Approval and Promulgation of Air Quality Implementation Plans; Commonwealth of Pennsylvania; Approval of Revisions to Volatile Organic Compounds Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by the Commonwealth of Pennsylvania. The revisions consist of definitions and requirements for coatings used in mobile equipment repair and refinishing. In the Final Rules section of this **Federal Register**, EPA is approving the Commonwealth's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A more detailed description of the state submittal and EPA's evaluation are included in a Technical Support Document (TSD) prepared in support of this rulemaking action. A copy of the TSD is available, upon request, from the EPA Regional Office listed in the **ADDRESSES** section of this document. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed deletion of the Palmetto Recycling Site from the National Priorities List (NPL).

SUMMARY: The EPA proposes to delete the Palmetto Recycling Site from the National Priorities List (NPL) and requests public comment on this action. The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA). The EPA has determined that the site poses no significant threat to public health or

the environment and therefore, further response measures pursuant to CERCLA are not appropriate.

We are publishing this rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no dissenting comments. A detailed rationale for this approval is set forth in the direct final rule. If no dissenting comments are received, no further activity is contemplated. If EPA receives dissenting comments, the direct final action will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.
