Notice of Availability of Pest Risk Analyses for the Importation of Fresh Edible Flowers of Izote, Immature Inflorescences of Pacaya, Immature Inflorescences of Chufle, and Fresh Leaves of Chipilin From El Salvador Into the Continental United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability and request for comments.

Based on those analyses, we believe that the application of one or more designated phytosanitary measures will be sufficient to mitigate the risks of introducing or disseminating plant pests or noxious weeds via the importation of fresh edible flowers of izote, immature inflorescences of pacaya, immature inflorescences of chufle, and fresh leaves of chipilin from El Salvador.
