

program” that includes a schedule of discounts for services, or “sliding fee discount schedule,” that ensures financial barriers to care are minimized for patients who meet certain eligibility criteria. All Section 330-funded health centers and FQHC Look-Alikes must utilize a sliding fee discount schedule that provides discounts to eligible patients based on their family size and income.

The purpose of this PIN is to provide clarification on Health Center Program sliding fee discount program requirements including: (1) A schedule of fees for services; (2) a corresponding schedule of discounts for eligible patients that is adjusted on the basis of the patient’s ability to pay (referred to as the sliding fee discount schedule, or SFDS for the purposes of this PIN); and (3) governing board-approved policies and procedures, including those around billing, collections, and waivers or reductions of any fees or payments required by the center for services that support the fee and discount schedules based on an individual’s ability to pay. When finalized, this PIN will supersede all other previous Health Center Program guidance and policy issued on this program requirement. However, please note that this policy does not supersede patient billing requirements resulting from a health center’s FQHC status under Titles XVIII and XIX of the Social Security Act (the Medicare and Medicaid programs), its implementing regulations, or policies.

HRSA’s Bureau of Primary Health Care is making this draft PIN available for comment. When providing comments, please be as specific as possible, and reference the section of the PIN and/or page number(s). Comments will be reviewed and analyzed, and a final PIN, along with a summary and general response to comments, will be published as soon as possible after the comment submission deadline. Comments should be submitted to [OPPDSFPIN@hrsa.gov](mailto:OPPDSFPIN@hrsa.gov) by the close of business on September 28, 2012.

**ACTION:** Notice.

**SUMMARY:** The Health Resources and Services Administration’s (HRSA) Maternal and Child Health Bureau, located within the Department of Health and Human Services (HHS), announces the launch of the “Stop Bullying Video Challenge.” Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Bullying can affect everyone—those who are bullied, those who bully, and those who witness bullying. Bullying is linked to many negative outcomes including impacts on mental health, substance use, and suicide. The Federal Partners for Bullying Prevention is a Federal workgroup which is comprised of 9 departments, with 34 offices within those 9 departments, dedicated to preventing and ending bullying in schools and communities across the nation. HRSA and the Federal Partners are launching a video challenge that will encourage and motivate youth to prevent bullying.

The goal of the contest is to create an impact through accepting videos that demonstrate:

1. Peer-to-peer communication,
2. Positive messaging, and
3. Promotion of the

[www.stopbullying.gov](http://www.stopbullying.gov) Web site. By using these guidelines, contestants will create relevant, youth-designed videos that stand to increase knowledge about bullying and how to prevent it.

**DATES:** Contestants can begin submission of tools on August 7, 2012, until the end of the submission period October 10, 2012. Judging will take place between October 11 and December 2, 2012. Winners will be notified and prizes awarded no later than December 31, 2012.

A panel of expert judges will then choose the top three videos submitted. The top three videos will be posted on [www.stopbullying.gov](http://www.stopbullying.gov) and recognized as the winners of this PSA contest. The grand prize winner will be selected from the top three videos by a public majority vote via challenge.gov. All three winners will receive a prize. There will be one grand prize award of \$2,000 and

two runners-up awards of \$500 given to winning contestants. An expert panel of judges, qualified by training and experience, will evaluate the submissions on the criteria identified below. Judges will be fair and impartial, may not have a personal or financial interest in, or be an employee, officer, director, or agent of, any entity that is a registered participant in the competition, and may not have a familial or financial relationship with an individual who is a registered contestant. The panel will provide expert advice on the merits of each submission to HRSA officials responsible for final selections for award.

## Judging Criteria

Message and Appropriateness to Theme (50%)

- The message is effective at promoting greater public awareness about bullying issues and conveys clear and concise steps that can be taken to motivate youth to prevent bullying.

- Involves kids talking to kids. While working with adults to communicate the message is encouraged, the PSA should feature youth addressing their peers on the issue of bullying.

- Communicates a positive message. The focus should be on how youth can be more than a bystander, rather than a PSA that solely explains why bullying is wrong. HRSA *encourages creating a video that promotes an environment where kindness and respect for others matters.*

- The anti-bullying message is supported by information found on [www.stopbullying.gov](http://www.stopbullying.gov), and includes the Web site URL for 3 seconds at the end of the video.

Creativity & Originality (30%)

- Video concept and approach is unique.

- Entrant employs innovative methods to convey the message.

- Audio and visual enhance, rather than distract from, the underlining message.

Audience Appeal/Quality (20%)

- Audio quality—any dialogue that can be easily understood; music and/or sound effects are of adequate fidelity.

- Visual quality—video production appears professional; any visual effects contribute rather than distract from message.

## Winners and Recognition

Winners will be identified and notified prior to the date of public announcement and promotion of winners. All winning tools will be

featured on [www.stopbullying.gov](http://www.stopbullying.gov) and [www.challenge.gov](http://www.challenge.gov), and via social media channels, including, but not limited to, Facebook, Twitter, and YouTube pages. There will be up to 3 winners.

### Intellectual Property Rights

All videos submitted to the Stop Bullying Video Challenge remain the intellectual property of the individuals who developed them. Submissions will be made available free of charge to the public. The Federal Government also reserves the right to make all submitted videos available for partners and local access stations to feature winners or local contestants.

Except where prohibited, participation in the Contest constitutes the winner's consent to use of the winner's name, likeness, photograph, voice, opinions, and/or hometown and state information by the Contest's sponsors and/or agents for promotional purposes in any media, worldwide, without further payment or consideration.

### Copyright

The contestant warrants that the identified individual(s) involved are the sole author(s) and owner(s) of the Contest submission, that the Contest submission completely originates with the identified participants, that it does not infringe upon any copyright or any other rights of any third party of which the contestant(s) is aware, and that it is free of malware. The contestant cannot submit material that participating individuals between the ages of 13 and 18 did not create and do not own. The contestant cannot take material from any other source.

### Liability

The contestant/submitter agrees to assume any and all risks and waive claims against the Federal Government and its related entities, except in the case of willful misconduct, for any injury, death, damage, or loss of property (including any damage that may result from a virus, malware, etc., to Government systems utilized to play the video), revenue, or profits, whether direct, indirect, or consequential, arising

from their participation in the competition, whether the injury, death, damage, or loss arises through negligence or otherwise.
