

range of the species in California for the purpose of enhancing its survival.

Permit No. TE-064359

Applicant: Sophie Chiang, Irvine, California.

The applicant requests a permit to take (survey by pursuit) the Quino checkerspot butterfly (*Euphydryas editha quino*) in conjunction with demographic research throughout the range of the species in California for the purpose of enhancing its survival.

Permit No. TE-020548

Applicant: U.S. Geological Survey, Biological Resources Division, Western Ecological Science Center, Vallejo, California.

The permittee requests an amendment to take (capture, mark, and release) the salt marsh harvest mouse (*Reithrodontomys raviventris*) in conjunction with genetic research throughout the southern range of the species in California, and extend the geographic area to throughout the range of the species in California to take (harass by survey) the California clapper rail (*Railus longirostris obsoletus*) in conjunction with distribution studies for the purpose of enhancing their survival.

Permit No. TE-017352

Applicant: Commonwealth of the Northern Mariana Islands, Saipan, Mariana Islands.

The permittee requests an amendment to take (locate and monitor nests) the Nightingale reed-warbler (*Acrocephalus luscini*) in conjunction with research in the Northern Mariana Islands for the purpose of enhancing its survival.

Permit No. TE-795934

Applicant: Jones & Stokes, Sacramento, California.

The permittee requests an amendment to take (harass by survey) the Cactus ferruginous pygmy-owl (*Glaucidium brasilianum pactorum*) in conjunction with demographic studies in Arizona for the purpose of enhancing its survival.

Permit No. TE-016591

Applicant: Wendy Weber, Hayward, California.

The permittee requests an amendment to take (harass by survey, capture, and release) the Sonoma and Santa Barbara distinct population segments of the California tiger salamander (*Ambystoma californiense*) in conjunction with demographic research in Sonoma and Santa Barbara Counties, California for the purpose of enhancing their survival.

Permit No. TE-064944

Applicant: Charles Patterson, Lafayette, California.

The applicant requests a permit to take (harass by survey, capture, and release) the Sonoma distinct population segment of the California tiger salamander (*Ambystoma californiense*) in conjunction with demographic research in Sonoma County, California for the purpose of enhancing its survival.

Permit No. TE-797665

Applicant: Regional Environmental, Inc., San Diego, California.

The permittee requests an amendment to remove/reduce to possession the *Ambrosia pumila* (San Diego ambrosia) in conjunction with research in Riverside and San Diego Counties, California for the purpose of enhancing its survival.

Permit No. TE-702631

Applicant: Regional Director, Region 1, U.S. Fish and Wildlife Service, Portland, Oregon.

The permittee requests an amendment to remove/reduce to possession *Lomatium cookii* (Cook's lomatium) and *Limnanthes floccosa grandiflora* (large-flowered wooly meadowfoam) in conjunction with recovery efforts throughout the range of each species for the purpose of enhancing their propagation and survival.

We solicit public review and comment on each of these permit applications.

Dated: December 2, 2002.

Rowan Gould,

Regional Director, Region 1, U.S. Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of the Revised Assessment Plan for the Natural Resource Damage Assessment at the St. Louis River/Interlake/Duluth Tar Superfund Site

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: Notice is given that the document titled "Assessment Plan for the Natural Resource Damage Assessment at the St. Louis River Interlake/Duluth Tar Superfund Site, 9/24/02" ("The Plan") is available for public review. The U.S. Departments of

the Interior (Fish and Wildlife Service, Bureau of Indian Affairs) and Commerce (National Oceanic and Atmospheric Administration), The State of Minnesota (Minnesota Department of Natural Resources, Minnesota Pollution Control Agency), The Fond du Lac Band of Lake Superior Chippewa, and The 1854 Authority (representing the Bois Forte Band and Grand Portage Band of Lake Superior Chippewa) are trustees for natural resources ("trustees") considered in this assessment, pursuant to subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan, 40 CFR 300.600 and 300.610, and Executive Order 12580.

The trustees are following the guidance of the Natural Resource Damage Assessment Regulations found at 43 CFR part 11, and provided the public an opportunity to review a draft Plan and submit comments (67 FR 132, Jul. 10, 2002). The trustees considered all comments received, and revised the draft Plan. The Plan announced by this Notice is considered to be complete for implementation, as provided for in 43 CFR 11.32(c).

Interested members of the public are invited to review the Plan. Copies of the Plan can be requested from the address listed below.

DATES: The trustees completed revisions to the Plan on September 24, 2002.

ADDRESSES: Requests for copies of the Plan should be sent to: Marilyn Danks, Trustee Coordinator, Minnesota Department of Natural Resources, Division of Ecological Services, 500 Lafayette Road, St. Paul, MN 55155-4025. You may also submit requests for copies of the Plan by sending electronic mail (e-mail) to: marilyn.danks@dnr.state.mn.us. See **SUPPLEMENTARY INFORMATION** for information about electronic mailing and access.

FOR FURTHER INFORMATION CONTACT: *Case Management and Logistical Information:* Dave Warburton, (612) 725-3548 (x203) *Technical Information:* Annette Trowbridge, (612) 725-3548 (x202).

