

waives the 15-calendar day notification requirement. This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) (Title 5 United States Code (U.S.C.), Appendix), the Government in the Sunshine Act (Title 5 U.S.C., Section 552b), and Title 41 Code of Federal Regulations (CFR), Sections 102–3.140 and 102–3.150.

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD's scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB's mission. DSB membership will meet to discuss the 2022 DSB Summer Study on Technology Superiority ("the Summer Study").

Agenda: The DSB meeting on the Summer Study will begin on July 12, 2022 at 8:00 a.m. with administrative opening remarks from Mr. Kevin Doxey, the Executive Director and Designated Federal Officer, and a classified overview of the objectives of the 2022 Summer Study from Dr. Eric Evans, the DSB Chair. Next, the DSB members will meet in a plenary session to discuss classified concepts, capabilities, and strategies that may enhance the military technological advantage of the United States. Following a break, the DSB members will continue to meet to discuss classified concepts, capabilities, and strategies that may enhance the military technological advantage of the United States. The meeting will adjourn at 5:00 p.m. On July 13, 2022, beginning at 8:00 a.m., the DSB members will again meet to discuss classified concepts, capabilities, and strategies that may enhance the military technological advantage of the United States. Following a break, the DSB members will meet in a plenary session to discuss classified concepts, capabilities, and strategies that may enhance the military technological advantage of the United States. The meeting will adjourn at 4:00 p.m.

Meeting Accessibility: In accordance with Section 10(d) of the FACA and Title 41 CFR, Section 102–3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense for Research and Engineering, in consultation with the DoD Office of the General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by title 5 U.S.C., section 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security

concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense for Research and Engineering.

Written Statements: In accordance with Section 10(a)(3) of the FACA and Title 41 CFR, Sections 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO provided above at any point; however, if a written statement is not received at least three calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.

Dated: July 11, 2022.

Kayyonne T. Marston,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Availability of Record of Decision for the Point Mugu Sea Range Environmental Impact Statement/ Overseas Environmental Impact Statement

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: Notice of Availability.

SUMMARY: The United States Department of the Navy, after carefully weighing the strategic, operational, and environmental consequences of the Proposed Action (Point Mugu Sea Range Final Environmental Impact Statement/ Overseas Environmental Impact Statement (EIS/OEIS), published in the **Federal Register** on January 7, 2022), is announcing its decision to continue military readiness activities and increase research, development, acquisition, testing, evaluation, and training activities in the Point Mugu Sea Range as identified under Alternative 1

in the Point Mugu Sea Range Final EIS/OEIS.

ADDRESSES: The complete text of the Record of Decision (ROD) is available on the project website at www.pmsr-eis.com, along with the January 2022 Final EIS/OEIS and supporting documents. Single copies of the ROD are available upon request by contacting: Commander, Naval Air Warfare Center Weapons Division, Range Sustainability Office/ Environmental, Code EB2R00M, 575 I Ave., Suite 1, PM53A, First Floor Room 101 (M/S0460), Point Mugu, CA 93042–5049, Attention: Point Mugu Sea Range EIS/OEIS Project Manager.

SUPPLEMENTARY INFORMATION:

Implementation of Alternative 1 (Preferred Alternative) will enable the Navy, other U.S. military services, and its allies to meet their respective missions. The Navy's mission, under Title 10 United States Code (U.S.C.) Section 5062, is to maintain, train, and equip combat-ready military forces capable of winning wars, deterring aggression, and maintaining freedom of the seas. Alternative 1 includes activities that are the same or similar to those currently occurring, but that would occur at a more frequent level. Alternative 1 is based on increasing requirements to meet the current geopolitical environment, and supports the full spectrum of potential testing and training necessary to respond to a national emergency or crisis. The Navy will continue to implement the full suite of mitigation measures detailed in Chapter 5 (Standard Operating Procedures and Mitigation Measures) of the Point Mugu Sea Range Final EIS/OEIS to avoid or reduce potential environmental impacts during testing and training activities.

Dated: July 8, 2022.

J.M. Pike,
Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.
