[Docket No. USCG-2022-0240]

Special Local Regulations; Marine Events Within the Fifth Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the special local regulation for the Thunder Over the Boardwalk Air Show from 8 a.m. through 3:30 p.m. on August 22, 23 and 24, 2022, to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Fifth Coast Guard District identifies the regulated area for this event in Atlantic City, NJ. During the enforcement periods, the operator of any vessel in the regulated area must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

DATES: The regulations in 33 CFR 100.501 will be enforced for the Thunder Over the Boardwalk Air Show event listed in table 1 to paragraph (i)(1) to § 100.501 from 8 a.m. through 3:30 p.m. on each of the following dates: August 22, 2022, August 23, 2022 and August 24, 2022.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, you may call or email Petty Officer Jennifer Padilla, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, telephone 215-271-4814, email Jennifer.I.Padilla@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the special local regulations in 33 CFR 100.501 for the

Thunder Over the Boardwalk Airshow regulated area from 8 a.m. through 3:30 p.m. on August 22, 23, and 24, 2022. This action is being taken to provide for the safety of life on navigable waterways during this 3-day event. Our regulation for marine events within the Fifth Coast Guard District, § 100.501, specifies the location of the regulated area for the Thunder Over the Boardwalk Airshow which encompasses waters of the North Atlantic Ocean, adjacent to Atlantic City, New Jersey, bounded by a line drawn between the following points: From a point along the shoreline at latitude 39°21'31" N, longitude 074°25'04" W, thence southeasterly to latitude 39°21'08" N, longitude 074°24'48" W, thence southwesterly to latitude 39°20'16" N, longitude 074°27'17" W, thence northwesterly to a point along the shoreline at latitude 39°20'44" N, longitude 074°27'31" W, thence northeasterly along the shoreline to latitude 39°21'31" N, longitude 074°25'04" W.

During the enforcement periods, as reflected in § 100.501(g), if you are the operator of a vessel in the regulated area you must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

In addition to this notice of enforcement in the **Federal Register**, the Coast Guard will provide notification of the enforcement periods via broadcast notice to mariners.

Dated: August 9, 2022.

Drawbridge Operation Regulation; Grand Canal, Indian Harbour Beach, FL

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the operating schedule that governs the Lansing Island Bridge across Grand Canal, mile 0.7 at Indian Harbour Beach, FL. A request was made to the Coast Guard to allow the drawbridge to remain closed to navigation and

untended during the overnight hours due to a lack of requested openings.

DATES: This rule is effective September 14, 2022.

II. Background Information and Regulatory History

On February 1, 2022, the Coast Guard published a Test Deviation, with a request for comments, entitled Drawbridge Operation Regulation; Grand Canal, Indian Harbour Beach, FL in the **Federal Register** (87 FR 5401), to test this operating schedule for the Lansing Island Bridge. Zero comments were received during the test period.

On June 2, 2022, the Coast Guard published a Notice of Proposed Rulemaking entitled Drawbridge Operation Regulation; Grand Canal, Indian Harbour Beach, FL, in the **Federal Register** (87 FR 33460). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this regulatory change. During the comment period that ended July 5, 2022, we received zero comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 33 U.S.C. 499.

The Lansing Island Bridge across Grand Canal, mile 0.7, at Indian Harbour Beach, FL, is a single-leaf bascule bridge with a 16-foot vertical clearance at mean high water in the closed position. The normal operating schedule for the bridge is set forth in 33 CFR 117.285(a). Navigation on the waterway consists mainly of recreational mariners.

The bridge owner, Lansing Island Homeowners Association, Inc. requested the Coast Guard consider allowing the drawbridge to remain closed to navigation and untended during the overnight hours due to a lack of requested openings. We requested a copy of the bridge logs from January 1, 2021, through November 30, 2021. After reviewing the logs, the Coast Guard found the drawbridge provided three openings between the hours of 10 p.m. and 6 a.m. Two channels provide alternate access to Grand Canal. Vessels that can pass beneath the bridge without an opening may do so at any time.

IV. Discussion of Comments, Changes and the Final Rule

The Coast Guard provided two comment periods totaling 90 days and received zero comments.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the ability that vessels capable of transiting under the bridge, without an opening, may do so at any time and alternate routes for vessels to transit Grand Canal are available.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received zero comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev.1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and is categorically excluded from further review, under paragraph L49, of Chapter 3, Table 3–1 of the U.S. Coast Guard Environmental Planning Implementation Procedures.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

- 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; and Department of Homeland Security Delegation No. 0170.1.

- 2. Amend § 117.285 by revising paragraph (a) to read as follows:

§ 117.285 Grand Canal.

(a) The draw of the Lansing Island Bridge, mile 0.7, at Indian Harbour Beach, shall open on signal, except that from 10 p.m. to 6 a.m., daily, the draw need not open for the passage of vessels and will be untended.

RIN 1625-AA00

Safety Zone; Lake of the Ozarks, Mile Marker 7 Lake of the Ozarks, MO

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters within a 500 foot radius of a fireworks launch barge at 38°12'29.502"N, -92°45'15.4686"W, in the main channel, of the Lake of the Ozarks. The safety zone is to protect personnel, vessels, and the marine environment from potential hazards created by the fireworks display. Entry of vessels or persons into the zone is prohibited unless specifically authorized by the Captain of the Port Sector Upper Mississippi River or a designated representative.

DATES: This rule is effective on August 26, 2022, from 8:45 p.m. through 9:45 p.m.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2022-0646 in the search box and click "Search." Next, in the Document Type column, select "Supporting & Related Material."

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because we must establish this safety zone by August 26, 2022 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with the fireworks display on the Lake of the Ozarks.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Upper Mississippi River (COTP) has determined that potential hazards associated with the fireworks display on August 26, 2022 will be a safety concern for anyone on the Lake of the Ozarks at the designated launch location. This rule resulted from a marine event notification stating that there will be a fireworks display on the Lake of the Ozarks. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone before, during, and after the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone from 8:45 p.m. until 9:45 p.m. on August 26, 2022. The safety zone will cover all navigable waters within a 500 foot radius of a fireworks launch barge located at mile marker 7 on the Lake of the Ozarks. The duration of this zone is intended to protect personnel, vessels, and the marine environment in these navigable waters before, during, and after the fireworks display. No vessel or person will be permitted to enter the

safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Upper Mississippi River. The COTP or a designated representative will inform the public of the enforcement date and times for these safety zones, as well as any emergent safety concerns that may delay the enforcement of the zones.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on on size, location, and duration of the temporary safety zones. This action involves a fireworks display at 38°12'29.502"N, -92°45'15.4686"W, in the main channel, on the Lake of the Ozarks on August 26, 2022. Moreover, the Coast Guard will publish a Local Notice to Mariners and mariners may seek permission to enter the zones.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant
