

take of any marine mammals in violation of the ESA.

### National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216–6A, NMFS must review our proposed action (*i.e.*, the issuance of an IHA) with respect to potential impacts on the human environment.

This action is consistent with categories of activities identified in Categorical Exclusion B4 of the Companion Manual for NAO 216–6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has determined that the planned action qualifies to be categorically excluded from further NEPA review.

### Authorization

NMFS has issued an IHA to Dominion for the potential harassment of small numbers of 10 marine mammal species incidental to the conducting marine site characterization surveys offshore of Virginia in the area of the Commercial Lease of Submerged Lands for Renewable Energy Development on the Outer Continental Shelf Offshore Virginia (Lease No. OCS–A–0483) and along a potential submarine cable route to landfall locations, provided the previously mentioned mitigation, monitoring and reporting requirements are followed.
