BILLING CODE 4312–51–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (07–050)]

NASA Advisory Council; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–463, as amended, the National Aeronautics and Space Administration announces a meeting of the NASA Advisory Council. The agenda for the meeting includes updates from each of the Council committees, including discussion and deliberation of potential recommendations. The Council Committees address NASA interests in the following areas: Aeronautics, Audit and Finance, Space Exploration, Human Capital, Science, and Space Operations. **DATES:** Thursday, July 19, 2007, 8 a.m.—4:30 p.m.

ADDRESSES: Marshall Space Flight Center (MSFC), Building 4200, Room P110 (10th floor), Marshall Space Flight Center, AL 35812–0001. (Note that visitors will first need to go to the MSFC Visitor's Center to gain access.)

FOR FURTHER INFORMATION CONTACT: Mr. Christopher Blackerby, Designated Federal Official, National Aeronautics and Space Administration, Washington, DC, 20546, 202/358–4688.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the seating capacity of the room. All U.S. citizens desiring to attend the NASA Advisory Council Meeting at the Marshall Space Flight Center (MSFC) must provide their full name, company affiliation (if applicable), citizenship, place of birth, and date of birth to the MSFC Security Office no later than the close of business on July 10, 2007. All non-U.S. citizens must submit their name, current address, citizenship, company affiliation (if applicable) to include address, telephone number, and their title, place of birth, date of birth, U.S. visa information to include type, number, and expiration date, U.S. Social Security Number (if applicable),

Permanent Resident Alien card number and expiration date (if applicable), place and date of entry into the U.S., and Passport information to include Country of issue, number, and expiration date to the MSFC Security Office no later than the close of business on July 5, 2007. If the above information is not received by the noted dates, attendees should expect a minimum delay of two (2) hours. All visitors to this meeting will be required to process in through the Redstone/MSFC Joint Visitor Control Center located on Rideout Road, north of Gate 9 prior to entering MSFC. Please provide the appropriate data, via fax 256-544-2101, noting at the top of the page "Public Admission to the NASA Advisory Council Meeting at MSFC." For security questions, please call Becky Hopson at 256-544-4541.

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Dated: June 19, 2007.

P. Diane Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space
Administration.*

BILLING CODE 7510-13-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public

comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before July 25, 2007 (Note that the new time period for requesting copies has changed from 45 to 30 days after publication). Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001.

E-mail: requestschedule@nara.gov.

Fax: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1539. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the

Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.

Schedules Pending (Note that the new time period for requesting copies has changed from 45 to 30 days after publication):

1. Department of Agriculture, Rural Development (N1-221-06-1, 3 items, 3 temporary items). Inputs, master files, and system documentation relating to an electronic system that manages and processes direct and guaranteed loans and grants for rural electric, telecommunications, water, and environmental programs.

2. Department of the Air Force, Air Force Research Laboratory (N1-AFU-07-1, 13 items, 7 temporary items). Records related to the Air Force Health Study of the health effects of the use of herbicides in Vietnam during the Vietnam War. Included are participant medical files including paper copies, PDF images, X-rays, and dental films; monitor's notes; and queries and other derived datasets. Proposed for permanent retention are the master database, database documentation, hard copy photographs, administrative history files, and a set of technical reports.

3. Department of Defense, National Geospatial-Intelligence Agency (N1-537-03-11, 19 items, 15 temporary items). Geodetic reference files and copies of field survey records, control point descriptions, control photography, planetable drawings, geodetic control
