SUPPLEMENTARY INFORMATION:

Executive Order 12866

This interim rule is issued in conformance with Executive Order 12866 and has been determined to be significant and has been reviewed by the Office of Management and Budget.

Regulatory Flexibility Act

It has been determined that the Regulatory Flexibility Act is not applicable to this rule because the Farm Service Agency (FSA) is not required by 5 U.S.C. 533 or any other provision of law to publish a notice of proposed rulemaking with respect to the subject matter of this rule.

Environmental Evaluation

It has been determined by an environmental evaluation that this action will have no significant impact on the quality of the human environment. Therefore, neither an environmental assessment nor an Environmental Impact Statement is needed.

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988. The provisions of this rule preempt State laws to the extent such laws are inconsistent with the provisions of this rule. Before any legal action may be

brought regarding determinations of this rule, the administrative appeal provisions set forth at 7 CFR part 780 must be exhausted.

Executive Order 12372

This program is not subject to the provisions of Executive Order 12372, which require intergovernmental consultation with State and local officials. See the notice related to 7 CFR part 3014, subpart V, published at 48 FR 29115 (June 24, 1983).

Unfunded Mandates Reform Act of 1995

This rule contains no Federal mandates under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) for State, local, and tribal governments or the private sector. Thus, this rule is not subject to the requirements of sections 202 and 205 of the UMRA.

Paperwork Reduction Act of 1995

In accordance with the Paperwork Reduction Act of 1995, FSA has submitted an emergency information collection request (ICR) to OMB for the approval of the Lamb Meat Adjustment Assistance Program report as necessary for the proper functioning of the program.

Title: Lamb Meat Adjustment Assistance Program.

OMB Control Number: 0560—New.

Type of Request: Request for a New Information Collection Package.

Abstract: Sheep and lamb operations are eligible to receive direct payments provided they make certifications that attest to their eligibility to receive such payments. These operations must certify, as appropriate, with respect to: (1) The number of eligible rams purchased; (2) the number of sheep enrolled in an eligible sheep improvement program; (3) sheep and lamb facility improvements; (4) the number and condition of eligible slaughter and feeder lambs marketed; and (5) that the operation is still in the business of agricultural production. The information collection will be used by FSA to determine the program eligibility of the sheep and lamb operation in accordance with this subpart. FSA considers the information collected essential to prudent eligibility determinations and payment calculations. Additionally, without accurate information on sheep and lamb operations, the national payment rate would be inaccurate resulting in payments being made to ineligible recipients, and compromising the integrity and accuracy of the program.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 5 minutes per response.

Respondents: Sheep and Lamb Operations.

Estimated Number of Respondents: 60,000.

Estimated Number of Responses per Respondent: 5

Estimated Total Annual Burden on Respondents: 24,000 hours.

Proposed topics for comment include:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information collected; or (d) ways to minimize the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 and to Grady Bilberry, Director, Price Support Division, Farm Service Agency, United States Department of Agriculture, STOP 0512, 1400 Independence Avenue, SW, Washington, DC 20250-0512 or telephone (202) 720-7901.

Executive Order 12612

It has been determined that this rule does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment. The provisions contained in this rule will not have a substantial direct effect on States or their political subdivisions, or on the distribution of power and responsibilities among the various levels of government.

Immediate Effectiveness of This Rule

It has been determined that this rule should be issued as an interim rule, effective immediately, but subject to modification on the consideration of comments that are timely received. Delaying the implementation of the rule pending comment would be impracticable and contrary to the public interest, based on consideration of the provisions of Section 32 of the Act of August 24, 1935, as amended, the current market situation for lamb meat, and the lack of material adverse effect on other parties.

On July 7, 1999, the President issued a declaration concerning lamb meat that directed the Secretary of Agriculture to implement adjustment assistance programs based on authorized programs to facilitate efforts of the domestic lamb industry to make a positive adjustment to import competition. Market conditions have deteriorated since July 1997. Lamb producers have been some of the hardest hit, suffering major losses during 1997 and 1998 due to record high imports of low-priced lamb meat, so there is a critical need for action. Furthermore, while the need for immediate assistance is critical, potential harm to other parties, resulting from the issuance of this rule as an interim rule is expected to be minimal.

