[RTID 0648–XF067]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Spiny Dogfish Monitoring Committee will hold a public meeting.

DATES: The meeting will be held on Monday, August 4, 2025, from 3 p.m.–5 p.m. For agenda details, see

SUPPLEMENTARY INFORMATION.

ADDRESSES: The meeting will be held via webinar. Connection information will be posted to the Council's calendar prior to the meeting at www.mafmc.org.

Council address: Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT:

Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: The Mid-Atlantic Fishery Management Council's Spiny Dogfish Monitoring Committee will meet via webinar on Monday, August 4, 2025, from 3 p.m. until 5 p.m. The purpose of this meeting is for the Monitoring Committee to develop recommendations regarding the framework adjustment action to modify spiny dogfish fishery accountability measures, including catch overage paybacks. More information on this action is available at <https://www.mafmc.org/actions/spiny-dogfish-accountability-measures-fw>.

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shelley Spedden, (302) 526–5251 at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 22, 2025.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Groundfish Subcommittee of the Scientific and Statistical Committee (SSC) will convene an in-person meeting to review 2025 groundfish stock assessments. The full SSC will convene an advance virtual meeting to review the recommendations of the SSC Groundfish Subcommittee for a subset of 2025 groundfish stock assessments, in addition to those reviewed during the September Pacific Council meeting. Both the full SSC and the SSC Groundfish Subcommittee meetings are open to the public with a web broadcast that provides the opportunity for remote listening and public comment.

DATES: The SSC Groundfish Subcommittee's meeting will be held Tuesday, August 12, 2025, from 8 a.m. Pacific Time until business for the day is completed, and reconvenes Wednesday, August 13, 2025, from 8 a.m. Pacific Time until business for the day has been completed. The SSC meeting will be held Wednesday, September 3, 2025, from 1 p.m. Pacific Time until 5 p.m. or until business for the day is completed.

ADDRESSES: The SSC Groundfish Subcommittee meeting will be held at the University of Washington, School of Aquatic and Fishery Sciences (SAFS) Room 203, 1122 NE Boat Street, Seattle, WA 98195; telephone: (206) 543–4270.

The full SSC meeting will be held virtually with an opportunity for remote public comment.

Specific meeting information, materials, and instructions for how to connect to these meetings remotely will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). In the event an outage occurs, or technical

issues arise that impact the experience of remote attendees, we will attempt to resolve them but ultimately, we cannot guarantee that they will be resolved satisfactorily.

Please send an email to Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org) or contact via phone at (503) 820–2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, P.O. 97220.

FOR FURTHER INFORMATION CONTACT:

Marlene A. Bellman, Staff Officer, Pacific Council; telephone: (503) 820–2414; marlene.bellman@pcouncil.org.

SUPPLEMENTARY INFORMATION: The SSC's Groundfish Subcommittee will review full benchmark assessments and stock assessment review (STAR) reports for yellowtail rockfish in the area North of 40°10' N latitude, quillback rockfish off California, chilipepper rockfish, rougheye/blackspotted rockfish, and sablefish. They will also review two update stock assessments for yelloweye rockfish and widow rockfish. Lastly, catch-only projections for petrale sole, canary rockfish, shortspine thornyhead, darkblotched rockfish, black rockfish off Oregon, and bocaccio will be reviewed. The SSC Groundfish Subcommittee will prepare their recommendations for the SSC and Pacific Council consideration at their meetings in September.

During the online meeting September 3, 2025, the SSC will review 2025 full benchmark assessments and stock assessment review (STAR) reports for yellowtail rockfish in the area North of 40°10' N latitude, quillback rockfish off California, and chilipepper rockfish. The remainder of the 2025 full and update stock assessments and catch-only projections will be reviewed by the SSC at the September 2025 Council meeting in Spokane, WA.

Assessment recommendations may include endorsing these new stock assessments for management use or requesting further analyses to be reviewed at the late September Supplemental Review panel (this process is outlined in the Pacific Council's Terms of Reference for the Groundfish Stock Assessment Review Process for 2025–2026 which can be found at <https://www.pcouncil.org/documents/2024/06/terms-of-reference-for-the-groundfish-stock-assessment-review-process-for-2025-2026-june-2024.pdf/>).

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to

those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Kris Kleinschmidt kris.kleinschmidt@pcouncil.org (503) 820-2412 at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 22, 2025.

Key Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XE875]

Marine Mammals; File No. 28810

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that NMFS Marine Mammal Laboratory, 7600 Sand Point Way NE, Seattle, WA 98115 (Responsible Party: John Bengtson, Ph.D.), has applied in due form for a permit to conduct research on pinnipeds.

DATES: Written comments must be received on or before August 25, 2025.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 28810 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 28810 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov.

noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Sara Young or Shasta McClenahan, Ph.D., (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to take six species of pinnipeds, including ESA-listed Guadalupe fur seals (*Arctocephalus townsendi*), and potential hybrids, along the U.S. west coast in the course of research to meet the mandates of the MMPA and ESA by improving NMFS' understanding of west coast pinniped species through monitoring population abundance and trends, health, and behavior. Research activities include: aerial, vessel, and ground surveys, photography/videography, capture and handling, and collection of scat and spew. Procedures to be performed on capture and/or handled individuals may include: drug administration, anesthesia, instrumentation, biopsy, marking (including hot branding); measuring, restraint, biological sampling, and weighing. Parts may be salvaged from mortalities that occur during research or carcasses encountered during research activities. Parts collected under this permit may be exported and imported for analysis, and parts may be imported from Canadian or Mexican collaborators. Conspecifics may be unintentionally harassed during research. The permit includes unintentional mortality for five target species, and hybrids, as well as intentional mortality of California sea lions (*Zalophus californianus*) to study premature and moribund pups. See the application for detailed numbers by species and procedure. The permit would be valid for 10 years from the date of issuance.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to

prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: July 22, 2025.

Shannon Bettridge,

Chief, Marine Mammal and Sea Turtle Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Traffic Coordination System for Space (TraCSS)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 28, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Traffic Coordination System for Space (TraCSS) Registration and Operation.

OMB Control Number: 0648-XXXX.

Form Number(s): None.

Type of Request: Regular submission [new information collection].

Number of Respondents: 250.

Average Hours per Response: Initial registration: 5 minutes; Satellite Owner/Operator Satellite Information and Attributes (aka Satellite File—Spacecraft Owners/Operators): 2 hours; Orbit Comprehensive Message (OEM) File (e.g., Spacecraft ephemeris with maneuver plan): 15 minutes.

Total Annual Burden Hours: 6,289.

Needs and Uses: This is a request for a new collection of information. The
