

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a special local regulation interval lasting from 5 a.m. through 6 p.m., that will prohibit entry within waters of the Maumee River, Toledo, OH from the Martin Luther King Jr. Memorial Bridge at river mile 4.30 to the Michael DiSalle Bridge at river mile 6.73. It is

categorically excluded under section 2.B.2, figure 2–1, paragraph 34(h) of the Commandant Instruction. A Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated in the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

RIN 1625–AA08; AA00

Special Local Regulations and Safety Zones; Recurring Marine Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is updating the special local regulations and permanent safety zones in Coast Guard Sector Northern New England Captain of the Port Zone for annual recurring marine events. When enforced, these special local regulations and safety zones will restrict vessels from portions of water areas during certain annually recurring events. The special local regulations and safety zones are intended to expedite public notification and ensure the protection of the maritime public and event participants from the hazards associated with certain maritime events.

DATES: This rule is effective without actual notice on September 21, 2017. For the purposes of enforcement, actual notice will be used from June 26, 2017 through September 21, 2017.

II. Background Information and Regulatory History

On April 13, 2017, the Coast Guard published an NPRM in the **Federal Register** titled Special Local Regulations and Safety Zone; Recurring Marine Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone, (82 FR 17782), proposing to update special local regulations and safety zones. There we stated why we issued the NPRM and invited comments on our proposed regulatory action. No public comments or request for a public meeting were received during the NPRM process. Swim events, fireworks displays, and marine events are held on an annual recurring basis on the navigable waters within the Coast Guard Sector Northern New England COTP Zone. In the past, the Coast Guard has established special local regulations, regulated navigation areas, and safety zones for these annual recurring events on a case by case basis to ensure the protection of the maritime public and event participants from the hazards associated with these events. In the past year, events were assessed for their likelihood to recur in subsequent years or to be discontinued. These events were added to or deleted from the tables accordingly. In addition, minor changes to existing events were made to ensure the accuracy of event details.

The purpose of this rulemaking is to reduce administrative overhead, expedite public notification of events, and ensure the protection of the maritime public during marine events in the Sector Northern New England area.

We are issuing this rule under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. The comment period for the NPRM associated with the Special Local Regulations and Safety Zone; Recurring Marine Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone expired on May 15, 2017. The first events are scheduled to occur June 16, 2017. Thus, there is now insufficient time for a 30 day effective period before the need to enforce this safety zone and special local regulations. Delaying the enforcement of this safety zone and special local regulations to allow a 30 day effective period would be impracticable.

III. Legal Authority and Need for Rule

The Coast Guard issues this rulemaking under authority in 33 U.S.C. 1231. This rule updates the tables of annual recurring events in the existing regulation for the Coast Guard Sector

Northern New England COTP Zone. The tables provide the event name, sponsor, and type, as well as approximate times, dates, and locations of the events.

Advanced public notification of specific times, dates, regulated areas, and enforcement periods for each event will be provided through appropriate means, which may include, the Local Notice to Mariners, Broadcast Notice to Mariners, and a Notice of Enforcement published in the **Federal Register** at least 30 days prior to the event date. If an event does not have a date and time listed in this regulation, then the precise dates and times of the enforcement period for that event will be announced through a Local Notice to Mariners and, if time permits, a Notice of Enforcement in the **Federal Register**.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments to the NPRM published April 13, 2017. The single change from the NPRM is the modification of one position to the Colchester Triathlon held in Colchester, VT. The Coast Guard has adjusted a mistake to a position made in the NPRM that went unnoticed until after publication in the **Federal Register**.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and for promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

We expect the economic impact of this rule to be minimal. Although this regulation may have some impact on the public, the potential impact will be minimized for the following reason: The Coast Guard is only modifying existing regulations to account for new information.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated waters may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the

various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves water activities including swimming events, boat races, and fireworks displays. The regulatory actions related to these activities are categorically excluded from further review under paragraph 34(g)(Safety Zones) and (34)(h)(Special Local Regulations) of Figure 2–1 of Commandant Instruction M16475.ID. A Record of Environmental Consideration (REC) supporting this finding is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without

jeopardizing the safety or security of people, places or vessels.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2017–0855]

Drawbridge Operation Regulation; New Jersey Intracoastal Waterway (NJICW), Beach Thorofare, Margate City, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from
drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Margate Boulevard/Margate Bridge which carries Margate Boulevard across the NJICW (Beach Thorofare), mile 74.0, at Margate City, NJ. The deviation is necessary to facilitate urgent bridge maintenance. This deviation allows the bridge to remain in the closed-to-navigation position.

DATES: This deviation is effective without actual notice from September 21, 2017 through 7 p.m. on Sunday, October 8, 2017. For the purposes of enforcement, actual notice will be used from 7 a.m. on Monday September 18, 2017 until September 21, 2017.

ADDRESSES: The docket for this deviation, [USCG–2017–0855] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH”. Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Michael Thorogood, Bridge Administration Branch Fifth District, Coast Guard, telephone 757–398–6557, email Michael.R.Thorogood@uscg.mil.

SUPPLEMENTARY INFORMATION: The Margate Bridge Company, owner and operator of the Margate Boulevard/Margate Bridge that carries Margate Boulevard across the NJICW (Beach Thorofare), mile 74.0, at Margate City, NJ, has requested a temporary deviation from the current operating schedule to facilitate urgent maintenance of the structural steel of the bascule spans of the double bascule drawbridge. The bridge has a vertical clearance of 14 feet above mean high water in the closed position and unlimited clearance in the open position.

The current operating schedule is set out in 33 CFR 117.5. Under this temporary deviation, the bridge will be in the closed-to-navigation position from 7 a.m. on Monday, September 18, 2017, through 7 p.m. on Sunday, September 24, 2017, and from 7 a.m. on Monday, October 2, 2017, through 7 p.m. on Sunday, October 8, 2017.

The Beach Thorofare is used by recreational vessels. The Coast Guard has carefully coordinated the

restrictions with waterway users in publishing this temporary deviation.

Vessels will not be able to pass through the bridge in the closed-to-navigation position, as two construction barges will be occupying the navigation channel during the closure periods. The bridge will not be able to open for emergencies and there is no immediate alternative route for vessels unable to pass through the bridge in the closed position. The Coast Guard will also inform the users of the waterway through our Local Notice and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: September 18, 2017.

Hal R. Pitts,

Bridge Program Manager, Fifth Coast Guard District.
