

addresses listed above no later than June 3, 2020.

SUPPLEMENTARY INFORMATION: The current BMGR land withdrawal and reservation expires in October 2024. In accordance with the Military Lands Withdrawal Act of 1999, the USAF and USMC have notified Congress of a continuing military need for the BMGR. National defense land withdrawal applications have been prepared and submitted to the Bureau of Land Management (BLM) in accordance with the Federal Land Policy and Management Act of 1976.

Purpose and Need for the Proposed Action: The purpose of extending the BMGR land withdrawal and reservation is to retain one of the nation's premier ranges for training tactical air-combat aircrews and other military personnel to fight, survive, and win in the air-ground battlespace, including development and testing of tactics. The readiness of air and ground forces is dependent on the quantity and quality of tactics development/testing and training that warfighters receive, which, in turn, is reliant on the capacities and capabilities of the ranges available to support their training. The BMGR's attributes of favorable location and flying weather, suitable land and airspace, diverse terrain, and developed training support facilities make it one of the most capable and productive tactical aviation ranges available to U.S. forces, and critical to supporting essential training both now and into the foreseeable future.

Description of the Proposed Action and Alternatives: The LEIS will analyze various alternatives for extending authorization for the BMGR. Preliminary alternatives have been developed. Comments received during scoping may result in changes or additions to these alternatives.

Alternative 1 would reauthorize the existing land withdrawal and management of BMGR for another 25 years. The USAF and USMC would continue to manage the withdrawn public lands in BMGR East and BMGR West, respectively. The USAF and USMC, through the Offices of the Secretary of the Air Force (SECAF) and Secretary of the Navy (SECNAV), would continue to consult with the Secretary of the Department of the Interior (SECDOI) before using the BMGR for non-reserved purposes. The existing boundary and land area of the BMGR, which encompasses approximately 1,733,921 acres, would not change. Alternative 1A would implement Alternative 1 except the period of withdrawal would be for another 50

years. Alternative 1B would implement Alternative 1 except the withdrawal would be for an indefinite period until the BMGR is no longer needed by the USAF and USMC. Alternative 1C would permanently transfer administrative jurisdiction of the lands comprising BMGR East and BMGR West to SECAF and SECNAV, respectively. Alternative 2 would reauthorize the existing land withdrawal and management of BMGR for another 25 years, but the BMGR East boundary would be extended to include the Gila Bend Addition, an area contiguous to and south of the Gila Bend Air Force Auxiliary Field that consists of approximately 2,366 acres of federal public land. USAF and USMC would continue to manage the withdrawn public lands in BMGR East and BMGR West, respectively. The SECAF and SECNAV would continue to consult with the SECDOI before using the BMGR for non-reserved purposes. Alternative 2A would implement Alternative 2 except the period of withdrawal would be for another 50 years. Alternative 2B would implement Alternative 2 except the withdrawal would be for an indefinite period until the BMGR is no longer needed by the USAF and USMC. Alternative 2C would permanently transfer administrative jurisdiction of the lands comprising BMGR East and the Gila Bend Addition to SECAF and BMGR West to SECNAV. The No Action alternative would consist of Congress not extending the land withdrawal, and the current land withdrawal and reservation would expire in October 2024. Military training and testing use of the range surface would end, including missions involving live-fire use of air-to-air, air-to-ground, ground-to-ground, or ground-to-air munitions. If Congress declines to extend the withdrawal and reservation of the BMGR, responsibility for the formerly withdrawn public lands in the BMGR would revert to Department of the Interior.

Brief Summary of Expected Impacts: The LEIS will consider potential impacts to land use, airspace, safety, noise, hazardous materials and waste, earth resources, water resources, air quality, transportation, wilderness and wilderness study areas, cultural resources, biological resources, socioeconomic, environmental justice, and any additional resources or alternatives identified through the scoping process.

Scoping and Agency Coordination: The scoping process will be used to involve the public early in the planning and development of the EIS, to help identify issues to be addressed in the environmental analysis. To effectively

define the full range of issues and concerns to be evaluated in the LEIS, the USAF and USMC are soliciting scoping comments from interested local, state, and federal agencies, Native American tribes, and interested members of the public. As a direct result of the National Emergency declared by the President on Friday, March 13, 2020, in response to the coronavirus (COVID-19) pandemic in the United States and the Center for Disease Control's recommendations for social distancing and avoiding large public gatherings, the Air Force has canceled the five public scoping meetings previously scheduled to occur between April 9, 2020 and April 30, 2020. This amended notice of intent cancelling the five previously scheduled public scoping meetings will also be published in the *Arizona Daily Star* (Tucson), *Ajo Copper News*, *Gila Bend Sun*, *Arizona Republic* (Phoenix metropolitan area), *Casa Grande Dispatch*, *The Glendale Star*, *Yuma Sun*, *Baja El Sol* (Yuma), *La Voz* (Phoenix), and *The Runner* (Tohono O'odham Nation) newspapers.

