Section 413 states that the Department may consult with the ACPAC to assist in conducting the review and providing recommendations on improving the quality and quantity of information provided to passengers adversely affected by a cancellation or delay. At the December 2, 2021 meeting, the Committee will consider the quality and quantity of information on causes of airline delays or cancellations provided to passengers adversely affected by an airline cancellation or delay, focusing on whether it is an unfair or deceptive practice for an air carrier to inform a passenger that a flight is delayed or cancelled due to weather alone when other factors are involved.

B. March 21 and 22, 2022 Meeting

Two topics, one continuing from the December meeting and one new topic, will be discussed at the March 21 and 22, 2022 meeting—(1) Airline Ticket Refunds (continued) and (2) Enhancing Consumer Access to Airline Flight Information. Regarding airline ticket refunds, the Committee will continue to consider this topic and will discuss the Department's Airline Ticket Refunds Notice of Proposed Rulemaking which the Department anticipates will be issued prior to the March 21 and 22, 2022 meeting.

Regarding the second topic, the Executive Order on Promoting Competition in the American Economy, issued on July 9, 2021 (E.O. 14036), directed the Department to take action to protect consumers and promote competition. Specifically, the Department is directed, among other things, to “promote enhanced transparency and consumer safeguards, as appropriate and consistent with applicable law, including through potential rulemaking, enforcement actions, or guidance documents, with the aims of: (1) Enhancing consumer access to airline flight information so that consumers can more easily find a broader set of available flights, including by new or lesser known airlines; and . . .” The ACPAC will consider the topic of enhancing access to airline flight information so that consumers can more easily find a broader set of available flights.

BILLING CODE 4910-9X-P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA), VACO FOIA Service.

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, all agencies are required to publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records entitled “Freedom of Information Act (FOIA) Records—VA” (119VA005R1C).

DATES: Comments on this modified system of records must be received no later than 30 days after date of publication in the **Federal Register**. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by VA, the modified system of records will become effective a minimum of 30 days after date of publication in the **Federal Register**. If VA receives public comments, VA shall review the comments to determine whether any changes to the notice are necessary.

ADDRESSES: Comments may be submitted through www.regulations.gov or mailed to VA Privacy Service, 810 Vermont Avenue NW, (005R1A), Washington, DC 20420. Comments should indicate that they are submitted in response to “Freedom of Information Act (FOIA) Records—VA” (119VA005R1C). Comments received will be available at regulations.gov for public viewing, inspection, or copies.

FOR FURTHER INFORMATION CONTACT: James Killens III, Acting Director, VA FOIA Service (005R1C), Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 632-7233.

SUPPLEMENTARY INFORMATION: The Freedom of Information Act (FOIA) was enacted on July 4, 1966 and is a statutory law requiring Federal agencies to provide to the fullest extent possible release of agency information to the public, except to the extent that such

records (or portions of them) are protected from public disclosure by one of nine exemptions or by one of three special law enforcement record exclusions. The law provides individuals with a statutory right of access to certain federal agency records. FOIAXpress (FX) is the official VA mandatory FOIA tracking system. The FX System automates the FOIA business process for all FOIA requests received at the various VA departmental FOIA offices. FX is designed specifically to automate FOIA and Privacy Act (PA) request case processing, including request tracking and management, document management, electronic redaction, fee management and invoicing, and annual reporting. FX provides compliance with FOIA/PA regulations with a powerful application that will provide VA with a tool that will transform FOIA/PA processing from a cumbersome, manual process to an automated, electronic one. The FX system processes FOIA request data received by FOIA users. FOIA data consists of requests for information received from the public which includes personal identification information and financial information related to the processing of FOIA request.

As required by the Privacy Act of 1974, notice is hereby given that the Department of Veterans Affairs (VA) is adding a function to an existing system of records entitled "Freedom of Information Act (FOIA) Records—VA" (119VA005R1C). The amended system of records has added the Public Access Link (PAL). PAL is a public facing web page with a separate URL. PAL allows the requester to electronically submit their FOIA requests via a public facing website which links directly into the FX system. PAL will streamline the VA's FOIA intake process as it permits the requester to input their contact information, select requesters' category for fee purposes, select the appropriate VA office, receive a FX tracking number (case number), and generate a FOIA acknowledgement letter as mandated by law.
