DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by November 3, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Risk Management Agency

Title: Area Risk Protection Insurance.
OMB Control Number: 0563–0083.

Summary of Collection: FCIC is a wholly-owned Government corporation created February 16, 1938 (7 U.S.C. 1501). The program was amended previously, but Public Law 96–365, dated September 26, 1980, provided for nationwide expansion of a comprehensive crop insurance program. The Federal Crop Insurance Act (Act), as amended in later years, further expanded the role of the crop insurance program to be the principal tool for risk management by producers of agricultural commodities. The Act further required that the crop insurance program operate on an actuarially sound basis. To meet these goals, existing crop programs must be improved and expanded, new crop products developed, and new insurance concepts studied for possible implementation. Meeting these goals requires the collection of a wide range of information (data elements). These data elements are used in part to determine insurance coverage, premiums, subsidies, payments, and indemnities. It creates an information database used to support continued development and improvements in crop insurance products available to producers and which meet the goal of a sound insurance program. The Act was again amended on June 20, 2000, by Public Law 106–224 which mandates changes to crop insurance regulations, provides for independent review of crop insurance products by persons experienced as actuaries and in underwriting, and gives contracting authority for the development of new products.

Need and use of the Information: The Area Risk Protection Insurance (ARPI) includes three separate plans of insurance: (1) Area Revenue Protection which protects against price declines and automatically includes Upside Harvest Price Protection (UHPP) which protects against price increases; (2) ARP with the Harvest Price Exclusion, which excludes UHPP and protects against price declines but not against price increases; and (3) Area Yield Protection which only protects against loss of yield. Using a wide range of data elements producers are required to

report specific data when they apply for ARPI such as acreage and yields. Insurance companies accept applications; issue policies; establish and provide insurance coverage; compute liability, premium, subsidies, and losses; indemnify producers; and report specific data to FCIC as required in Appendix III/M13 Handbook.

If producers and insurance companies did not submit the required data at the specified time, accurate liabilities, premium, and subsidies may not be determined, errors may not be resolved timely, producers may not receive accurate indemnities, payments may be late, crop insurance may not be actuarially sound as mandated by the Act.

Description of Respondents: State, Local, and Tribal Governments.

Number of Respondents: 15,509.

Frequency of Responses: Annually.

Summary of Collection: The Rural Housing Service (RHS), Rural Business and Cooperative Service (RBCS) and Rural Utilities service (RUS) agencies within the Rural Development mission area, hereinafter referred to as Agency, is the credit Agency for agriculture and rural development for the United States Department of Agriculture. The Agency offers offer loans, grants and loan guarantees to help create jobs and support economic development and essential services such as housing; health care; first responder services and equipment; and water, electric and communications infrastructure.

The Authorities that allow the Rural Housing Service (RHS), Rural Business and Cooperative Service (RBCS) and Rural Utilities service (RUS), Agencies within Rural Development (RD) are as follows:

The RHS is authorized under various sections of Title V of the Housing Act of 1949, as amended, to provide financial assistance to construct, improve, alter, repair, replace, or rehabilitate dwellings, which will provide modest, decent, safe, and sanitary housing to eligible individuals in rural areas. The Consolidated Farm and Rural Development Act, as

amended, authorizes the credit programs of the RHS, RBCS and RUS to provide financial assistance for essential community facilities such as construction of community facilities and water and waste systems; and the improvement, development, and financing of businesses, industries, and employment.

In several sections of both acts, loan limitations are established as percentages of development costs, requiring careful monitoring of those costs. Also, the Secretary is authorized to prescribe regulations to ensure that Federal funds are not wasted or dissipated. The information collection under OMB Number 0575-New will enable the Agencies to effectively monitor a recipient's compliance with the conditions set forth in the loan and/or grant agreement.

The Secretary of Agriculture is authorized by 7 U.S.C. 1936(b) to make or guarantee loans to eligible entities (Indian tribes, public agencies, cooperatives and nonprofit corporations) so that loans will be provided to individuals and entities for the purposes that predominantly serve communities in rural areas and promote community development, establish new businesses, establish and support microlending programs and create or retain employment opportunities.

The Agencies are required to provide Federal financial assistance through its housing and community and business programs. The laws implemented in 7 CFR part 1942, require the recipients of RD Federal financial assistance to collect various types of information. Recipients of awards are required to submit reporting and payment request information to facilitate monitoring of the award and disbursement of funds.

Need and Use of the Information: The information collected is of such type and nature that the use of improved information technology, such as data and word processing would not significantly reduce the public burden. Information for each loan/grant application is unique and, therefore, cannot take significant advantage of this technology. Forms have been automated and are available on the USDA Service Center website. Provision of information is faster, however the time for electronic input roughly equals the time for handwriting the form.
