

Orphans and Vulnerable Children (PNOEV) was created. In December of that same year, it was officially decreed as an acting body of the MFFE; making the MFFE the only government institution that can do the following: (1) Reinforce collaboration between community-based organizations (CBOs) and health facilities; (2) Work closely with the Institute National de Formation Social (INFS) to improve financial, administrative, and management modules; (3) Work with the Ministry of National Education (MEN) to address gender-based violence (GBV) against adolescents and children; and (4) Maintain interventions in the social sector for control of the HIV epidemic clearly making this the sole and uniquely strong organization that can move this role forward, attain sustainability, and transfer back this role to the government.

Summary of the Award

Recipient: Ministry of Women, Families and Children (MFFE).

Purpose of the Award: The purpose of this award is to continue to build a sustainable national response to address the needs of OVC and their families and others highly affected by HIV/AIDS. This NOFO will support services to mitigate these effects in order to improve health and well-being outcomes of adults and children. In addition, the MFFE will work closely with the MEN to address adolescent girls' vulnerability by providing school-based HIV and prevention gender and education interventions.

Amount of Award: The approximate year 1 funding amount will be \$3,000,000 in Federal Fiscal Year (FFY) 2022 funds, subject to the availability of funds. Funding award amounts for years 2–5 will be set at continuation.

Authority: This program is authorized under Public Law 108–25 (the United States Leadership Against HIV AIDS, Tuberculosis and Malaria Act of 2003).

Period of Performance: September 30, 2022 through September 29, 2027.

Dated: March 2, 2022.

SUPPLEMENTARY INFORMATION: The single-source award will focus on building institutional capacity of the SPS in Zambezia for program development and planning and strengthening program implementation and oversight of activities related to HIV prevention, care, support, and treatment services funded by PEPFAR in Mozambique.

SPS Zambezia is in a unique position to conduct this work, as it leads all health services within the province of Zambezia. In Mozambique, the governmental public health infrastructure is organized into the central or national entity of the Mozambique Ministry of Health/Ministério da Saúde (MOH/MISAU), the

Provincial Health Directorates (DPs) that implement activities at the primary healthcare level, and the Provincial Health Service (SPS) that lead all health services within the province of Zambezia. The SPSs in Mozambique are government organizations established by law and mandated to plan, coordinate, and supervise all health-related activities at the tertiary and secondary level, including HIV/AIDS activities, within their provincial jurisdiction.
