, contain additional information about the subject of this AD. For service information identified in this AD, contact Leonardo S.p.A. Helicopters, Emanuele Bufano, Head of Airworthiness, Viale G. Agusta 520, 21017 C. Costa di Samarate (Va) Italy; telephone +39-0331-225074; fax +39-0331-229046; or at <https://www.leonardocompany.com/en/home>. You may review a copy of the service information at the FAA, Office of the Regional Counsel, Southwest Region, 10101 Hillwood Pkwy, Room 6N-321, Fort Worth, TX 76177.

(2) The subject of this AD is addressed in European Aviation Safety Agency (now European Union Aviation Safety Agency) (EASA) No. AD 2016-0244, dated December 14, 2016. You may view the EASA AD on the internet at <https://www.regulations.gov> by searching for and locating it in Docket No. FAA-2020-0784.

**(j) Subject**

Joint Aircraft Service Component (JASC) Code: 6321, Main Rotor Brake.

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 71**

[Docket No. FAA-2020-0352; Airspace Docket No. 18-AAL-4]

**RIN 2120-AA66**

**Amendment of Class E Airspace; Sitka, AK; Correction**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; correction.

**SUMMARY:** The Federal Aviation Administration (FAA) is correcting a final rule that appeared in the **Federal Register** on July 31, 2020. The rule modified Class E airspace designated as a surface area, and Class E airspace extending upward from 700 feet above the surface at Sitka Rocky Gutierrez Airport. The final rule also established a Class E airspace area, designated as an extension to a Class D or Class E surface area. The legal definition for the Class E airspace, designated as an extension to a Class D or Class E surface area, did not accurately establish this area outside of the Class E airspace designated as a surface area. This action corrects the legal definition for the Class E airspace area, designated as an extension to a Class D or Class E surface area.

**DATES:** Effective 0901 UTC, November 5, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**FOR FURTHER INFORMATION CONTACT:** Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

**SUPPLEMENTARY INFORMATION:**

**History**

The FAA published a final rule in the **Federal Register** (85 FR 45997; July 31, 2020) for Docket FAA-2020-0352 amending Class E airspace designated as a surface area and Class E airspace extending upward from 700 feet above the surface. The rule also established Class E airspace designated as an extension to a Class D or Class E surface area. Subsequent to publication, the FAA identified an error in how the Class E airspace, designated as an extension to a Class D or Class E surface area, is described. This action corrects that error.

Class E4 airspace designations are published in paragraph 6004 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

**Correction to Final Rule**

Accordingly, pursuant to the authority delegated to me, Amendment of the Class E Airspace; Sitka, AK, published in the **Federal Register** of July 31, 2020 (85 FR 45997), FR Doc. 2020-16314, is corrected as follows:

**§ 71.1 [Corrected]**

■ 1. On page 45997, in the third column, in The Rule, the description of the Class E airspace designated as an extension to a Class D or Class E surface area is corrected to read as follows: That airspace extending upward from the surface from the 4.1-mile radius of the airport within 4 miles north and 8 miles south of the 315° bearing from the airport, extending from 0.9 miles northwest of the airport and extending to 28.3 miles northwest of Sitka Rocky Gutierrez Airport.

**§ 71.1 [Corrected]**

■ 2. On page 45998, in the first and second column, in AAL AK E4 Sitka, AK [New] the airspace legal description is corrected to read as follows: That airspace extending upward from the surface from the 4.1-mile radius of the airport within 4 miles north and 8 miles south of the 315° bearing from the airport, extending from 0.9 miles northwest of the airport and extending to 28.3 miles northwest of Sitka Rocky Gutierrez Airport.

Issued in Seattle, Washington, on August 28, 2020.

**B.G. Chew,**

*Acting Group Manager, Western Service Center, Operations Support Group.*

[FR Doc. 2020-19460 Filed 9-3-20; 8:45 am]

**BILLING CODE 4910-13-P**

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 95**

[Docket No. 31327; Amdt. No. 554]

**IFR Altitudes; Miscellaneous Amendments**

**AGENCY:** Federal Aviation Administration (FAA), Transportation (DOT).

**ACTION:** Final rule.

**SUMMARY:** This amendment adopts miscellaneous amendments to the required IFR (instrument flight rules) altitudes and changeover points for certain Federal airways, jet routes, or direct routes for which a minimum or maximum en route authorized IFR altitude is prescribed. This regulatory action is needed because of changes occurring in the National Airspace System. These changes are designed to provide for the safe and efficient use of the navigable airspace under instrument conditions in the affected areas.

**DATES:** *Effective date:* 0901 UTC, September 10, 2020.

**FOR FURTHER INFORMATION CONTACT:** Thomas J. Nichols, Flight Procedures and Airspace Group, Flight Technologies and Procedures Division, Flight Standards Service, Federal Aviation Administration. Mailing Address: FAA Mike Monroney Aeronautical Center, Flight Procedures and Airspace Group, 6500 South MacArthur Blvd., Registry Bldg. 29, Room 104, Oklahoma City, OK 73125. Telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This amendment to part 95 of the Federal Aviation Regulations (14 CFR part 95) amends, suspends, or revokes IFR altitudes governing the operation of all aircraft in flight over a specified route or any portion of that route, as well as the changeover points (COPs) for Federal airways, jet routes, or direct routes as prescribed in part 95.

**The Rule**

The specified IFR altitudes, when used in conjunction with the prescribed changeover points for those routes, ensure navigation aid coverage that is adequate for safe flight operations and free of frequency interference. The reasons and circumstances that create the need for this amendment involve matters of flight safety and operational efficiency in the National Airspace System, are related to published aeronautical charts that are essential to the user, and provide for the safe and efficient use of the navigable airspace. In addition, those various reasons or circumstances require making this amendment effective before the next scheduled charting and publication date of the flight information to assure its timely availability to the user. The effective date of this amendment reflects those considerations. In view of the close and immediate relationship between these regulatory changes and safety in air commerce, I find that notice and public procedure before adopting this amendment are impracticable and contrary to the public interest and that good cause exists for making the amendment effective in less than 30 days.

**Conclusion**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally

current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**List of Subjects in 14 CFR Part 95**

Airspace, Navigation (air).  
Issued in Washington, DC, on August 7, 2020.

**Wade Terrell,**  
*Aviation Safety, Manager, Flight Procedures & Airspace Group, Flight Technologies and Procedures Division.*

**Adoption of the Amendment**

Accordingly, pursuant to the authority delegated to me by the Administrator, part 95 of the Federal Aviation Regulations (14 CFR part 95) is amended as follows effective at 0901 UTC, September 10, 2020.

■ 1. The authority citation for part 95 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44719, 44721.

■ 2. Part 95 is amended to read as follows:

BILLING CODE 4910-13-P

**DEPARTMENT OF THE TREASURY****Internal Revenue Service****26 CFR Part 1**

[TD 9906]

RIN 1545-BN42

**Nuclear Decommissioning Funds****AGENCY:** Internal Revenue Service (IRS), Treasury.**ACTION:** Final regulations.

**SUMMARY:** This document contains final regulations under section 468A of the Internal Revenue Code of 1986 (Code) relating to deductions for contributions to trusts maintained for decommissioning nuclear power plants and the use of the amounts in those trusts to decommission nuclear plants. The regulations revise and clarify certain provisions in existing regulations to address issues that have arisen as more nuclear plants have begun the decommissioning process.

**DATES:**
