It is stated that the facilities that are the subject of this application were initially constructed in order to connect gas supplies to the systems of FGT and SNG for rendering their merchant functions. Since FGT and SNG ceased making sales of gas, deliveries through these facilities have dramatically declined. Thus, these facilities have been underutilized for a number of years.

The Applicants further state that the abandonment and sale of these facilities will eliminate the inefficiencies of under-utilization, reduce operation and maintenance costs, reduce rate base and avoid potential stranded costs while firm service from and to primary points will be maintained by FGT and SNG.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 1, 2000, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party

to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Applicants to appear or be represented at the hearing.

Secretary.