Adriane Paris,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF DEFENSE

Department of the Air Force

[Docket ID USAF-2020-HQ-0002]

Privacy Act of 1974; System of Records

AGENCY: Department of the Air Force (AF), Department of Defense (DoD).

ACTION: Notice of a modified System of Records.

SUMMARY: The AF is modifying the System of Records titled, "Telecommunications Notification System," F010 AFSPC A. This System of Records will become the DoD "Enterprise Mass Warning and Notification System (EMWNS)," DCIO 02 DoD. The DoD seeks to implement a system to quickly send alert notifications to Active Duty, Reserve, and National Guard personnel, dependents, DoD civilians, and contractors in an emergency event. The system efficiently notifies and communicates critical safety information to personnel located both on and off military locations. The system enables respondents to communicate with their respective

chains of command to account for themselves during emergency events.

DATES: This System of Records modification is effective upon publication; however, comments on the Routine Uses will be accepted on or before April 29, 2020. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Cynthia B. Stanley, Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700, or by phone at (703) 571-0070.

SUPPLEMENTARY INFORMATION:

Responding to the need for an enterprise-wide communication solution after the 2015 shooting in Chattanooga, TN, the DoD merged over 100 contracts together to facilitate the creation of a single system to provide a more cost-efficient, effective and rapid emergency communication capability. Critical parts of the EMWNS are designated as a National Security System. The entire system is designed to maintain high dependability and availability for the purpose of operational readiness during times of crisis.

The system notifies personnel of critical, time-sensitive communications through installation loud speakers (Giant Voice), government computers and phones, and mobile devices (government issued and personal). Implementing the EMWNS across the DoD provides a consistent, reliable communication system to ensure critical messaging during emergencies.

The EMWNS has two key capabilities. The first capability is to deliver reliable and secure emergency notifications to all personnel at all DoD locations 24 hours per day. The second capability is to account for personnel during a crisis by providing a platform for respondents to reply to the notifications and account for themselves in an emergency situation. The EMWNS also provides a duress capability through the mobile application as a measure of protection for recruiters and those personnel located at satellite locations away from military installations.

The DoD notices for Systems of Records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and Transparency Division website at <https://dpcl.d.defense.gov>.

The proposed systems reports, as required by the Privacy Act, as amended, were submitted on March 24, 2020, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

Dated: March 25, 2020.

Morgan E. Park,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

SYSTEM NAME AND NUMBER

Enterprise Mass Warning and Notification System (EMWNS), DCIO 02 DoD

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Defense Information System Agency (DISA), 8705 Industrial Boulevard, Tinker Air Force Base, OK 73145-336; Space and Naval Warfare Systems Center, 53560 Hull Street, San Diego, CA 92152-5001; and DoD Azure Cloud environment, 9 Eglin St, Hanscom Air Force Base, MA 01731-2100.

SYSTEM MANAGER(S):

Emergency Management Action Officer, Headquarters, Department of the Army, 400 Army Pentagon, Washington, DC 20310-0400.

Program Manager, C3I Infrastructure Division, Hanscom Air Force Base, MA

01731-2100, (781) 225-4319, aflcmc.hnii.EMWNS@us.af.mil.

Commander, Navy Installations Command, 716 Sicard Street SE Building 111, Washington Navy Yard, DC 20388-0001.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

10 U.S.C. 113, Secretary of Defense, 5 U.S.C. 7902, Safety Programs; 10 U.S.C. 136, Under Secretary of Defense for Personnel and Readiness; DoDD 5124.02, Under Secretary of Defense for Personnel and Readiness (USD (P&R); DoDI 3020.42, Defense Continuity Plan Development; DoDI 3020.52, DoD Installation Chemical, Biological, Radiological, Nuclear, and High-Yield Explosive (CBRNE) Preparedness Standards; DoD Instruction 6055.17, DoD Emergency Management (EM) Program.

