

and informational impacts of this action on small businesses.

This action imposes no additional reporting or recordkeeping requirements on either small or large Washington-Oregon fresh prune handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

The Department has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined upon good cause that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice prior to putting this rule into effect, and that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because: (1) The 2001–2002 fiscal period began on April 1, 2001, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable fresh prunes handled during such fiscal period; (2) the action decreases the assessment rate for all assessable fresh prunes beginning with the 2001–2002 fiscal period; (3) handlers are aware of this action which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years; and (4) this interim final rule provides a 60-day comment period, and all comments timely received will be considered prior to finalization of this rule.

List of Subjects in 7 CFR Part 924

Marketing agreements, Plums, Prunes, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 924 is amended as follows:

PART 924—FRESH PRUNES GROWN IN DESIGNATED COUNTIES IN WASHINGTON AND UMATILLA COUNTY, OREGON

1. The authority citation for 7 CFR part 924 continues to read as follows:

Authority: 7 U.S.C. 601–674.

2. Section 924.236 is revised to read as follows:

§ 924.236 Assessment rate.

On and after April 1, 2001, an assessment rate of \$1.00 per ton is established for the Washington-Oregon Fresh Prune Marketing Committee.

Dated: August 7, 2001.

Kenneth C. Clayton,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 3410–02–P

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs.

25 CFR Part 151

Acquisition of Title to Land in Trust; Delay of Effective Date

AGENCY: Bureau of Indian Affairs.

ACTION: Delay of effective date of final rule.

SUMMARY: This action temporarily delays for 90 days the effective date of the rule titled “Acquisition of Title to Land in Trust,” that we published in the **Federal Register** on January 16, 2001. We have extended the effective date of this rule by similar action on April 16, 2001.

DATES: The effective date of the Acquisition to Title to Land in Trust rule, amending 25 CFR Part 151, published in the **Federal Register** on January 16, 2001 (66 FR 3452), delayed by a rule published February 5, 2001 (66 FR 8899), corrected by rules published February 20, 2001 (66 FR 10815) and June 13, 2001 (66 FR 31976), delayed by a rule published April 16, 2001 (66 FR 19403), is further delayed from August 13, 2001, to November 10, 2001.

ADDRESSES: Submit any correspondence of concern or clarification regarding the delay of the effective date of this rule to: Terry Virden, Director, Office of Trust Responsibilities, MS 4513 MIB, 1849 C Street, NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Terry Virden, Director, Office of Trust Responsibilities, MS 4513 MIB, 1849 C Street, NW, Washington, DC 20240; telephone 202/208–5831.

SUPPLEMENTARY INFORMATION: This action temporarily delays for 90 days the effective date of the rule entitled “Acquisition of Title to Land in Trust,” published in the **Federal Register** on January 16, 2001, at 66 FR 3452, and which has had a prior extension of effective date published in the **Federal Register** on April 16, 2001. This document now extends the effective date of the final rule from August 13, 2001, to November 10, 2001, in order to continue to review comments that were received from the prior extension. The rule and received comments are being evaluated at this time to determine whether to amend the final rule in whole or in part. Given the imminence of the effective date of the final rule, seeking prior public comment on this temporary delay would have been impractical, as well as contrary to the public interest in the orderly promulgation and implementation of regulations.

The Department is publishing a Notice of Proposed Withdrawal in this issue of the **Federal Register** that will seek comments on whether this rule should be withdrawn and a new proposed rule promulgated which better addresses the public’s continued concern with the procedures set out in 25 CFR Part 151.

Dated: August 8, 2001.

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[PA–4137a; FRL–7033–7]

Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; VOC RACT Determinations for Two Individual Sources in the Pittsburgh-Beaver Valley Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve revisions to the Commonwealth of Pennsylvania’s State Implementation Plan (SIP). The revisions were submitted by the Pennsylvania Department of Environmental Protection (PADEP) to establish and require reasonably available control technology (RACT) for two major sources of volatile organic