The Small Business Regulatory Enforcement Fairness Act

The finding made above, that this rule should be made effective immediately, applies for all purposes including, but not limited, to the provisions of section 808 of the Small Business Regulatory Enforcement Fairness Act (SBREFA) (5 U.S.C. 808), which provides that a rule may, without regard to certain special Congressional oversight measures provided for in SBREFA, take effect at such time as the agency may determine if the agency finds for good cause that public notice is impracticable, unnecessary, or contrary to the public interest. For the reasons set out, it has been determined that delay would be contrary to public interest and that the rule should be made effective immediately.

Background

Clause (3) of section 32 of the Act of August 24, 1935, as amended, authorizes the Secretary of Agriculture to "reestablish farmers' purchasing power by making payments in connection with the normal production of any agricultural commodity for domestic consumption."

During the past few years a number of factors have produced a serious economic crisis that threatens the existence of sheep and lamb producers throughout the United States. There are an estimated 66,800 sheep and lamb operations in the United States that account for about 1 percent of the value of all U.S. farm production. Sheep and lamb prices, marketings, and production have declined steadily since July 1997. Lamb producers were one of the hardest hit segments of the sheep industry, suffering major losses during 1997 and 1998, when lamb meat imports reached record highs. Threatened by a surge of low-priced, imported lamb meat, many producers have lost the ability to remain

competitive in the domestic marketplace.

This rule addresses that situation by providing for a new program to be administered by FSA utilizing the foregoing authority. Payments to sheep and lamb operations under the program provided for by this rule will offset a portion of the per-head losses producers have incurred marketing their lambs and will help the U.S. lamb industry achieve sustained competitiveness, while respecting international trade obligations. The program will be administered in two parts, one part covering activities occurring in what is referred to in the rule as "Year 1" (the period running from July 22, 1999, and ending September 30, 2000) and the second part covering activities occurring in what are called "Year 2" and "Year 3" in the rules—those being respectively, the periods from August 1, 2000 through July 31, 2001, and August 1, 2001, through July 31, 2002. The rule contemplates that \$30 million will be available for the program and limits expenditures to that amount with a provision for pro-rating payments in any program year in which the funds will be exhausted.

Payments under this new program will provide those eligible for the payments with an immediate infusion of funds to help pay operating expenses and meet other financial obligations. "Year 1" payments will be available to sheep and lamb operations that: (1) Between July 22, 1999, through September 30, 2000, purchased 90 day-old or older rams intended for breeding purposes which the operation held for at least 90 days continuously thereafter and continue to hold or use for breeding purposes, when the payments are to be made; (2) made lamb or feedlot facility improvements during the same period; or (3) in that period, enrolled sheep in an eligible sheep improvement program. The improvement program can be the National Sheep Improvement Program operated by the American Sheep Industry Association, or a similar program, if approved by FSA, to assist sheep and lamb producers by genetically evaluating animals in a flock for maternal, growth, and wool traits or to otherwise provide equivalent benefits to the producer's herd.

"Year 1" facility improvement payments will be made to sheep and lamb facilities only with respect to improvements that will be maintained and used in the sheep and lamb operation for at least the next 3 consecutive years from the date of the completion of the improvements. Eligible facility improvements may include, but are not limited to new and

improved feedlots, lambing sheds, and shearing sheds. Eligible sheep and lamb operations in "Year 1" can receive up to \$100 per eligible ram purchased, not to exceed \$2,500 per operation; \$.50 per head of eligible sheep enrolled in a sheep improvement program, not to exceed \$500 per operation; and 20 percent of the sheep and lamb operation's eligible facility improvement costs, not to exceed \$2,500 per operation. Accordingly, maximum payments to any operation during "Year 1" will be limited to \$5,500 for the three parts of the "Year 1" program. The rule also makes provision for limiting payments for rams to the extent that such purchases would produce a ratio of rams to ewes of less than 1 to 15. In addition, eligible lamb producers must have in 1999 gross annual revenue of \$2.5 million or less. The purpose of this and other limitations on payments is to help target limited financial resources to individual producers who are relatively less able to finance lamb improvements.

