Promoting Extensive Implementation of Quality Prevention of Mother to Child Transmission (PMTCT) Activities in the Republic of Uganda; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to: support the expansion of quality PMTCT program coverage throughout Uganda; conduct PMTCT training; identify gaps in the current national PMTCT program; and develop strategies to fill those gaps and to carry out other PMTCT promotion, policy and quality assurance activities. The overall aim of this program is to promote wide implementation of quality PMTCT programs throughout Uganda.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will only be provided to Protecting Families Against AIDS

(PREFA). No other applications are solicited. PREFA is the only application being solicited because:

1. CDC Uganda was tasked by President Bush's PMTCT Initiative Workstream in fiscal year 2003 with supporting the establishment of a Ugandan NGO focusing on PMTCT. This is a continuation of this activity.

2. None of the other current stakeholders in PMTCT provision has PMTCT as its core activity and all are already overwhelmed with other HIV/AIDS activities.

3. PREFA is the only national NGO specifically supporting Uganda's efforts to provide comprehensive HIV/AIDS prevention, care, treatment and support to families with emphasis on reducing MTCT.

C. Funding

Approximately \$520,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-2700.

For program technical assistance, contact: Jonathan Mermin, MD, MPH, Global AIDS Program [GAP], Uganda Country Team, National Center for HIV, STD and TB Prevention, Centers for Disease Control and Prevention [CDC], P.O. Box 49, Entebbe, Uganda. Telephone: +256-41320776. E-mail: jhm@cdc.gov.

For financial, grants management, or budget assistance, contact: Shirley Wynn, Contract Specialist, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-1515. E-mail address: zbx6@cdc.gov.

Dated: July 16, 2004.

William P. Nichols,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

[Program Announcement 04270]

Capacity Building in the Implementation of a Comprehensive Program To Prevent Mother to Child HIV Transmission at University of Nairobi Teaching Hospitals; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to facilitate the implementation of a comprehensive prevention of mother to child transmission program (PMTCT) at the Kenyatta National Hospital and Pumwani Maternity Hospital (the two largest maternity units in Kenya and the clinical teaching settings for the University of Nairobi's Department of Obstetrics and Gynecology). The program will also integrate PMTCT training into the existing curricula of different cadres of health service providers (nurse-midwives, clinical officers and undergraduate and postgraduate doctors) being trained by the medical school.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to the University of Nairobi. No other applications are solicited.

The University of Nairobi Medical School is the only institution that can provide technical assistance and capacity building to the two teaching hospitals to implement the PMTCT program due to its special relationship with the two institutions. The Kenyatta National Referral Hospital serves as the teaching hospital for the University of Nairobi and sets the standards for medical care within the country. Historically, for the purpose of training, the University of Nairobi Medical School has also established strong links with the Pumwani Maternity Hospital (PMH). Kenyatta National Hospital and Pumwani Maternity Hospital cannot run without University of Nairobi staff. The University deploys obstetricians, residents and nurse midwives to Pumwani Maternity Hospital and has recently assisted the maternity in implementing a PMTCT program. Pumwani is the largest maternity hospital, not only in Kenya but also in

sub-Saharan Africa. With approximately 22,000 deliveries per year and a prevalence rate of HIV of 10–15 percent, a PMTCT program in this facility may prevent a substantial amount of HIV transmission.

The University of Nairobi has well renowned experts in the field of PMTCT who provide technical guidance on the implementation of this program. In addition, as the premier medical training institution in the country, the University of Nairobi is well placed to initiate a pre-service training program on PMTCT to meet the capacity needs of the national PMTCT program.

C. Funding

Approximately \$500,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before August 15, 2004, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341–4146, Telephone: 770–488–2700.

For technical questions about this program, contact: Fabian Mwanyumba, MBChB, MPH, PhD, Technical Advisor PMTCT, Global Aids Program [GAP], Centers for Disease Control and Prevention [CDC], PO Box 606 Village Market, Nairobi, Kenya, Telephone: 256–20–271–3008, E-mail: FMwanyumba@cdcnairobi.mimcom.net.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Savannah River Site Health Effects Subcommittee (SRSHES)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease

Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Savannah River Site Health Effects Subcommittee (SRSHES).

Time and Date: 8:30 a.m.–4 p.m., August 25, 2004.

Place: The Adam's Mark Hotel Columbia, 1200 Hampton Street, Columbia, South Carolina 29201; telephone 803–771–7000 or 1–800–880–1885, fax 803–254–2911.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in December 1990 with DOE, and replaced by MOUs signed in 1996 and 2000, the Department of Health and Human Services (HHS) was given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS delegated program responsibility to CDC.

In addition, a memo was signed in October 1990 and renewed in November 1992, 1996, and in 2000, between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director of CDC and the Administrator of ATSDR pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum for community, American Indian Tribal, and labor interaction, and to serve as a vehicle for communities, American Indian Tribes, and labor to express concerns and provide advice and recommendations to CDC and ATSDR.

Matters to be Discussed: Agenda items include a presentation on completed dose reconstruction projects at other sites, an update from the National Institute for Occupational Safety and Health, and a report by Advanced Technologies and Laboratories International, Inc. Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Mr. Phillip Green, Executive Secretary, SRSHES, Radiation Studies Branch, Division of Environmental Hazards and Health Effects, National Center for Environmental Health, CDC, 1600 Clifton Road, NE., (E–39), Atlanta,

Georgia 30333, telephone (404) 498–1800, fax (404) 498–1811.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and ATSDR.

Dated: July 16, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS) (formerly known as the Health Care Financing Administration (HCFA)), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. Type of Information Collection Request: New Collection; **Title of Information Collection:** 1932 State Plan Amendment Template, State Plan Requirements and Supporting Regulations in 42 CFR 438.50; **Form No.:** CMS–10120 (OMB# 0938–NEW); **Use:** The State Medicaid Agencies will complete the template. CMS will review the information to determine if the State has met all the requirements under 1932(1)(1)(A) and 42 CFR 438.50. Once all requirements are met, the State will
