

The term “disposable” is used to identify an aluminum article that is designed to be used once, or for a limited number of times, and then recycled or otherwise disposed.

“Containers, pans, and trays” are receptacles for holding goods.

The subject disposable aluminum lids are intended to be used in combination with disposable containers produced from aluminum or other materials (*e.g.*, paper or plastic). Where a disposable aluminum lid is imported with a non-aluminum container, only the disposable aluminum lid is included in the scope.

Disposable aluminum containers, pans, trays, and lids are also included within the scope regardless of whether the surface has been embossed, printed, coated (including with a non-stick substance), or decorated, and regardless of the style of the edges. The inclusion of a non-aluminum lid or dome sold or packaged with an otherwise in-scope article does not remove the article from the scope, however, only the disposable aluminum container, pan, tray, and lid is covered by the scope definition.

Disposable aluminum containers, pans, trays, and lids are typically used in food-related applications, including but not limited to food preparation, packaging, baking, barbecuing, reheating, takeout, or storage, but also have other uses. Regardless of end use, disposable aluminum containers, pans, trays, and lids that meet the scope definition and are not otherwise excluded are subject merchandise.

Excluded from the scope are disposable aluminum casks, drums, cans, boxes and similar containers (including disposable aluminum cups and bottles) properly classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 7612.90. However, aluminum containers, pans, trays, and lids that would otherwise be covered by the scope are not excluded based solely on the fact that they are being classified under HTSUS subheading 7612.90.5000 due to the thickness of aluminum being less than 0.04 mm or greater than 0.22 mm.

The flat-rolled aluminum used to produce the subject articles may be made to ASTM specifications ASTM B479 or ASTM B209–14, but can also be made to other specifications. Regardless of the specification, however, all disposable aluminum containers, pans, trays, and lids meeting the scope description are included in the scope.

Disposable aluminum containers, pans, trays, and lids are currently classifiable under HTSUS subheading 7615.10.7125. Further, merchandise that falls within the scope of this proceeding may also be entered into the United States under HTSUS subheadings 7612.90.1090, 7615.10.3015, 7615.10.3025, 7615.10.7130, 7615.10.7155, 7615.10.7180, 7615.10.9100, and 8309.90.0000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2021–2022; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of June 5, 2024 in which Commerce published the final results of the 2021–2022 administrative review of the antidumping duty (AD) order on circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea). This notice incorrectly listed two companies in Appendix II, incorrectly excluded one company from Appendix II, and incorrectly stated the name of another company in Appendix II.

FOR FURTHER INFORMATION CONTACT: Dusten Hom, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5075.

SUPPLEMENTARY INFORMATION:

Background

On June 5, 2024, Commerce published in the **Federal Register** the final results of the 2021–2022 administrative review of the AD order on CWP from Korea.¹ In Appendix II that lists the companies not individually examined, we inadvertently included the companies, Vesta Co., Ltd., which was not an initiated company in this review, and Hyundai Steel Company, which was a mandatory respondent company, not a non-examined company. We also misspelled the name of the company Samkand M&T as “Samkang M&T” and did not include NEXTEEL Co., Ltd. in Appendix II.

Correction

In the **Federal Register** of June 5, 2024, in FR Doc 2024–12344, on page 48145, in the second column, correct the appendix entitled “Appendix II—

List of Companies Not Individually Examined” by removing “Hyundai Steel Company” and “Vesta Co., Ltd.,” adding “NEXTEEL Co., Ltd.,” and changing “Samkang M&T” to “Samkand M & T.” The corrected appendix entitled “Appendix II—List of Companies Not Individually Examined” is attached to this notice.

Notification to Interested Parties

This notice is issued and published in accordance with section 751(a) of the Tariff Act of 1930, as amended, and 19 CFR 351.213.

Dated: June 6, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
