Motorola, Incorporated, Semiconductor Products Sector, Bipolar Manufacturing Center, Mesa, AZ; Notice of Termination of Certification

This notice terminates the Certification Regarding Eligibility to Apply for Worker Adjustment Assistance issued by the Department on April 25, 2003 for all workers of Motorola, Inc., Semiconductor Products Sector, Bipolar Manufacturing Center, Mesa, Arizona. The notice was published in the **Federal Register** on May 9, 2003 (FR 68 25061).

The Department, at the request of the State Agency, reviewed this certification for workers of the aforementioned group.

The certification review revealed that signatories of the petition were not among the certified worker group mentioned above, but were instead part of facilities employees, charged with maintaining plant operations. The facilities or "Site Services" employees are eligible for NAFTA Transitional Adjustment Assistance benefits under NAFTA-6506 as amended May 16, 2003 to include these workers.

Since the workers of Bipolar Manufacturing Center are not represented by all of the petitioners, the TA-W-50,260 investigation was conducted erroneously and the certification is thus invalid. The Bipolar Manufacturing Center worker group continues to be eligible to apply for benefits of the NAFTA-6505 Transitional Adjustment Assistance certification issued on September 24, 2002 and in effect until September 24, 2004.

The certification issued under investigation TA-W-50,260 has been terminated.

Signed at Washington, DC this 27th day of June 2003.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Investigations Regarding Certifications of Eligibility To Apply for Worker Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221 (a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Division of Trade Adjustment Assistance, Employment and Training Administration, has instituted investigations pursuant to Section 221 (a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than July 21, 2003.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than July 21, 2003.

The petitions filed in this case are available for inspection at the Office of the Director, Division of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, Room C-5311, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC, this 23rd day of June, 2003.

Timothy Sullivan,

Director, Division of Trade Adjustment Assistance.

Thompson-Hancock Technologies, Burlington, NC; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on May 15, 2003 in response to a worker petition which was filed by a company official on behalf of workers at Thompson-Hancock Technologies, Burlington, North Carolina.

The petitioner has requested that the petition be withdrawn. Consequently, the investigation has been terminated.

Signed in Washington, DC this 16th day of June, 2003.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

BILLING CODE 4510-30-P

DEPARTMENT OF LABOR**Employment and Training Administration**

[TA-W-50,977]

Wabash Technologies, Inc., Automotive Business Unit, Huntington, IN; Notice of Termination of Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance on April 8, 2003, applicable to workers of Wabash Technologies, Inc., Automotive Business Unit, located in Huntington, Indiana. The notice was published in the **Federal Register** on April 24, 2003 (68 FR 20177).

At the request of the State agency, the Department reviewed the decision for workers of the subject firm. The workers produce engine timing sensors and cam sensors. The review shows that on July 23, 2002, all workers of Wabash Technologies, Inc., Automotive Business Unit, Huntington, Indiana, who were separated from employment on or after May 2, 2001, were certified eligible to apply for worker adjustment assistance under petition number TA-W-41,526. The certification does not expire until July 23, 2004. The certification effectively includes workers at the subject firm producing engine timing sensors and cam sensors.

Consequently, the Department is terminating the negative determination issued to workers of Wabash Technologies, Inc., Automotive Business Unit, located in Huntington, Indiana, under TA-W-50,977.

Signed at Washington, DC, this 9th day of June 2003.

Linda G. Poole,

Certifying Officer, Division of Trade Adjustment Assistance.

BILLING CODE 4510-30-P

DEPARTMENT OF LABOR**Employment and Training Administration**

[TA-W-51,415]

Washington Group IDC, Manassas, VA; Notice of Revised Determination on Reconsideration

On June 9, 2003, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice will soon be published in the **Federal Register**.

The Department initially denied TAA to workers of Washington Group IDC, Manassas, Virginia, because the workers did not produce an article within the meaning of section 222(c)(3) of the Trade Act of 1974.

On reconsideration, the Department conducted an on-site analysis of the

functions performed by Washington Group IDC, Manassas, Virginia employees at Micron Technology, Manassas, Virginia. The workers of Micron Technology, Manassas, Virginia (TA-W-51,231) were certified eligible to apply for Trade Adjustment Assistance (TAA) on May 7, 2003.

The on-site investigation revealed that Washington Group IDC workers performed a variety of functions at Micron Technology, Inc. Manassas, Virginia. The review revealed that in addition to facilities management services, a meaningful portion of their work relates to the production of the products (wafers) manufactured at Micron Technology. The workers are not separately identifiable by specific function.

The investigation further revealed that employment and production at the subject facility declined during the relevant period.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with wafers, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Washington Group IDC, Manassas, Virginia working at Micron Technology, Manassas, Virginia. In accordance with the provisions of the Act, I make the following certification:

All workers of Washington Group IDC, Manassas, Virginia working at Micron Technology, Manassas, Virginia who became totally or partially separated from employment on or after March 27, 2002 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 17th day of June 2003.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
