

2610 using a low-water crossing has been dropped from further consideration. Instead, the ONF and WFLHD proposed to reestablish road access previously provided by FSR 2610 to ONF and Olympic National Park (ONP) recreational facilities by rerouting the road above its former location along the hill-slope above and to the north of the washout. Approximately 0.8 mile of single-lane road with turnouts would be constructed using standard construction methods. Furthermore, the ONF and WFLHD propose to repair the damage to ONP's Dosewallips Road in the vicinity of Dosewallips River Falls, about 0.85 mile from the ONF/ONP boundary. This proposed action also includes a proposal to amend the Forest Plan only for the proposed repair on FSR 2610.

Possible Alternatives

The potential alternatives have changed since the last Notice of Intent for this proposed action was published. In addition to the proposed action, the possible alternatives to restore access along the damaged section of FSR 2610 are: No action; reroute to restore access to cars, recreational vehicles, and trailers upslope of the damage with an emphasis to minimize the footprint of the road and thereby the resource impacts; and a bridge or causeway to restore access to cars, recreational vehicles and trailers. As in the case of the Proposed Action, the reroute alternative that would minimize the road footprint and impacts also includes proposals to amend the Forest Plan for the repair needed on FSR 2610. Any proposed amendments to the Forest Plan will be identified and analyzed in the EIS. Under all the action alternatives, the ONP proposes to repair the Dosewallips Road near the Dosewallips Falls.

Lead and Cooperative Agencies

The ONF (FS) and WFLHD (FHWA) will be co-lead agencies in preparation and completion of the EIS. The ONP (NPS) will be a cooperating agency in the completion of the EIS.

Notice of Proposed New Fee Sites; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108-447)

AGENCY: Mendocino National Forest, USDA Forest Service.

ACTION: Notice of proposed new fee sites.

SUMMARY: The Mendocino National Forest is proposing to charge new fees at 14 developed recreation sites. Fees are assessed based on the level of amenities and services provided, cost of operation and maintenance, market assessment, and public comment. The fees listed are only proposed and will be determined upon further analysis and public comment. Funds from fees would be used for the continued operation and maintenance of these recreation sites.

Pine Mountain Lookout will be available for overnight rental. The rental fee is recommended at \$50 per night. Lookout rentals offer a unique experience and are a widely popular offering on National Forests. Pine Mountain was recently restored to maintain the lookout's eligibility to the National Register of Historic Places. Fees would continue to help protect and maintain lookouts and their historic integrity.

The following recreation sites are currently fee free but we are recommending fees be charged in the future: Davis Flat Campground, Dixie Glade Campground, Fouts Campground, Lake Red Bluff Boat Launch, Little Stony Campground, Mill Creek Campground, North Fork Campground, Sacramento River Boat Launch, South Fork Campground, Deer Valley Campground, Penny Pines Campground, Howard Lake Campground, Howard Meadows Campground, and Little Doe Campground. Improvements have been made at many of these campgrounds including installing new fire rings, picnic tables and some new toilets. Improvements at these campgrounds were to address sanitation and safety concerns, and improve deteriorating resource conditions and recreation experiences. A financial analysis is being completed to determine fee rates. The proposed fees to help maintain these sites would range between \$5 and \$8 a campsite.

DATES: New fees would begin after October 1, 2007. The lookout rental will be listed with the National Recreation Reservation Service.
