

*Respondent's obligation to respond:* Mandatory.

*Estimated number of respondents:* 137.

*Frequency of response:* On occasion.

*Total estimated burden:* 236,800 hours (per year). Burden is defined at 5 CFR 1320.03(b).

*Total estimated cost:* \$21,280,921 (per year). This is the estimated burden cost; there is no cost for capital investment or maintenance and operational costs in this information collection.

*Changes in the Estimates:* There is an increase of 58,515 hours in the total estimated respondent burden hours compared with the ICR currently approved by OMB. This increase reflects EPA's updating of the burden estimate to account for an increase in the estimated average number of tolerance petitions submitted annually from 103 to 137, which resulted in a change to the annual burden hours for respondents from 178,285 in the previous renewal to 236,800 in the current renewal. This change is an adjustment.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Office of the Secretary

[Document Identifier: HHS–OS–19226–30D]

### Agency Information Collection Activities; Submission to OMB for Review and Approval; Public Comment Request

**AGENCY:** The Office of the Secretary, HHS.

Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public on this ICR during the review and approval period.

**DATES:** Comments on the ICR must be received on or before July 22, 2013.

**FOR FURTHER INFORMATION CONTACT:** Information Collection Clearance staff, *Information.Collection.Clearance@hhs.gov* or (202) 690–6162.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the OMB control number 0990–0275 and document identifier HHS–OS–19226–30D for reference.

*Information Collection Request Title:* Performance Improvement and Management System (PIMS).

*OMB No.:* 0990–0275.

*Abstract:* This request for clearance is to extend data collection activities by three (3) years for a currently approved collection using the OMB approved Performance Data System (PDS), the tool used by Office of Minority Health (OMH) to collect program management and performance data for all OMH-funded projects. Grantee data collection via the Uniform Data Set (UDS) (original

data collection system) was first approved by OMB on June 7, 2004 (OMB No. 0990–275). OMB approval was also received for modifications to the UDS to accommodate grant programs that were not required to use the UDS at the time the system was developed (August 23, 2007), which upgraded the data collection tool from the UDS to the PDS (August 31, 2010). Clearance is due to expire on October 31, 2013.

*Need and Proposed Use of the Information:* The clearance is also to continue data collection using the PDS, enhancing the system to improve functionality and to alter questions to improve data collection completeness and quality. The functionality and question improvements are intended to improve OMH's ability to comply with Federal reporting requirements and monitor and evaluate performance by enabling the efficient collection of more performance-oriented data which are tied to OMH-wide performance reporting needs. The ability to monitor and evaluate performance in this manner, and to work towards continuous program improvement are basic functions that OMH must be able to accomplish in order to carry out its mandate with the most effective and appropriate use of resources.

*Likely Respondents:* Respondents for this data collection include the project directors leading OMH-funded projects and/or the data entry persons assigned for each OMH-funded project. Affected public includes not-for-profit institutions and State, Local, or Tribal Governments.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