For "Year 2" and "Year 3", payments will be made, subject to the availability of funds, with respect to marketings of (1) slaughter lambs and (2) feeder lambs. "Year 2" payments will be made for such marketings during "Year 2" and "Year 3" payments will be made for corresponding marketings in that year. "Year 2" and "Year 3" have been separated so that separate sign-ups can be held, separate payments can be made, and to ease proration problems in the event that the claims under the program should eventually exceed the amount of the available funds.

First, as to "Year 2" and "Year 3" marketings of slaughter lambs, the lambs must have been owned by the lamb-raising operation in the normal course of business for 30 days prior to the qualifying marketing and must produce a carcass which: (1) Grades "USDA Yield Grade 2"; (2) has "USDA Choice or Prime" quality; (3) has a muscling confirmation score of "Average Choice" or better; and (4) has a 55 to 75 pound dressed hot carcass weight.

With respect to the other category of marketings for which "Year 2" and "Year 3" payments can be made, "feeder lambs" are defined in this rule to be either ewes or wethers of less than 1 year of age that when sold are intended to be further fed a grain concentrate diet to reach an acceptable slaughter market weight. Payments for feeder lamb marketings will be made only if the lambs are, at the time of marketing, thick-muscled and large-framed lambs, as described in USDA Standards and were owned by the

operation for 30 days, continuously immediately prior to the qualifying marketing. In addition, lamb producers eligible for payments must have in 1999 and subsequent years, an applicable gross annual revenue of \$2.5 million or less.

Subject to the availability of funds, the per-head "Year 2" and "Year 3" payment rate is set by the rule to be \$5 for each eligible slaughter lamb marketing and \$3 for each eligible feeder lamb marketing. An additional \$3 per slaughter lamb payment will be made for slaughter lambs marketed from June 1 through July 31 of the program year. For slaughter lambs, an Agricultural Marketing Service (AMS) agent or an assigned representative of AMS must verify that lamb carcasses meet the payment criteria. The condition of qualifying feeder lambs must also be certified to by the AMS agent or an assigned AMS representative.

Payments for parts of this program (Years 1–3) are available to all eligible U.S. operations without herd or per operation or per person payment limitations, except as noted.

Eligible sheep and lamb operations making application for payments under this part must self-certify, as applicable:

(1) The number of eligible rams purchased, as well as, information establishing the ratio of rams to ewes on the operation for all relevant times during the program year to which such information applies; (2) the number of sheep enrolled in a sheep improvement program; (3) the lamb or feedlot facility improvements during "Year 1"; (4) the intent to use the improvement for sheep production activities for the next 3 consecutive years; (5) the number of slaughter lamb and feeder lamb marketings that meet the specified criteria; and (6) the operation must also certify that it is still engaged in the business of producing and marketing agricultural products at the time of application for payment. Eligible operations must apply for payments during the sign-up period set by the FSA pursuant to these regulations.

Sheep and lamb operations may, during the applicable period, apply in person at county FSA offices during regular business hours. Alternatively, program applications may be obtained by mail, telephone, and facsimile from their designated county FSA office or obtained via the Internet. The Internet website is located at www.fsa.usda.gov/dafp/psd/.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program.

(1) Purchased rams for breeding purposes within that operation, provided that such rams must have been at least 90 days of age when purchased and must have been, or will be,

maintained by the operation for at least 90 days continuously after the date of purchase;

(2) Enrolled sheep in an eligible sheep improvement program; or

(3) Made sheep and lamb operation facility improvements with respect to their operation.

