

100 mL, and no more than 150 mg total suspended solids per liter).⁴

Like the CWA section 312 program, Title XIV is jointly implemented by EPA and the Coast Guard: Congress provided responsibility for regulatory discharge standards to EPA and responsibility for enforcement to the Coast Guard. In particular, Title XIV authorizes EPA to revise or develop additional standards for sewage and graywater discharges from cruise ships operating in applicable waters of Alaska, if appropriate. Alaska is also authorized to petition EPA to establish NDZs for sewage and graywater discharges from cruise ships regulated under Title XIV. Title XIV requires the Coast Guard to incorporate an inspection regime into its commercial vessel examination program that will verify compliance with the requirements of the statute. Title XIV also authorizes the Coast Guard to conduct unannounced inspections and require cruise ship owners/operators to keep logbooks of all sewage and graywater discharges, and provides for administrative and criminal penalties for violations of the statute's provisions. The Coast Guard has promulgated regulations to implement the various provisions of Title XIV. See 33 CFR 159.301 *et seq.*

VI. Additional Information on Submitting CBI

You are entitled to assert a business confidentiality claim covering all or part of the information you submit in response to this Notice, in accordance with the procedures described in EPA's CBI regulations, 40 CFR part 2, subpart B. Under 40 CFR 2.201(e), business confidentiality incorporates the concept of trade secrecy and other related legal concepts which give (or may give) a business the right to preserve the confidentiality of business information and to limit its use or disclosure by others in order that the business may obtain or retain business advantages it derives from its rights in the information. EPA will construe your failure to furnish a business confidentiality claim with your response as a waiver of that claim, and the information may be made available to the public or authorized representatives without further Notice to you.

The criteria EPA will use in determining whether material you claim

as business confidential is entitled to confidential treatment are set forth at 40 CFR 2.208. This regulation provides, among other things, that you must satisfactorily demonstrate that: (1) The information is within the scope of business confidentiality as defined at 40 CFR 2.201(e); (2) that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so; (3) the information is not and has not been reasonably obtainable by legitimate means without your consent; and (4) the disclosure of the information is likely to cause substantial competitive harm to your business position. See 40 CFR 2.208 (a)–(d).

Do not submit CBI to EPA through <http://www.regulations.gov> or e-mail. Clearly mark the page, paragraph and sentence when identifying the information that you claim to be CBI. See 40 CFR 2.203(b) for additional instructions on the method for asserting a business confidentiality claim. For CBI information on a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. EPA may, without further notice, provide the public or authorized representative with any information not subject to a CBI claim.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R03-OW-2009-0985; FRL-9174-6]

Announcement To Extend the Recommended Determination Preparation Period for the Spruce No. 1 Surface Mine, Logan County, West Virginia

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; Announcement of extension.

SUMMARY: EPA's regulations require that the Regional Administrator either withdraw the Spruce No. 1 Proposed Determination or prepare a Recommended Determination within 30 days after the conclusion of the public hearing (40 CFR 231.5(a)). However, in order to allow full consideration of the extensive record, including over 4000 public comments we received, EPA finds there is good cause to extend the time period provided in 40 CFR 231.5(a) until September 24, 2010. This time extension was made under authority of 40 CFR 231.8, which allows for such extensions upon a showing of good cause.

Dated: June 29, 2010.

William C. Early,

Acting Regional Administrator, Region III.
