Information Collection Request Title: Family Planning Annual Report: Forms and Instructions.

OMB No.: 0990–0221.

Abstract: The Office of Population Affairs (OPA), Office of the Assistant Secretary for Health (OASH), U.S. Department of Health and Human Services (HHS) administers and oversees the Title X Family Planning Program. The Family Planning Annual Report (FPAR) is an annual reporting requirement for family planning services delivery projects (“Title X service grantees”) authorized and funded by the Title X Family Planning Program [“Population Research and Voluntary Family Planning Programs” (Pub. L. 91–572)], which was enacted in 1970 as Title X of the Public Health Service Act (Section 1001 of Title X of the Public Health Service Act, 42 United States Code 300). The Title X Family Planning Program is the only Federal grant program dedicated solely to

providing individuals with comprehensive family planning and related preventive health services.

The FPAR, the only source of annual, uniform reporting by all Title X service grantees, provides consistent, national-, regional-, state-, and grantee-level data on the services provided and the characteristics of the individuals served. OPA uses FPAR data to monitor compliance with statutory requirements and accountability and federal performance requirements for Title X family planning funds as required by the 1993 Government Performance and Results Act (GPRA) and HHS, to guide financial and program planning and evaluation, and to respond to inquiries about the program from policymakers and Congress. Note that there are no changes to the FPAR except minor corrections or clarifications to submission and reporting instructions or definitions. The estimated average hour burden has been reduced to 36 hours, which is 4 hours lower than the 40-hour estimate of the previous OMB submission.

Need and Proposed Use of the Information: The program’s purpose is to assist individuals in determining the number and spacing of their children. It is designed to provide access to contraceptive services, supplies, and information to all who want and need them. By law, priority is given to persons from low-income families