(b) With respect to paragraph (a)(3) of this section, in order to receive payments, the sheep and lamb operation must submit supporting documentation of the cost of the improvements made to the facility during program "Year 1" and must use facility improvements for sheep and lamb production activities continuously for at least the next 3 consecutive years. Upon a failure to maintain the facility for the full three years, the operation must refund the "Year 1" facility payment immediately and with interest.

(c) With respect to payments made for activities addressed in paragraph (a)(1) of this section, upon any failure to maintain a ram after payment for the full required 90-day period, unless that period has already expired, the operation must immediately refund the payment made and with interest.

§ 784.6 Year 1 rate of payment and limitations on funding.

Subject to the availability of funds and to the proration rules of § 784.10, "Year 1" payments for qualifying operations shall be at the following rates:

FEDERAL ELECTION COMMISSION**11 CFR Parts 100, 101, 102, 104, 109, 114, 9003, and 9033**

[Notice 2000-13]

Electronic Filing of Reports by Political Committees

AGENCY: Federal Election Commission.

ACTION: Final Rules and Transmittal of Regulations to Congress.

SUMMARY: The Federal Election Commission is revising its regulations to implement a mandatory electronic filing system for reports of campaign finance activity filed with the agency. Beginning with reporting periods that start on or after January 1, 2001, all political committees (except the authorized committees of candidates for U.S. Senate) and other persons will be required to file electronically when either their total contributions or total expenditures within a calendar year exceed, or are expected to exceed, \$50,000. The Commission has had a voluntary electronic filing system in place since 1996. Voluntary electronic filing will still be an option for political committees and persons who do not exceed the \$50,000 threshold. This mandatory system is designed to reflect recent changes to the Federal Election Campaign Act of 1971. Further information is provided in the supplementary information that follows.

DATES: Further action, including the publication of a document in the **Federal Register** announcing an effective date, will be taken after these regulations have been before Congress

for 30 legislative days pursuant to 2 U.S.C. 438(d) and 26 U.S.C. 9009(c) and 9039(c).

FOR FURTHER INFORMATION CONTACT: Ms. Rosemary Smith, Assistant General Counsel, or Cheryl Fowle, Attorney, 999 E Street, NW, Washington, DC 20463, (202) 694-1650 or (800) 424-9530.

SUPPLEMENTARY INFORMATION: The Commission is publishing today the final text of new regulations to be added to 11 CFR 100.19 and 11 CFR 104.18 and revisions to the regulations at 11 CFR 101.1, 102.2, 104.5, 109.2, 114.10, 9003.1 and 9033.1 making electronic filing mandatory for certain political committees and other persons. These rules implement provisions of Public Law 106-58, (Pub. L. No. 106-58, 106th Cong., § 639, 113 Stat. 430, 476-477 (1999)) which amended the Federal Election Campaign Act of 1971, 2 U.S.C. 431 *et seq.* ("FECA" or "the Act"), to require, *inter alia*, that the Commission make electronic filing mandatory for political committees and other persons required to file with the Commission who, in a calendar year, have, or have reason to expect to have, total contributions or total expenditures exceeding a threshold amount to be set by the Commission. The final rules announced today set the threshold at \$50,000 per calendar year.

The 1999 amendment to the FECA and the regulations (11 CFR 104.18) maintain the voluntary electronic filing system for political committees or persons who do not exceed, or who do not have reason to expect to exceed, the \$50,000 threshold of financial activity. The Commission encourages committees below these thresholds to voluntarily file their reports electronically.

Public Law 106-58 requires the mandatory system to be in place for reports covering periods after December 31, 2000.

Section 438(d) of Title 2, United States Code and sections 9009(c) and 9039(c) of Title 26, United States Code require that any rules or regulations prescribed by the Commission to carry out the provisions of Titles 2 and 26 of the United States Code be transmitted to the Speaker of the House of Representatives and the President of the Senate 30 legislative days before they are finally promulgated. These regulations were transmitted to Congress on June 16, 2000.

Explanation and Justification

The Commission initiated this rulemaking by publishing a Notice of Proposed Rulemaking ("NPRM") in the **Federal Register** on April 11, 2000, 65
