NATIONAL SCIENCE FOUNDATION

Management Fee Policy

AGENCY: National Science Foundation. **ACTION:** Notice.

SUMMARY: On December 30, 2014, the National Science Foundation (NSF) published at 79 FR 78497 a notice and request for comments on NSF's revised policy on management fee. The payment of a small but appropriate management fee has been a long standing practice at NSF in limited circumstances related to the construction and operation of major facility projects. NSF has strengthened both the criteria used to establish such fees and the controls that may be necessary to ensure that uses of fees are consistent with those established criteria. These efforts resulted in the revised policy that was sent for public comment. On June 16, 2015, NSF received OMB approval under the Paperwork Reduction Act for the Large Facilities Manual (3145-0239) which included NSF's final policy on management fee under Section 4.2.2.2.

FOR FURTHER INFORMATION CONTACT:

Suzanne Plimpton on (703) 292–7556 or send email to *splimpto@nsf.gov*. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

SUPPLEMENTARY INFORMATION: The following final Management Fee Policy can be found in NSF's Large Facilities Manual:

4.2.2.2 Management Fee

Management fee is an amount of money paid to a recipient in excess of a cooperative agreement's or cooperative support agreement's allowable costs. Generally, NSF does not permit the payment of fee (profit) to organizations under financial assistance. However, a management fee may be authorized for awards in the limited circumstances of construction or operations of a large facility as the responsible organization is likely to incur certain legitimate business expenses that may not be reimbursable under the governing cost principles. NSF provides for a
