Federal Energy Regulatory Commission

[Docket No. CP25-204-000]

Northwest Pipeline LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Kemmerer Horsepower Replacement Project

On April 10, 2025, Northwest Pipeline LLC (Northwest) filed an application in Docket No. CP25-204-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) and Authorization pursuant to Section 7(b) of the Natural Gas Act to construct, operate, and abandon certain natural gas pipeline facilities. The proposed project is known as the Kemmerer Horsepower Replacement Project (Project), and would retire four legacy reciprocating engine compressors

and one legacy gas turbine and replace these facilities with one natural gas-fired turbine-driven compressor in Lincoln County, Wyoming. According to Northwest, the Project would improve system reliability due to the high maintenance needs and costs associated with the older units, as well as conform with Northwest's Modernization and Emissions Reduction Program.

On April 16, 2025, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—October 9, 2025
90-day Federal Authorization Decision
Deadline²—January 7, 2026

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Northwest proposes to construct and operate, on land owned and managed by the U.S. Bureau of Land Management (BLM): one Solar Mars 90 gas-fired turbine having approximately 13,220 ISO-rated horsepower; a compressor building to house the turbine and associated compressor package; power and unit control buildings; office and warehouse space; and other ancillary facilities to the east of its existing Kemmerer Compressor Station within an approximately 80-acre parcel in Lincoln County, Wyoming. Upon the new compressor station's completion, Northwest would abandon and remove

the existing station facilities in accordance with the terms and conditions of the BLM right-of-way grant and requirements set forth in Title 43 Code of Federal Regulations Sections 2800 and 2880.

Background

On June 11, 2025, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Kemmerer Horsepower Replacement Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. As of the date of issuance of this Notice of Schedule, we have received no comments in response to the Notice of Scoping. Any substantive comments received will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (*i.e.*, CP25-204), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1750866092.

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

documents issued by the Commission, such as orders, notices, and rule makings.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 15404–000]

Claiborne Hydroelectric, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On May 30, 2025, Claiborne Hydroelectric, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of hydropower project to be located at the U.S. Army Corps of Engineers' (Corps) Claiborne Lock and Dam, on Alabama River, near City of Franklin, Monroe County, Alabama. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Claiborne lock and dam Hydroelectric Project would consist of the following: (1) a 98-foot-wide, 50-foot-long armored intake structure; (2) a 98-foot-wide, 187-foot-long reinforced concrete powerhouse, located downstream of the western abutment of the Corps' dam, hosting two identical 9.95 MW turbine generators;

(3) a 100-foot-long, 98-foot-wide armored tailrace that would direct flow to the river downstream of the dam; and (4) a 4.5 mile-long, 230 kilovolt transmission line. The proposed project would have an estimated annual generation of 139.5 gigawatt-hours.

Applicant Contact: Jeremy King, Current Hydro, One Boston Place, Suite 2600, Boston, MA; phone: (706) 835 8516.

FERC Contact: Prabharanjani Madduri; phone: (202) 502–8017, or by email at prabharanjani.madduri@ferc.gov. Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing

applications: 60 days from the issuance of this notice, on or before 5:00 p.m. Eastern Time on August 25, 2025. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <https://ferconline.ferc.gov/eFiling.aspx>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <https://ferconline.ferc.gov/QuickComment.aspx>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P–15404.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

More information about this project, including a copy of the application, can be viewed, or printed on the "eLibrary" link of the Commission's website at: <https://elibrary.ferc.gov/eLibrary/search>. Enter the docket number (P–15404) in the docket number field to access the document. For assistance, contact FERC Online Support.

BILLING CODE 6717–01–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2024–0093; FRL–12575–01–OCSPP]

Cancellation Order for Certain Pesticide Registrations and/or Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and/or amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a December 17, 2024, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II to voluntarily cancel and/or amend to terminate uses of all these product registrations. In the December 17, 2024, notice, EPA indicated that it would issue an order implementing the cancellations and/or amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received one anonymous comment on the notice, but it did not merit its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and/or amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and/or amendments are effective July 2, 2025.

FOR FURTHER INFORMATION CONTACT: Christopher Green, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (202) 566–2707; email address: green.christopher@epa.gov.
