DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. EL12–88–000]

**Shell Energy North America (US), L.P.
v. California Independent System
Operator Corporation; Notice of
Complaint**

Take notice that on July 25, 2012, pursuant to Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Shell Energy North America (US), L.P. (Complainant) filed a formal complaint against the California Independent System Operator, Inc. (Respondent) alleging that the imposition of a penalty on Complainant through application of certain provisions of the Respondent's Tariff is unjust and unreasonable.

The Complainant certifies that copies of the complaint were served on the contacts for the Respondent as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket Nos. CP12–11–000; CP12–11–001]

**Elba Express Company, L.L.C.; Notice
of Availability of the Environmental
Assessment for the Proposed Hartwell
Compressor Station Project**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Hartwell Compressor Station Project, proposed by Elba Express Company, L.L.C. (Elba Express) in the above-referenced dockets. Elba Express requests authorization to construct new natural gas facilities in Hart County, Georgia. The Hartwell Compressor Station Project would provide up to 220 million cubic feet per day of natural gas transportation capacity.

The EA assesses the potential environmental effects of the construction and operation of the Hartwell Compressor Station Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Elba Express seeks to amend its authorization in Docket No. CP06–471 for the Elba Express Pipeline Project by proposing to move the previously approved compressor station in Jenkins County, Georgia. Elba Express now proposes to construct the 10,000-horsepower Hartwell Compressor Station on a 30.0-acre site at approximate milepost 186 on Elba Express' pipeline in Hart County, Georgia.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups;
