DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection

Activities: Proposed Collection: Public Comment Request; National Hospital Organ Donation Campaign Activity

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects (Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995), HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR must be received no later than January 13, 2017.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14N–39, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call the HRSA Information Collection Clearance Officer at (301) 443–1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information request collection title for reference.

Information Collection Request Title: National Hospital Organ Donation Campaign Activity Scorecard OMB No. 0915–0373, Revision

Abstract: HRSA's Hospital Campaign, a special initiative of the Workplace Partnership for Life program, enlists the help of hospitals nationwide to increase the number of registered organ, eye, and tissue donors by hosting education and registry events in their hospitals and communities. The Activity Scorecard provides activity ideas to participating hospitals and assigns points to each activity. Hospitals that earn a certain number of points annually are recognized by HRSA and the campaign's national partners.

Need and Proposed Use of the Information: There is a substantial imbalance in the U.S. between the number of people whose life depends on an organ transplant (currently about 120,000) and the annual number of organ donors (approximately 14,000 living and deceased donors). In response to the need for increased donation, HRSA conducts public outreach initiatives to encourage the American public to enroll in their state donor registry as future organ donors. As part of this initiative, HRSA supports this National Hospital Organ Donation Campaign to involve hospitals throughout the nation as partners in the national effort to educate their staff and communities about the urgent need for donors and encourage donor registry enrollments.

The activity scorecard serves two key campaign functions: (1) It motivates and facilitates hospitals' participation in this campaign, and (2) it provides the basis for rewarding hospitals for their accomplishments. In providing more than 40 actionable donation promotion strategies hospitals can choose to implement, it eases the process of planning and participation for hospital teams. In addition, by attaching point levels to each activity, HRSA uses the information collected to recognize hospital achievements at bronze, silver, gold, and platinum point equivalents and provides certificates for all

hospitals achieving any recognition level.

A list of recognized hospitals is shared with all campaign participants during monthly webinars, in campaign e-newsletters, and in communication pieces sent out by the campaign's national partners, which include the American Hospital Association and the American Society of Transplantation. In addition, local donation organizations and participating state hospital associations use the results to pay tribute to HRSA-recognized hospitals in their local service areas. The information collected also helps HRSA identify best practices that are then shared with all hospital partners on the monthly webinars. This version of the scorecard contains two new opportunities for hospitals to earn points: A point is awarded for each donor registration a hospital motivates and points are awarded for reaching the hospital's donor registration goal.

Likely Respondents: Hospital development and public relations staff of organ procurement and other donation organizations, hospital staff such as nurses or public relations/communications professionals, and volunteers that work with the hospitals on organ donation initiatives.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Activity Scorecard (electronic PDF)	1,000	1	1,000	.125	125
Total	1,000		1,000		125

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Jason E. Bennett,

Director, Division of the Executive Secretariat.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Inaugural Meeting of the Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2030

AGENCY: Office of Disease Prevention and Health Promotion, Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The U.S. Department of Health and Human Services (HHS) announces the first in a series of federal advisory committee meetings regarding the national health promotion and disease prevention objectives for 2030. The first meeting will be held in the Washington, DC metropolitan area. These meetings will be open to the public. The Committee will review the nation's health promotion and disease prevention objectives and accomplishments and will recommend goals and objectives to improve the health status and reduce health risks for Americans by the year 2030. The Committee will advise the Secretary on the Healthy People 2030 mission statement, vision statement, framework, and organizational structure. The Committee will provide advice regarding developing criteria for identifying a more focused set of measurable, nationally representative objectives. The Committee's advice must assist the Secretary in reducing the number of objectives while ensuring that the selection criteria identifies the most critical public health issues that are high-impact priorities supported by current national data sets.

DATES: The Committee will meet for two days, December 1, 2016, from 9:00 a.m. to 5:00 p.m. and December 2, 2016, from 8:30 a.m. to 3:00 p.m. Eastern Time.

ADDRESSES: The meeting will be held at the 20 F Street Conference Center located at 20 F Street NW., Washington, DC 20001, Conference Rooms A and B.

FOR FURTHER INFORMATION CONTACT: Emmeline Ochiai, Designated Federal Officer, Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2030, U.S. Department of Health and Human Services, Office of the Assistant Secretary for Health, Office of Disease Prevention and Health Promotion, 1101 Wootton Parkway, Room LL-100, Rockville, MD 20852, (240) 453-8280 (telephone), (240) 543-8281 (fax). Additional information is available on the Healthy People Web site at <http://www.healthypeople.gov>.

SUPPLEMENTARY INFORMATION: The names of the 13 members of the Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2030 are available at <http://www.healthypeople.gov>.

Purpose of Meeting: Every 10 years, through the Healthy People initiative, the HHS leverages scientific insights and lessons from the past decade, along with the new knowledge of current data, trends, and innovations, to develop the next iteration of national health promotion and disease prevention objectives. Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has established and monitored national health objectives to meet a broad range of health needs, encourage collaborations across sectors, guide individuals toward making informed health decisions, and measure the impact of disease prevention and health promotion activities. Healthy People 2030 will reflect assessments of major risks to health and wellness, changing public health priorities, and emerging technologies related to our nation's health preparedness and prevention.

Public Participation at Meeting: Members of the public are invited to observe the Committee meeting. Please note that there will be no opportunity for oral public comments during the inaugural meeting of the Committee. However, written comments are welcomed throughout the development process of the national health promotion and disease prevention objectives for 2030 and may be emailed to HP2030@hhs.gov.

To observe the Committee meeting, individuals must pre-register at the Healthy People Web site at <http://www.healthypeople.gov>. Registrations must be completed by close of business

Eastern Time on November 28, 2016. Space for the meeting is limited and registration will be accepted until maximum room capacity is reached. A waiting list will be maintained should registrations exceed room capacity. Individuals on the waiting list will be contacted as additional space for the meeting becomes available. Registration questions may be directed to: Jim Nakayama at events@nakamotogroup.com, or (240) 672-4011.

Authority: 42 U.S.C. 217a. The Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2030 (Committee) is governed by provisions of the Federal Advisory Committee Act (FACA), Public Law 92-463, as amended (5 U.S.C., App.) which sets forth standards for the formation and use of federal advisory committees.

Dated: November 4, 2016.

Don Wright,

Deputy Assistant Secretary for Health, Disease Prevention and Health Promotion.