PURPOSE(S) OF THE SYSTEM:

An overarching part of the DoD mission is to ensure the protection and safety of DoD personnel and DoD affiliated personnel. The EMWNS is a robust communication system that provides text and voice notifications to both hard-wired and electronic devices. The system integrates with DoD installation Giant Voice loudspeakers to broadcast sound alerts. The EMWNS is an enterprise solution for the DoD to notify and receive accountability information from personnel during emergencies. Additionally, the system supports a "duress" function through the mobile application. This function provides specific users, such as DoD recruiters, a means to alert local command and control units of safety threats.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Active Duty, Reserve, and National Guard personnel, dependents, DoD civilians, and contractors.

CATEGORIES OF RECORDS IN THE SYSTEM:

Name, DoD ID Number, Grade/Rank, Office/unit name, physical office location (building number), phone numbers (work, home, and mobile), and email addresses (work and personal). If the mobile application is downloaded and location data is turned on, Global Positioning System (GPS) data will be temporarily collected and stored when a user initiates the duress function.

RECORD SOURCE CATEGORIES:

Individuals.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C

552a(b) of the Privacy Act of 1974, as amended, the records contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

a. To contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the Federal Government when necessary to accomplish an agency function related to this System of Records.

b. To the appropriate Federal, State, local, territorial, tribal, foreign, or international law enforcement authority or other appropriate entity where a record, either alone or in conjunction with other information, indicates a violation or potential violation of law, whether criminal, civil, or regulatory in nature.

c. To any component of the Department of Justice for the purpose of representing the DoD, or its components, officers, employees, or members in pending or potential litigation to which the record is pertinent.

d. In an appropriate proceeding before a court, grand jury, or administrative or adjudicative body or official, when the DoD or other Agency representing the DoD determines the records are relevant and necessary to the proceeding; or in an appropriate proceeding before an administrative or adjudicative body when the adjudicator determines the records to be relevant to the proceeding.

e. To the National Archives and Records Administration for the purpose of records management inspections conducted under the authority of 44 U.S.C. 2904 and 2906.

f. To a Member of Congress or staff acting upon the Member's behalf when the Member or staff requests the information on behalf of, and at the request of, the individual who is the subject of the record.

g. To appropriate agencies, entities, and persons when (1) the DoD suspects or confirms a breach of the System of Records; (2) the DoD determines as a result of the suspected or confirmed breach there is a risk of harm to individuals, the DoD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the DoD's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

h. To another Federal agency or Federal entity, when the DoD determines information from this

System of Records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Paper and electronic.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

The system will retrieve data to send alerts to specific devices. GPS locator data may be collected when a user institutes a duress alert and only during that specific emergency event.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

EMWNS GPS Data: Destroy immediately after the notification.

EMWNS locator or personnel data (cards, machine listings, rosters and comparable data): Destroy when no longer needed.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Appointed and trained operators may access the system data. Access to the records is limited to person(s) responsible for servicing the records in performance of their official duties. These responsible individuals are properly screened and have a need-to-know of the system information. Records are stored in encrypted databases and are only accessible on DoD networks. The system uses Secured Sockets Layer (SSL) with Public Key Infrastructure (PKI) certificates in the data transfer protocols for encryption. Access to computerized data is restricted by Common Access Card (CAC). In addition, data is encrypted at rest and in transit. Authorized system operators with CACs may access the underlying system application. CAC authentication is required for users (recipients of notifications) to update their contact information and other personal data via a desk top computer. Users may only access their own data and may not access or see other individuals' data.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information about themselves contained in this System of Records should address written inquiries to the Office of the Secretary of Defense/Joint Staff Freedom of Information Act Request

Service Center, 1150 Defense Pentagon, Washington, DC 20301-1150. For verification purposes, individuals should provide their full name, DoD ID Number, System of Records Notice identification number, and any details which may assist in locating records and their signature. In addition, the requester must provide a notarized statement or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the following format:

If executed outside the United States: "I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)."

If executed within the United States, its territories, possessions, or commonwealths: "I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)."

CONTESTING RECORD PROCEDURES:

The DoD rules for accessing records, contesting contents, and appealing initial agency determinations are contained in 32 CFR part 310, or may be obtained from the system manager.

NOTIFICATION PROCEDURES:

Individuals seeking to determine whether information about themselves is contained in this System of Records at any AF installation should address written inquiries to the Office of the Secretary of Defense/Joint Staff Freedom of Information Act Requester Service Center, 1150 Defense Pentagon, Washington, DC 20301-1150. In addition, the requester must provide either a notarized statement or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the following format:

If executed outside the United States: "I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)."

If executed within the United States, its territories, possessions, or commonwealths: "I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)."

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.
