Agency Information Collection Activities; Comment Request; Resource Justification Model (RJM)

ACTION: Notice.

SUMMARY: The Department of Labor's (DOL's) Employment and Training Administration (ETA) is soliciting comments concerning a proposed extension for the authority to conduct the information collection request (ICR) titled *Resource Justification Model (RJM)*. This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by September 7, 2021.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free by contacting Miriam Thompson by telephone at (202) 693–3226, TTY 1–877–889–5627 (these are not toll-free numbers), or by email at Thompson.Miriam@dol.gov.

Authority: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of

Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The collection of actual Unemployment Insurance (UI) administrative cost data from states' accounting records and projected expenditures for upcoming years is accomplished through the RJM data collection instrument. The data collected consist of program expenditures and hours worked by state staff, broken out by functional activity, for the most recently completed Federal fiscal year. These actual cost data, in combination with projected workloads, are used by ETA's UI administrative resource allocation model to distribute states' UI program administration funds. This information collection is authorized by Section 303(a)(6) of the Social Security Act and is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section.