SUPPLEMENTARY INFORMATION: The trustees are undertaking an assessment of damages resulting from suspected injuries to natural resources in and near the Lower St. Louis River which have been exposed to hazardous substances released by industrial activity at the St. Louis River/Interlake/Duluth Tar Superfund Site. The trustees suspect this exposure has caused injury and resultant damages to trustee resources. The injury and resultant damages will be assessed under the Comprehensive Environmental Response,

Compensation, and Liability Act, as amended, and the Clean Water Act, as amended, in order to determine the appropriate type and extent of resource restoration. The Assessment Plan addresses the trustees' overall assessment approach, and utilizes both existing data as well as additional data to be collected as described in study workplans attached to the Plan. It is important to note that the purpose of the Plan is to organize the approach for determining and quantifying natural resource injuries and calculating the damages associated with those injuries; the Plan is not a claim for damages for injuries to all natural resources listed in the Assessment Plan. The trustees provided the public an opportunity to review a draft Plan and submit comments (67 FR 132, Jul. 10, 2002). All comments received by the trustees in response to the draft Plan were carefully reviewed and considered. As a result, a number of revisions were made to the draft Plan. Revisions made to the draft Plan in response to public comments include minor wording changes clarifying the responsible parties as identified by Minnesota Pollution Control Agency, decisions regarding implementation of the assessment, the State's role under the Minnesota Environmental Response, Compensation, and Liability Act, and coordination of the assessment with the Remedial Investigation/Feasibility Study process. A paragraph was also added to clarify the availability of quality assurance project plans for trustee-conducted studies. Other changes included corrected capitalization of words and citations and/or references, wording edits, additions of scientific names for fish and wildlife species, and updated confirmation of exposure values. The Avian Exposure and Injury Study Workplan did not change. The Methods section of the Fish Exposure and Injury Study Workplan was rearranged to clarify procedures, and to note that individual fish are being analyzed in 2002, for greater statistical strength in the study. A "Revisions to Draft Assessment Plan" document, is included with the Plan, and provides a listing of all revisions. These revisions are not significant and do not alter the scope or methodologies proposed for the assessment. Therefore, the Assessment Plan, with these modifications, is considered to be complete for implementation. All of the comments received on the draft Plan during the public review period, as well as trustee responses to those comments, will be included in the Report of Assessment to

be completed at the conclusion of the assessment.

This Plan may be modified at any stage of the assessment as new information becomes available. If significant modifications are made to this Plan, and when other major planning documents and/or reports that are part of the assessment process are completed, the trustees will solicit public comments on the modifications or other documents as provided in 43 CFR part 11. Any further Plan modifications considered to be non-significant will be made available for public review, but the implementation of such modifications will not be delayed as a result of the review. Plan addenda may be prepared by the trustees to provide public notice of additional data collection activities. Restoration of natural resources will be proposed by the trustees following the assessment.

Electronic Mail and Access

You may request copies of the Plan, and the "Revisions to Draft Assessment Plan" document, by sending electronic mail (e-mail) to: marilyn.danks@dnr.state.mn.us. Do not use any special characters or forms of encryption in your e-mail.

Dated: November 22, 2002.

William F. Hartwig,

Regional Director, Region 3, U.S. Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-930, 1430-EU; N-65600]

Notice of Realty Action: Competitive Sale of Public Land

AGENCY: Bureau of Land Management, Interior.

ACTION: Competitive sale of public land in Humboldt County, Nevada.

SUMMARY: The below listed public land in Oroville, Humboldt County, Nevada, has been examined and found suitable for disposal pursuant to sections 203 and 209 of the Federal Land Policy and Management Act (FLPMA) of October 21, 1976 (90 Stat. 2750, 43 U.S.C. 1713 and 1719), and the Federal Land Transaction Facilitation Act of July 25, 2000 (Pub. L. 106-248).

DATES: For a period of 45 days from publication of this notice in the **Federal Register**, interested parties may submit comments to the Assistant Field Manager, Nonrenewable Resources.

ADDRESSES: Written comments should be addressed to Bureau of Land Management, Colin P. Christensen, Assistant Field Manager, Nonrenewable Resources, 5100 E. Winnemucca Blvd., Winnemucca, NV 89445.

SUPPLEMENTARY INFORMATION: The following described parcel of land, situated in Humboldt County, Nevada, is being offered for sale as a competitive sale:

Mount Diablo Meridian, Nevada

T. 45 N., R. 37 E., Section 35, S $\frac{1}{2}$ SE $\frac{1}{4}$
Containing 80 acres more or less

This land is not required for any federal purposes. The sale is consistent with current Bureau planning for this area and would be in the public interest. The subject land shall be sold for not less than fair market value as determined by appraisal. The locatable, salable, and leasable mineral rights will be conveyed simultaneously with the surface estate. The Fort McDermitt Tribe did not respond to Consultation. The disposal would not generate any adverse energy impacts or limit energy production and distribution (EO 13212).

The above described land is hereby classified for disposal in accordance with Executive Order 6910 and the Act of June 28, 1934, as amended. Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, and leasing under the mineral leasing laws. This segregation will terminate upon issuance of a patent or 270 days from the date of this publication, whichever occurs first. Upon publication of this notice and until completion of the sale, the BLM is no longer taking or accepting land use applications affecting the parcel being offered for sale.

This sale will be by competitive procedures. Bids must not be less than the appraised fair market value. The appraised fair market value is \$26,000.00 (twenty-six thousand dollars and no cents). All bids shall be sealed. Each sealed bid shall be accompanied by a certified check, postal money order, bank draft, or cashier's check made payable to the Department of the Interior, Bureau of Land Management for not less than 10 percent or more than 30 percent of the bid amount. Sealed bid envelopes must be marked on the lower left corner with the sale date and the number "N-65600". At least 60 days prior to the sale, the sale date and appraised fair market value shall be advertised for three consecutive weeks in the Humboldt Sun and Battle
