

Finally, we estimate an annual third-party disclosure burden of 132 hours, consistent with the currently approved burden estimate for this collection of information. We assume each of 226 firms will spend an average of 35 minutes, annually, disclosing written records as required under 21 CFR 1.908.

Cumulatively, we have reduced our burden estimate for the information collection. We made this adjustment to reflect the removal of one-time burden associated with implementation of the new regulatory requirements. Because these provisions have since become effective, the one-time estimates previously included have been removed.

Dated: February 13, 2019.

Lowell J. Schiller,

Acting Associate Commissioner for Policy.
