

Jackson Airports District Office, 100 West Cross Street, Suite B, Jackson, MS 39208–2307, (601) 664–9891. The land release request may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA is reviewing a request by the City of Gulf Shores and City of Gulf Shores Airport Authority to release 11.48 acres of surplus property at the Jack Edwards Airport. The property will be purchased by the City of Gulf Shores at fair market value. The released property will be used for civic and safety facilities or as approved by FAA. The property is located on the northwest corner of airport and is adjacent to Gulf Shores Parkway. The net proceeds from the sale of this property will be used for airport purposes.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the office of the Gulf Shores Airport Authority.

Issued in Jackson, Mississippi on April 13, 2015.

RANS D. Black,

Manager, Jackson Airports District Office, Southern Region.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[4910–22]

Notice of Scoping for Highway Project in Pierce County, Washington

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Scoping—Environmental Assessment/Environmental Impact Statement.

SUMMARY: The FHWA is issuing this notice to advise the public that

environmental impact scoping will be prepared for a proposed highway project in Pierce County, Washington. Based upon this scoping information, a decision will be made as to whether to prepare an environmental assessment or an environmental impact statement.

FOR FURTHER INFORMATION CONTACT:

Dean Moberg, Area Engineer, Federal Highway Administration, 711 South Capitol Way, Suite 501, Olympia, Washington 98501, Telephone: (360) 534–9344.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Washington State Department of Transportation (WSDOT) will prepare either an Environmental Assessment (EA) or an Environmental Impact Statement (EIS) on a proposal to provide improvements along the I–5 corridor between the interchanges with Gravelly Lake Drive and Mounts Road to relieve chronic congestion and improve person and freight mobility. Improvements to the corridor are considered necessary to provide for the existing and projected traffic demand after receiving all public and private scoping comments and feedback on the project's impacts that will determine the appropriate environmental document.

Alternatives under consideration include: (1) Taking no action; (2) a two-phased proposed action, first phase to be built upon availability of funding. The second phase would be implemented in the future when warranted by traffic demand and resulting congestion. The first phase would add one HOV lane both northbound and southbound, rebuild three interchanges (Thorne Ln.; Berkely St.; and Steilacoom DuPont Rd.), and include other improvements. The future phase would add an additional managed lane both northbound and southbound and include revisions to other interchanges in the corridor.

FHWA and WSDOT are holding a public scoping meeting on May 5, 2015 from 4–7 p.m. at the McGavick Conference Center on the campus of Clover Park Technical College in Lakewood to solicit public comments regarding issues to be addressed in the EA or EIS. The meeting will use an informal, open-house format. Exhibits, maps, and other pertinent information about this project will be displayed. Staff will be present to answer questions as appropriate and as time permits.

Agencies, Tribes, and the public are encouraged to submit comments on the purpose and need and preliminary range of alternatives during the scoping period. Comments must be received by May 18, 2015 to be included in the
